

FACTS IN THE CASE.

THE POWER INVESTED IN THE BOARD

Have They Measured Up to the Expectations of Their Friends?

No, we do not propose to attack the Board of Commissioners for selecting and working certain streets of Oxford. So commonly is this practice indulged in that those who view such attacks as listeners or readers, pay attention only to the position or to the vehemence of the "reformer," as either in accordance or discordance with their desires, accepting or rejecting his conclusions as they agree with or depart from their own assumptions.

The Board is the creature of the qualified voters of Oxford, empowered by the State to work such streets as they may designate and at such time as they may elect. The legitimate basis for an attack upon the Board is not what others assume to be correct, but it is necessary that there should be shown to exist actual invasion of rights which make them indubitable by their transgressions of the rules formulated by some authority from whose precepts there can be no escape without the commission of an obvious defeasance of some axiomatic truth.

A number of citizens are disposed to criticize the action of the Board in tearing up Spring street, but the legitimate course in the determination as to whether there exist a proper basis for an attack is that of carefully determining whether they have invaded the rights of the people. That is the status of affairs.

According to our opinion the best thing to be done under the circumstances is to sell the bonds as quickly a possible and put a strong force of hands to work in various parts of the town and not spend it all in one spot. And let others enjoy the benefit.

Circus This Saturday

The combination of the Young Buffalo Wild West, Vernon C. Seaver's Hippodrome and Col. Cummins Far East, which will show in Oxford twice this Saturday brings together three of the most pleasing and up-to-date forces of tented amusement of modern times, each in itself complete.

It would be hard to find more up to the minute amusement than that afforded by the combination of Wild West, Hippodrome and Far East, embracing as it does the most entertaining and diversified features in existence.

Besides the true American pioneer, who is shown with careful attention to accuracy in every detail of his eventful life, and the Indian in every phase of life, both in war and peace, there will be presented a vast concourse of cowboys, cowgirls, Mexican vaqueros and rurales, rough-riding and broncho busting, trick and fancy roping and shooting. This latter feature is featured in stellar manner by the world renowned Annie Oakley, champion rifle shot, who will give a remarkable demonstration of rifle and revolver marksmanship, unequalled by the efforts even of the early plainmen, who had to shoot quickly and accurately to preserve their lives. These and various other acts, each the premier of its class, make up the Wild West section of this extraordinary combination of exhibitions.

FRFISH ALL PORK SAUSAGE
18 cents per pound.

NOTICE OF MILLINERY OPENING AT LONG CO.

We are pleased to announce to our friends of Oxford and Granville county that our fall millinery opening will be on Friday and Saturday, September 26th and 27th. We want you to come out and see a great display of the newest and most stylish array of hats we have ever shown.

THE LONG COMPANY.

SHORT LOCAL PICK-UPS

GATHERED FROM THE TOWN AND COUNTY

About People and Things That Are of Interest to Our Readers.

The rain has come at last and settled the dust.

The Public Ledger has added 21 new subscribers to its list thus far this month.

The Orpheum Theater is proving a very popular resort for our people. Have you been out yet?

Poor Eve must have found life awfully monotonous with no other woman to envy or be jealous of.

And don't you forget that the County Fair will be held on October 15th and 16th, and get your exhibit ready.

We believe the entire county would rejoice at having a Farmers Creamery in Oxford and the world would be the happier thereby.

One of the old mulberry trees on Main street, which was partly destroyed by the recent storm, succumbed to the axe Wednesday.

If you wish to keep posted on what is going on in the county subscribe to the Twice-a-week Public Ledger for the low price of \$1 a year.

An exchange says, "A one man governed town is alright so long as that man will judge things with a public spirit and not a personal desire."

What did the old man use to think of the "Mother Hubbard" dress that had no waist and just enough neck and sleeves to hold it on the wearer?

The Superintendent's dwelling at the new County Home will soon be completed, so we learn from Commissioner Ike Breedlove, who was in Oxford Wednesday.

Our numerous chicken raisers are very much interested in the enlargement of the Fowl Exhibit Building at the Fair Ground, as they did not have room enough last year to show their stock to advantage.

We hope those who are banking on a mild winter will not miss it, but we have doubts. In any event it is a good time right now to buy coal and Oxford Ice Co. is ready to supply you. It will keep until next year if not needed.

Housekeepers are especially asked to read the important change in the advertisement of Cannady & Alston, the cash grocery men, who will save you money. Hunt up the ad on another page and read their excellent message to you.

Miss Mary Shaw left Wednesday morning for Hollis College, Va., and Miss Francis Abbott left Friday morning for the State Normal at Greensboro. She was accompanied by Miss Josephine Brown who continued her trip to Winston.

What farmer in the county is it that wants to ride out of Oxford in the Public Ledger's prize 2-horse wagon with new harness on his team? Somebody must have them; why not you? Go to work and get your neighbors to help you out.

