

Revenue and Taxation.

Following is the proposed amendment to the State constitution relating to revenue and taxation:

Section 1. Taxes shall be imposed only for public purposes by and with the consent of the people or their representatives in the general assembly.

Sec. 2. The general assembly may, consistent with natural justice and equity, classify subjects of taxation; and all taxes shall be uniform upon the same class of property within the territorial limits of the authority levying the tax; provided that no income shall be taxed when the property from which the income is to be derived is taxed, and, consistent with natural justice and equity, the general assembly may separate subjects of taxation for State and local purposes.

Sec. 3. If the subjects of taxation be separated for State and local purposes, in a manner not allowed by law immediately prior to the adoption of this amendment, no part of the ad valorem tax on real estate, except the real estate of public service corporations, shall be applied to State purposes.

Sec. 4. The power to tax shall not be surrendered, suspended or contracted away, but properly belongs to the state, a county or a municipality shall be exempt from taxation, and the general assembly may exempt cemeteries, property held and used for educational, scientific, literary, charitable or religious purposes; and also personal property of a natural person of a value not exceeding three hundred dollars.

Sec. 5. The ad valorem taxes on real estate or personal property shall not exceed for all State and county purposes fifty cents per annum on the one hundred dollars assessed valuation of such property, unless a greater rate be approved by a majority of those who shall vote at an election held thereon. The ad valorem taxes collected on real estate and personal property by cities and towns shall not exceed, for all purposes, seventy-five cents per annum on the one hundred dollars assessed valuation, unless a greater rate be approved by a majority of those who shall vote at an election held thereon. Provided, that these limitations on the rate of taxation shall not apply to taxes necessary to pay debts contracted prior to the adoption of this amendment, nor to taxes heretofore authorized by vote of the people.

Sec. 6. The general assembly may provide for a capitation tax on every male inhabitant of the State over twenty-one and under fifty years of age, but not exceeding two dollars per annum for all purposes. The general assembly may also provide, by general law, for the exemption from payment of said capitation tax in special cases on account of poverty and infirmity.

Sec. 7. The general assembly shall have no power to contract any new debt or pecuniary obligation in behalf of the state, except to supply a casual deficit, or for suppressing invasions or insurrections, unless it shall in the same bill levy a special tax to pay interest annually, and provide therein for the levying of tax for the payment of the principal by the date such debt matures. The general assembly shall have no power to give or lend the credit of the State in aid of any person, association or corporation, unless the subject be submitted to a direct vote of the people of the State and be approved by a majority of those who shall vote thereon.

IN HENDERSON

Statements of Henderson Citizens are Always of Interest to Our Readers.

To many of our readers the streets of Henderson are almost as familiar as those of our own town, and we are naturally interested to read of happenings there. The following report from a well known and respected resident will be helpful to numbers of men and women here in Oxford.

O. P. Wortham, Garnett St., Henderson, N. C., says: "Weak kidneys troubled me a great deal and the kidney secretions were to frequent in passage. I suffered constantly from backache and pains across my loins and I felt all run down. Doan's Kidney Pills entirely relieved the aches and pains. The testimonial I have given before, still holds good."

ICE Honest Now, Are You Not Always Glad to See our Wagon You may fret when it is late and may be tempted to think unkind things about us, but when the wagon turns the corner does not the sense of relief which you experience show how truly welcome the coming of the wagon is. In most cases when the wagon is late in reaching your door it is because some customers on your route have held it back, and their thoughtlessness, while unintentional, makes you suffer. We are quite sure that you would not knowingly delay the ice wagon on its way to homes where sickness and suffering prevail. On the contrary, if you could speed it along, you would. There is scarcely a day in which the wagon on your route does not go to homes where anxious mothers are watch for it with heavy hearts. You can speed the wagon by answering the call promptly, by having the road clear to the refrigerator, by having the change or the coupon in hand, and in other ways which your own intelligence will suggest. We know you are going to act on this hint now and hereafter. Thank you! Oxford Ice Co. PHONE 132 OXFORD, N. C.
