Plans at Presbyterian Church

The Presbyterians have recently completed the painting on the outside of their church and are now busy on the interior. The wood work will all be varnished and the walls finished in an ivory white. A new lightning system will also be installed on the indirect method now used in all the best lighted public buildings. This method protects the eye from the strain and glare of the old systems and gives an equalized, soft light that makes reading at night not only safe but a pleasure. While the painters and electricians are at work the congregation is holding its Sabbath preaching services at 11:00 a. m. and 7:30 p. m., in the Orpheum Theatre. The pastor, Rev. S. K. Phillips, expects to preach at the Orpheum next Sunday. The public and friends of this congregation are cordially

invited to these services.

Rev. Phillips also desires to announce to all our people especially to all Sunday school teachers and pupils, that on November 19th, Dr. A. L. Phillips, a recognized expert on Sabbath School methods and religious pedagogy, will begin a school of methods in his church. The sessions will be held from 3:45 to 5:30 p. m. for three afternoons. Not a religious worker of Oxford should miss these sessions. They will be absolutely free and open to the public. No one goes to sleep under Dr. Phillips, whose lectures are up-to-date and scientific, yet simple and practical. He will discuss the Model Sunday School, the teaching of the lesson, the pupil, the Adult Bible Class, the primary department and the question of teacher training. Remember the dates, Wednesday, Thursday and Friday afternoon, Novembers 19, 20, 21. Every night during the same week there will be preaching at the Presbyterian church, thus combining convention and evangelistic services.

KEEP THE KIDNEYS WELL

Health is Worth Saving, and Some People Know How to Save It

Many Oxford people take their lives in their hands by neglecting the kidneys when they know these organs need help. Weak kidneys are responsible for a vast amount of suffering and ill health, but there is no need to suffer nor to remain in danger. Use Doan's Kidney Pills—a remedy that has helped thousands of kidney sufferers.

The following statement leaves no ground for doubt.

Mrs. J. H. Aldridge, 720 Burch Ave., Durham, N. C., says: "I have no reason to change my high opinion of Doan's Kidney Pills as I still consider them a valuable remedy for kidney trouble. I have taken Doan's Kidney Pills and they have proved of great benefit."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Many an earthly saint has a face that scares away temptation.

ATTRACTIVE HAIR

Always Facinates--Parisian Sage Makes Hair That is Dull, Faded or Thin, Abundant and Gloriously Radiant

Every girl and woman, too, wants to be beautiful and attractive—it's her birthright—but unsightly, or thin and characterless hair destroys half the beauty of the most attractive face.

If your hair is not fascinating, is thinning out, full of dandruff, dry or if the scalp itches and burns, begin at once the use of Parisian Sage. It will double the beauty of the hair, cool and invigorating the scalp and the first application removes the dandruff. It is the hair tonic par excellence, containing the proper elements to supply hair needs and make the hair soft, wavy, lustrous and abundant.

Parisian Sage as sold by Hall's Drug Store in 50 cent bottles is pleasant and refreshing, daintily perfumed—neither greasy or sticky.

Granville County Fair.

The Granville County Fair of 1913 has passed away, leaving pleasant memories in the minds of thousands, and only words of praise and pride in the splendid exhibits so varied, useful and ornamental. In the Art exhibit the portrait of Col. Tazwell Hargrove by Miss Sue Hall is worthy of special mention. Wake Forest has her portraits of Professor Hobgood, Mr. Marsh, Mr. John Mills and many other prominent men. Twice her work has been shown at Paris Exhibitions.

Our Oxford people are proud of her talent, her fame and high reputation and wish her continued success in her chosen profession. E.