Don't subordinate your independence on any account, but have the frame of mind to proclaim: "No glory I covet, no riches I want, Ambition is nothing to me; One thing I beg of heaven to grant Is a mind independent and free."

Tobacco continues to roll in on the Oxford market and is selling high. We heard a farmer say on the Owen Warehouse floor Thursday morning that he was greatly pleased at the price his load brought, as it was more than it was worth.

On Friday night, September 25, at 7:30 o'clock Prof. Collier Cobb, of Chapel Hill, and using a magic lantern will give an illustrated lecture at the Browning Graded school near Oxford. Small admission fee will be charged except for scholars.

OUR STOCK IN TRADE.

A FEW THINGS WORTHY OF CONSIDERATION

Plants That Could Be Established With a Fair Promise of Success.

It is necessary to set forth the things we have to properly determine what is needed to build up Oxford. We have three banks, building and loan association, four tobacco warehouses, furniture factory, cotton mill, woodworking plant, three newspapers, two job printers, seat factory, three buggy factories, machine shop, electric power, gas, telegraph, local and long distance telephones, hotel, two railroads, dust down factory, and wheel factory. Oxford has a population of 4,000 people, thus it will be seen that we need several diversified manufacturing plants, with substantial payrolls, employing several hundred people to strengthen the already established channels of trade.

The true basis of our prosperity depends on securing more manufacturing enterprises. Among the large number of manufacturing plants that would flourish here we submit the following: wagon factory, overall factory, shaft factory, harness factory, hosiery mill, and a plant to build brick machinery. We see no reason why we could not establish here in Oxford one of the largest herbariums in the world, and a sanatorium and hospital could be successfully established here.

A small booklet of eight pages containing a lot of valuable information about Oxford and Granville county, concisely and conservatively stated—just what an outsider would want to know without tiresome detail, would be an excellent advertisement for the town and county. The booklet should stipulate among other things that Oxford is a healthy town and that it should appeal especially strong to the man who desires to live and raise his family in an atmosphere of cleanliness of life; educational facilities; low rate of taxation, etc. It should state that there is an abundance of pure water to drink and as a whole, one will come as near living his allotted time here as any where and enjoy good health while he lives.

Place to Buy Your Wagon.

We call the special attention of our many readers to the important change in Horner Bros. Co's advertisement on another page. If you need a wagon the Nissen wagon is one of the best made, and are durable and Horner Bros Co, is the place to buy one.

Reredos Put Up.

The handsome Reredos has been placed in St. Stephen's Episcopal Church and makes a beautiful background to the altar. Mrs. Henry Cooper has charge of the work of the Altar Guild, and to her untiring energy is due the accomplishment of placing the Reredos.

High Averages.

On Wednesday the following fine sales were made at the Owen warehouse, which speaks well for the Oxford market:

Brook & Cozart captured \$23, 30, 28.50, 40, 26.50, 15.75.

George Whitfield eagerly pocketed \$15.75, 22.50, 29, 47.50, 30 and 21.50.

G. C. Loyd stepped up and took in \$10.75, 23.50, 33, 29, 20.

G. D. Dickerson located in his jeans \$14, 16.75, 27, 38, 30, 27.50.

Large Enrollment

The unusually large enrollment of scholars in the primary grade of the Oxford Graded School made it necessary to add another primary grade and Mrs. Graham Robards, who formally taught in the school, was elected to take charge of the new primary department. The choice of Mrs. Robards was a wise selection and meets with general approbation. She has proven her capacity as teacher throughout her experience and is one of Oxford's most deserving women.

POINTS TO GRANVILLE

CAPT. W. A. DEVIN AND THE JUDGESHIP

The Governor Recognizes the Splendid Worth of the Granville Man

The resignation of Judge Howard Alexander Foushee, to take effect September 21, was telegraphed to Governor Craig Wednesday night. Judge Foushee gives as the cause of his resignation his ill health, saying that he finds it impossible to keep up his work in the manner he would like to. He speaks of the pleasure he derived while serving on the bench and gives up the work, on his doctor's advice, in order to regain his health.

It is positively known that Governor Craig appreciates the valuable service of Capt. W. A. Devin, of Granville, and recognizes in him the splendid equipment for the bench. In looking over the legal ability of the Tenth Judicial District to fill the bench vacated by the resignation of Judge Foushee the friends of Devin say he will be found very close to the top of the list.

There is a very tender spot in Governor Craig's heart for Oxford and Granville county, which dates back to the time of his cadetship at Horner's Military School, and is thought that the Governor will not let an opportunity pass to honor the county.

The appointment of Capt. Devin to fill out the unexpired term of Judge Foushee would give universal satisfaction to the bar and to his many friends throughout the county and State.

The following committee went to Raleigh Friday morning to see Governor Craig in the interest of Capt. W. A. Devin's appointment of Judge: B. S. Royster, A. A. Hicks, A. W. Graham, John W. Hester, A. H. Powell and R. H. Lewis. Solicitor Gattis, of Hillsboro, is also a candidate for the appointment.

