By common consent Mr. D. G. Brummitt becomes the acknowledged candidate for the House of Representatives and Mr. W. K. Long, of Route 5, was it looks as if the only thing to be done is to hand him the credentials. Every lawyer in the county is for Mr. Brummitt, and the farmers speak of 'Dennis" in the most affectionate terms. Some would say that Mr. Brummitt's smile has grown a little broader under the seductive influences of spring and the political ladened air, but the truth is Mr. Brummitt has always worn a smile and looked the world square in the face. He is a strong man any way you take him-strong in town, strong in the county, strong on law and his

heart lays in the right place. We wonder if Sheriff Hobgood hears of the many good things that is said about him. One man confessed to us that he dearly loved the Sheriff, and this sounded so good to our ears we went over to the Court House and delivered the message. Miss Grizzell Smith, of Tar River, and what do you think the Sheriff did? He quietly opened his ledger to see if the man was square with the books, and closing the books he remarked that he greatly apreciated the confidence imposed in him. Of course Sheriff Hobgood will succeed himself. The concensus of opinion is that he is capable, clean and square. He has the distinction of looking like a Sheriff—broad in body and a terror to criminals, but those who know the Sheriff intimately knows that he has a tender place in his heart for all who try to comply with the law. We have never seen Mrs. Mellicampe has returned or heard of him dancing the tango or active large men we have ever seen. KENDERSON FIRE BURNS 35 HORSES

Thirty-five herses belonging to the Parham Supply Company were roasted to death at Henderson, Sunday hight in a fire that destroyed the

company's stable and all contents. The fire was discovered about 9:30 clock and the firemen worked hard to save something. The stables filled with five car-loads of hay furnished an exceedingly inflammable material and the horses were, burned before the firemen could give any help. The excitement wes intense for a time. The company's stables were in the heart of the city and it looked as if the firemen would have trouble holding the blaze within the walls of

the burned building. The Parham Company ran its busiess between the walls of two other big firms and the substantial material prevented a spread. One small frame house was almost destroyed, but the damage was not great. No Mrs. Nat Cannady, of Cannady's cause is assigned for the fire. It
