Mr. Ashley Horne, long a prominent citizen of Johnston county, died suddenly about 1 o'clock Wednesday morning at his home at Clayton. Death resulted from heart failure, brought on, it is thought, by recurrence of paralysis, by which he was affected some time since. Tuesday he spent at the State Fair in Raleigh and was apparently in good health. He went home in the evening, traveling in an automobile, and gave no sign of being ill until about 1 o'clock Wednesday morning, when he was attacked and died before medical aid could reach him. Mr. Horne was born on a farm in 1841 and volunteered in the Confederate army in 1861, at the age of 20.

### STATE FARMERS' UNION

#### PROCLAMATION BY PRESIDENT ALEXANDER

#### Local Unions to Organize for Good Roads Day

Whereas, his Excellency, Locke Craig, Governor of North Carolina, has issued his proclamation setting apart the fifth and sixth days of November, 1913, as Good Roads Days, and appointing these days as holidays and days of festival throughout the State, to celebrate the dawn of a new day in North Carolina—a day in which the march of progress toward a higher and better civilization is made easier by Good Roads, with modern schools as signboards guiding the people onward and upward; and

Whereas, His Excellency has called upon the president of the Farmer's Union to issue his proclamation to the organized farmers of North Carolina to enlist in this great movement for the betterment of all the people and the development of the both country and town;

Therefore, as president of the Farmer's Union, I hereby call upon all the local unions in the State to assemble at their regular meeting places on Friday afternoon or night October 31st, and there organize and arrange to work every able bodied man in the community on the community roads on Wednesday and Thursday, November 5th and 6th.

Let all farmers with all other classes of our citizenship, and shovel in hand, realize that it is one of the very few instances in life where brawn will hold its own with brain.

And in this union of effort in a "common cause," may all men come to realize that every movement for the development of North Carolina and the upbuilding of her citizenship is a "Common Cause" that should enlist the united co-operation of all classes.

And as we are thus for two days brought personally under the divine edict "by the sweat of thy face

shalt thou eat bread" may all men be brought into a closer and larger sympathy with that large class of our people that spend all their days in labor and toil.

And as we tire under the burden of the day may we be stimulated to greater endurance by the thought that we are thus lessening the burden of North Carolina's twelve million dollars Bad Road Tax—that we are thus helping to bring country and town nearer together, reducing the cost of marketing to the one and lowering the high cost of living to the other, that we are thus making possible an increased attendance on church, and school, thereby elevating the people spiritually, morally and intellectually.

And may these Good Roads Days arouse a universal demand for good road building that will soon extend these arteries of trade to the humblest home in North Carolina.

And by this meeting and mingling and laboring together bring all men of all classes to recognize the rights of others and the part that each class must take in the development of a greater civilization; and may we never be content with a prosperity that does not extend to every class and every section of our State.

Fraternally,  
H. Q. ALEXANDER,  
President Farmer's Union of N. C.
