To What Length Will They Go.

Before the beginning of the campaign when Governor Kitchin outlined his plan of warfare, we knew the campaign would be one out of which no good could grow to the Democratic party and we have not been mistaken. The Simmons people, in self-defense, have had to parry thrusts. They have contented themselves with that. The situation has permitted of no attempt at the preservation of party harmony but the retrospect that is to be written will show that the disturbance within the party was forced by Governor Kitchin and his friends. As the election has drawn nearer, that have become only the more recklessly disregardful of the interests of the Democracy of the State. Governor Kitchin will not only be badly defeated in his covetous designs upon Senator Simmons' seat, but he is going to strew the State with party wreckage which the managers in the next campaign will have a sad time in assembling and putting into shape again. We want to see to what length they will go in this battering up of the household furniture of the State Democracy. It is an interesting process and we shall not be glad when the arrival of November 5 will call time on it.—Charlotte Observer.

Qualified as an Expert.

A correspondent from Goldsboro of the 9th says: Yesterday in the Superior Court of Wayne county, Judge Ferguson presiding, during the trial of a young man from the Fremont section of the county, who through his counsel, E. W. Hill, had put in the plea of insanity, and had among his witnesses to establish the mental condition of his client that excellent physician and enthusiastic Simmons Democrat, Dr. Hayes. After Mr. Hill had qualified the doctor as an expert, and examined him, he turned him over to Mr. W. T. Dortch for cross examination.

Mr. Dortch is also an ardent supporter of Senator Simmons, and after asking the doctor one or two questions, he fixed him with his eye, and said, "Now, Doctor, I have one more question to ask you, and if you answer it correctly I will not continue my cross-examination." The doctor threw himself back, grabbed his chair with one hand, and the railing in front with the other, and settled himself for an abstruse question on medical jurisprudence when Mr. Dortch asked:

"Who, in your opinion, will be the next Senator from the State of North Carolina?"

Quick as a flash came the answer, "Senator F. M. Simmons."

"Right you are," said Mr. Dortch, as he gracefully waved him off the stand, while court joined in the hearty laughter that followed.

A Dozen Reasons Why

You should vote for next President Wilson. Because:

1. He is the only candidate for President who represents the real, the vital and the effective progressive forces in this country.
2. He stands for tariff revision downward in the interest of lower prices and the elimination of monopoly.
3. He stands for trust legislation which will prevent the control of prices through any sort of monopoly.
4. He stands for the income tax and believes that wealth should share the burdens as well as the blessings of government.
5. He stands for the rights of labor and the protection of the man who earns his bread by the sweat of his

brow, as shown in his record as Governor of New Jersey.

6. He stands for the revival of our merchant marine, and for the government encouragement of agriculture, industrial and vocational education.

7. He trusts the people and believes that the governed should govern; and that Senators should be chosen by the people.

8. He faithfully performs in office the promises made out of office.

9. He will "Clean House" at Washington as he has "Cleaned House" in New Jersey.

10. He preaches and practices clean politics, and practices it effectively. He unalterably opposes machine politics and the rule of the bosses.

11. He stands for legitimate big business every day, but for monopoly never.

12. As Senator LaFollette says, "He approaches every problem with the solemn promise to be really, in the highest sense, a servant of the people."

The following items are taken from a sketch of Mark Sullivan in "Who's Who in America?":

"Sullivan, Mark, born in Avondale, Pa., Sept. 10, 1874. . . . Half owner of Daily Republican, Phoenixville, Pa. Associate editor Collier's Weekly and member of Republican Club. Address 116 W. 13th Street, New York."

This is the Republican fellow who attacked Senator Simmons in Collier's Weekly, which the Kitchin manager is sending over the State to try to induce Democrats to vote against him.

A newspaper offered a prize for the best answer to the conundrum, "Why is a newspaper like a woman?" The prize was won by a lady who sent in the following: "Because every man should have one of his own and not run after his neighbor's."