Growing in Favor

Interest in the Southern Beauty Musical Company, now filling a week's engagement at the Orpheum Theatre is unabated. The seating capacity of the popular play house is generally taken by the time the curtain rises. The pictures are fine.

The Girls Club.

The young girls club was entertained Tuesday afternoon by Miss Georgia Winston at the home of Mrs. Marion Taylor. Three tables of Rook were arranged and the young people enjoyed the game, after which refreshments of elegant cake and chocolate were served.

Fine Representative.

At a meeting of Granville Grays Chapter United Daughters of the Confederacy held at the home of Mrs. E. H. Crenshaw Mrs. William Landis was elected to represent the Chapter in October at the convention to be held in Tarboro. Mrs. Landis is always enthusiastic in the work of the daughters of Confederacy and will make a most worthy representative.

IMPORTANT NOTICE TO HOUSE-KEEPERS.

We beg to advise every house-keeper in Granville county and the community at large that we shall at all times meet any prices given you at "cut rate" stores and assure you that a dollar will go just as far when making purchases from us as any place you may wish to go. Knowing we are in a position to purchase goods as cheap as our competitors, and we do at all times intend to meet their prices on all articles they have seen fit to cut prices. Thanking you for your past patronage and soliciting your future business, we are,

Yours for square dealing,
Taylor Brothers,
Breedlove & McFarland,
L. Thomas.

FOR SALE—One and half horse power motor and ironing machine. K. D. Gentry. Oxford. 1t.

MOVEMENT OF PEOPLE.

SOME YOU KNOW AND SOME YOU DO NOT KNOW

Personal Items About Oxford Folks and Their Friends in General.

James Mitchell, one of the coming young farmers of Wilton, was on the tobacco market Thursday and was highly pleased with prices he received for his tobacco.

BETTER BABY CONTEST

TO BE HELD AT FAIR THIS YEAR

Read the Classification and See if You Have a Prize Winner at Home

Yes, Granville County must have its "Better Babies" too. This widespread movement, gaining in force each day, has reached our little corner of the world and Granville is going to have its baby health contest just like all the rest. We have had our stock exhibit each year at the County Fair, and each year shows up one better; then why not have a human stock exhibit and each year one better? Not the old-time baby show, or beauty contest, but a genuine health contest in which the little scraps of humanity will be carefully gone over, weighed, measured and examined in detail, both mentally and physically by physicians who know.

Now possibly the question will come up, how does a physician know? How can he tell just by looking a child over whether it is strong or weak? We quote from one of our leading magazines as follows: "A physician scores a baby in precisely the same way a judge of experience scores cattle, horses, and hogs, and a gem expert scores diamonds. It is just necessary to establish a standard and then to compare each entry or specimen with what is known as a one hundred per cent, or perfect product. The normal or perfect child presents the following physical points, counting that a girl baby weighs one pound less: Average height, weight, and circumference of head and chest of boys at birth—weight 7 1-2 pounds, height 20 1-2 inches, chest 13 1-2 inches, head 14 inches. One year old—weight 21 pounds, height 29 inches, chest 18 inches, head 18 inches. Two years—weight 26 1-2 pounds, height 32 1-2 inches, chest 19 inches, head 19 1-4 inches.

At our county contest uniform score cards will be used and entry blanks will be furnished to mothers later, a date and place will be named in these columns, both for entering and judging the babies. There will be no fee charged and the only conditions are that the babies must not have no contagious disease and be within the age limit—from six months to three years of age. Mothers will find out the defects in their babies and the wise mother is she who endeavors to correct such defects in time.

The classification for entries and prizes is as follows: Class 1. Boy, six months and under twenty-four months of age, \$5.00 offered by the Granville County Agricultural Association. Class 2. Boy, twenty-four months and under thirty-six months of age, \$5.00 offered by the Granville County Agricultural Association. Class 3. Girl, six months and under twenty-four months of age \$5.00 offered by the Woman's Civic Club, of Oxford. Class 4. Girl, twenty-four months and under thirty-six months of age, \$5.00 offered by the Woman's Civic Club of Oxford. Championship prize, highest scoring boy or girl any class, child's bed valued at \$13.00 offered by J. Robt Wood. The baby winning the championship prize is not entitled to any of the \$5.00 prizes named above. It is hoped to add other prizes to the list later.

Fall Proclamation

The three column proclamation of Landis & Easton published on the last page of this paper is of interest to every man, woman and child in Granville county. They did some close buying in the northern markets and they propose to give their customers the benefit of their foresight. Their two big stores are full to overflowing with the latest and best that could be found in the markets.

MILLINERY OPENING.

Mrs. T. Lanier invites the ladies to see the grand display of pattern hats Friday and Saturday, September 26th and 27th. 2t
