

GREEN-HUNT CO.

Building will be Fitted Up for High Class Dry Goods and Clothing Store

Well-known Merchants Compose the Firm

The mercantile firm, the personal of which guarantees success, has leased a number of years the magnificent Brown Building on Main street south of the Court House and work on the building, modeled after the plans and specifications of a well-known architect, will be under way at an early date and completed in ample time for the early fall trade.

The new firm will be known as the Green-Hunt Company, and from this we can learn they will handle a high class line of dry goods and clothing. The interior finish and fixtures will be so arranged as to make the store one of the most inviting establishments of its kind in this part of the State.

The firm is composed of men who have long been identified with dry goods business in Granville county. They are: Morris E. Green, President; E. D. Hunt, Vice-President; Claude W. Allen, Secretary; J. S. Rogers, Treasurer. The Green-Hunt Company will have a decided tendency to draw a large amount of the trade to Oxford that has been going to other near-by towns, and while they will cater to the general trade it is understood they will handle an exclusive line of merchandise, not necessarily high priced goods, but the very best that can be obtained.

The exact date of the opening of the new store can not be figured out with any degree of accuracy at this time. The new post office holds the key to the situation. As soon as the Government moves into the new post building Cohn & Son will consolidate their two stores under one roof, thus making room for the Green-Hunt Company in the Brown Building.

STRONG BODY OF MEN

The Baptist Baraca Class, of which Gen. E. S. Royster is teacher, has a membership of 117 and it is still growing. Realizing that more room is needed the class recently pledged \$1,700 for enlarging the Sunday School room, but after consulting an architect it was decided to enlarge the church and this fund was merged with the church fund and the members of the church were afforded an opportunity to subscribe to the building fund. Of the \$6,000 raised, the Baraca class pledged \$4,762. Judge W. A. Devin sat with the class last Sunday and he said it filled his heart with joy to see his old class reach such magnificent dimensions. Gen. Royster announced that he desires a full attendance next Sunday and in all possibility a picture of the new building will be taken.

It is a pretty large undertaking to handle a hundred men, but Mr. C. D. Royster gave it out that he wanted every member of the class to join him at his home on Friday night, June 26th.

VETERANS TO RALEIGH.

Old Granville Sends Her Quota of Veterans to Annual Reunion Held in Raleigh

UNVEILING OF MEMORIAL TO NOBLE WOMEN

The Annual Reunion of Confederate Veterans in Raleigh this Tuesday and Wednesday is a record breaking event in point of attendance. MOVEMENT FOR BOY'S SCHOOL

Owing to the fact that Oxford is known as an educational center the Merchant's Association is entertaining a proposition to establish a high-class boy's school to fill the gap made by the removal of Horner school. The Commercial Club will act in harmony with the Merchant's Association and a committee from both of the organizations will leave nothing undone to establish a first class school in our midst.

Oxford is the logical point for a first class school and if such a school is established along the right lines, with the proper people at the head of it, hundreds of boys will turn their faces towards Oxford.

Taking into consideration the mild climate and the health conditions, Oxford possesses unequalled advantages. The Public Ledger joins the Commercial organization in their efforts to land a high-class boy's school.

"SAINT JOHN'S DAY."

Attendance is Likely to Be Larger This Year than on Any Previous Occasion.

RALEIGH LODGES WILL BRING THIRD REGIMENT BAND

Preparations are well in hand to entertain the throng of people who will gather at the Oxford Orphan Asylum on St. John's Day, Wednesday, June 24. The railroads are sending in special schedules and special rates for that occasion. The Grand Master of the Masonic Fraternity has appointed Mr. J. C. Kittrell, of Henderson, to deliver the oration, and we can safely say that he has something in store for the thousands of visitors who will be in Oxford on that day. The Oxford Lodge has designated Mr. D. G. Brummitt to deliver the address of welcome, and this he will do in a most acceptable manner.

The Raleigh Lodges are behind a scheme to bring the Third Regiment Band to Oxford, which will add to the pleasure of the visitors. While St. John's Day enables thousands to visit the Orphanage and see the good that is being accomplished for the fatherless ones, it is also an occasion of strengthening and renewing friendships.

The attendance has been very large for many years, and as the railroad fare is a fraction lower than on previous occasions the crowd will doubtless be somewhat larger this year.

Those who have kept tab on the weather say it invariably rains on St. John's Day, but let us hope that we will have several refreshing showers before that date, and should it rain on that day there is plenty of shelter in Oxford to protect all who may come. Everybody is welcome and we hope old Granville will shake the rafter on this occasion.

One of the features of St. John's Day at the Orphanage is the barbecue, and Mr. R. L. Brown, superintendent, advises that the shoats are fine this year.

CREEDMOOR PARTY SHAKEN UP

As the result of an automobile accident which happened early Sunday morning J. S. Thompson of Creedmoor is in a hospital in Durham with two broken ribs and a number of other injuries, while his car is almost a complete wreck.

Mr. Thompson and a party of friends had been in Durham for the week-end and were returning home Sunday morning before daylight. They were in the northern section of the city, and working their way out towards the Creedmoor road, had to use Markham street, the lower end of which makes a horseshoe curve, not knowing of this curve and instead of taking it, went straight ahead into an unused part of the street.

His car had not gone far before it ran into a stump in the road, and broke the front axle and did other damage which will necessitate new parts in the fixing. Mr. Thompson was thrown out and the other members of his party were greatly shaken up but they were not very seriously injured.

NEARING COMPLETION

The furniture for the new post office has been shipped and as soon as it arrives it will be installed. The only unfinished work is the wiring of the building and this will not require more than a week or ten days. Mr. Morrell, supervising Architect, advises Postmaster Osborn that he sees no reason why he cannot move into the new office on July 1st.

THE DRY SPELL

A party came in on the Henderson train Monday night and stated that it was raining to "beat the band" in Henderson when he left there. Rather doubting the statement, a well known man about town called up Central and asked her to find out if it was raining in Henderson, where-upon the lady at the other end of the wire said that no rain had fallen there in several weeks.

Death of Infant—The infant child of Mr. and Mrs. Ward Montague, who died in Henderson Sunday, was buried in the old family graveyard near Tar River Monday.

WANTED—TO RENT A GOOD FOUR horse farm adapted to tobacco and corn. Would not object to lease of five years. J. H. DANIEL, Stem, N. C.
