Miss Hettie Lyon's Address to Philatheas

We find the following in the Durham Sun of Sunday last: Yesterday afternoon at the Second Baptist church, Miss Hettie N. Lyon, of Oxford, president of the state organization of Philatheas made a most enjoyable address to the young people of the city. Assisting Miss Lyon to a great extent with the program were two beautiful and impressive solos by Miss Rosa Warren and Mr. Preston Epps. Both of the young singers were at their best and the large audience enjoyed the two numbers to a great extent.

In opening her address to the young people of Durham Miss Lyon stated that she was in Durham with greetings from the Philatheas and Baracas. Miss Lyon also told of her appreciation for the great help that the organized classes of the city have been to her during her term of office as president. This was her first visit to the city and proved to be an enjoyable one.

"We as a state are marching onward with flying banners to the goal of success," said Miss Lyon. During the past eighteen months stated Philathea president we have organized four hundred and twenty five classes in North Carolina, and there are now more than twelve hundred classes.

During her discourse Miss Lyon impressed upon the minds of the young people in the congregation the art of being ready. "Large opportunities come to those who make use of small ones," said the speaker. Further stated Miss Lyon remember in your work that the force of example means a good deal for or against your cause.

Willingness to serve on the part of the classes of Durham will prove a great force in making the 1914 convention a great success said the speaker. The state leaders will surely do their part and we are assured of your hearty co-operation said the Philatheas president.

During her talk Miss Lyon lingered upon the point that every member of the organized classes should assist the officers of the city union. It is absolutely necessary, she stated, and is essential to make a successful city union.

In conclusion the speaker said: "To move on, is to grow spiritually. To turn back is to lose all. Let this be 'moving up day' in our religious life. Forgetting those things which are behind and reaching forth unto those things which are before, we will press toward the mark for the prize of the high calling of God in Christ Jesus and help to win the millions of souls for Christ. I thank you."

DON'T NEGLECT YOUR STOMACH

The New Judge

The News and Observer says: "The decision of Governor Craig to name W. A. Devin, of Oxford, Judge to succeed Judge Howard A. Foushee is meeting with general approval. Judge Devin is well qualified for the high honor which has come to him. That he will wear the ermine worthily, is the belief of all who know him.

As member of the Legislature he was active, vigilant and effective. He was a leader in the moral issues which came before his branch of the General Assembly and his leadership was such as to command the respect and admiration not alone of those who agreed with him, but of those who thought differently.

In manner and bearing Judge Devin is well fitted for the position of dignity and importance to which he has been called. The bar at the various courts over which he will reside will never have cause to be dissatisfied with the treatment that will be accorded them by Judge Devin.

He will be one of the youngest judges of the State, and this makes the honor which has been bestowed upon him all the more significant. It is no small thing to be a Superior Court Judge in North Carolina and there is every reason why Judge Devin should feel gratified at his appointment and why his friends should feel especially elated at the choice that the Governor made.

That Judge Devin will maintain the high standard of fidelity to duty that was established by his predecessor, Judge Howard A. Foushee, is felt by all who know of his career as a member of the bar and as a student of the law.
