Mr. Farmer in your hurry to sell tobacco don't forget your exhibit for the County Fair on October 15th and 16th.

Huyler, the candy manufacturer, left an estate of \$3,000,000. He catered to the sweetheart trade and made most every sporty fellow contribute to his wealth.

Wisconsin has passed what is known as a "gossip law," and one man has already been indicted. Every State in the Union should have such a law for gossip, like a snow ball, gathers and enlarges the further it goes.

Gov. Craig has pardoned Rev. R. L. Davis the Anti-Saloon League man convicted in Wake Superior Court of hitting a man with a whiskey bottle. The Governor took the ground that he was wrongly convicted in the first instance.

Gabe E. Parker, a Choctaw Indian, of Academy, Oklahoma, the first of his race to be Register of Treasury, has been sworn into office. His signature will appear on all currency. He declared he regarded his appointment as a signal recognition of the red men.

When the new Currency Bill becomes a law John Skelton Williams, of Virginia, Assistant Secretary of the Treasury, will become Comptroller of the Currency. The position will pay ten thousand a year under the new currency bill, just double what the Assistant Secretaryship pays.

The Greensboro Record congratulates Mr. W. A. Devin on his appointment as judge to succeed Judge Foushee, resigned. Greensboro feels as if she really had two judges. Mr. Devin having lived here for many years. He is young, vigorous, full of ambition and will make a fine judicial officer.

In Illinois the Cook County Democrats have begun to organize the women vote and are working out a campaign of social political activity. The secretary of the county committee plans to have ward dances at intervals in Chicago to be supplemented by precinct card parties, precinct musicales, receptions and the like.

George E. Nissen, one of Winston-Salem's pioneers in the business world and a highly respected citizen, died last Friday after an illness lasting several weeks with Bright's disease. It was largely through his mechanical genius that the fame of the Nissen wagon was gradually extended over this country and into foreign lands.

Lucky Negro Girl.

A negro girl, 10 years old, will pay the largest income tax in Oklahoma. Sarah Rector, who lives just West of Muskogee, has an income of more than \$112,000 a year. It is the old story of the lucky allottee and the oil well. Sarah is the descendant of a Creek freedman. She had nothing to do with the selection of her allotment and probably has never seen it and does not know where it is. But it is 160 acres of land and upon it has been drilled the biggest producing well in the mid-continent field. The well is producing more than \$2,500 a day, and Sarah gets one-eighth as her part.

Holds High School Record.

Dr. P. P. Claxton, United States Commissioner of Education, has declared that the work of the Sumter, S. C., public schools is "truly remarkable" in the number of students that go right on through the school to graduation. This school probably holds the record for the United States. There are 63 pupils in the first year high school, 63 in the second, 60 in the third, and 55 in the fourth year. Last year there were 53 graduates and 40 of them went to college and perfectly prepared. Superintendents who are troubled with the question, "How to hold boys in the high school" should write to Superintendent S. H. Edmonds, Sumter, S. C.

Let Granville Have Creamery

It would be a good idea to see if it is possible and desirable to establish a creamery for Granville farmers. The co-operative creamery has succeeded admirably in Catawba county, and there is good reason to believe that the same can be made a most helpful agency with us, so it would not be amiss for some one to undertake an investigation with a view of establishing a co-operative Creamery in Granville county.

In fact the establishment of creameries in various counties of the State to aid in furnishing an adequate supply of butter for consumption in North Carolina bids fair to become an industry of no small importance. Such items as the following from the Charlotte Chronicle shows that there is an ample field for this kind of thing at the present time:

"One thousand tubs of Elgin butter, containing 30,000 pounds, have just been shipped to a cold storage plant at Wilmington and will, of course, be used to supply the trade in that city. This shipment is a very small part of the total amount of butter the city of Wilmington imports. The price will average probably more than 33 1-2 cents a pound, so that ten thousand dollars goes out of Wilmington for this single consignment."

It is law now for wagons, buggies, carriages, automobiles and vehicles of any kind to give half of the road. In other words one half of the road belongs to the man we meet on the highway, no matter how he is traveling. If all parties will do their duty and each respect the rights of the other we need have no trouble on our roads. A few do not do this and this is what causes trouble.

FOR SALE—Fine tobacco farm in the best tobacco section of Vance county six miles from Henderson. Splendid four room house, three new barns, outhouses, etc. Will give good time on land for good security. Phone or write E. G. Landis, Henderson, N. C. s.20-tf.

Larger School Districts.

We do believe that before a few years will have passed the country schools will have disappeared and the little school districts with them. People will realize that it does not cost any more to carry children to school in comfortable wagons than to keep them in little inefficient schools. The larger the school district the larger the revenues. The larger the revenues the better the school teachers that are hired. The better the school teacher the better the school.

With the adoption of this system in a few years it will be rare to find a white child that can not read or write. People have awakened to the fact that the man who does not educate his child properly sends it in the world without a chance to meet that world. The uneducated child is condemned by his parents to everlasting toil and inefficiency, and to condemn a boy or girl to everlasting ignorance is an awful sentence. Sometimes that fearful sentence falls from the lips of parents. If there is still one man in Granville county, who does not send his children to school, let him sit down and reflect. If he thinks one solid hour he will have his child in school the next morning.

DON'T TAKE THE WRONG MEDICINE

If Your Liver Gets Lazy You Need a Liver Tonic, Not Merely a Laxative for the Bowels.

Many people take a simple laxative when their liver gets sluggish rather than take calomel, which they know to be dangerous. But a mere laxative will not start a sluggish liver. What is needed is a tonic that will live up the liver without forcing you to stay at home and lose a day from your business.

You have such a tonic in Dodson's Liver Tonic. Dodson's Liver Tonic must be all they claim for it because they guarantee it to take the place of dangerous calomel and agree to hand back the money with a smile to any person who tries Dodson's Liver Tonic and is not satisfied with the relief it gives.

Dodson's Liver Tonic is a harmless vegetable liquid with a pleasant taste, and is a prompt and reliable remedy for constipation, biliousness, sour stomach, and the other troubles that come from a torpid liver.

Lyon's Drug Store gives its personal guarantee and if you will ask about this guarantee you will protect yourself against imitations that are not guaranteed. Large bottle of Dodson's Liver Tonic is 50 cents. adv.

FRAUD PAINT.

The worst mistake one is likely to make in painting is wrong paint; it is easy to make.

We all say "Ours is the best," and there are 1000 of us. One is best; but a dozen are so near on a level that no one knows, for sure, that his is the one.

The worst paints are worst liars; they know what they are, put on a bold face, and brazen it out.

Their one true argument is low price; but low price paint is always, must be, a fraud; it is made to cheat cheatable people. DEVOE. Acme Hardware Company sells it.

A. J. Fletcher, who has been private secretary to Congressman Doughton, has resigned and will locate at Fuquay Springs.

Gene Setzer, a negro who was convicted in Catawba Superior Court 11 years ago of highway robbery and larceny, sentenced to the State prison for 11 years and escaped a year later, was arrested in Salisbury a few days ago and returned to the State prison. Setzer had been at large 10 years.
