Four men are known to have perished in a fire raging in the lower levels of the Yellow Jacket gold mine, near Virginia City, Nev. Two bodies have been recovered. Company officials said 75 men were at work in the mine.

Mr. Harry Tally of Charlotte, who was one of the most seriously injured in the fatal wreck at Salisbury on the night of November 26, when the "football special" was smashed into by Southern train No. 38, has filed suit in Mecklenburg Superior Court for \$100,000 damages.

Representative Webb of North Carolina, chairman of the judiciary committee, announces that he will offer a provision for prohibition as a rider to the District appropriation bill.

George von L. Meyer, former Secretary of the Navy, at the head of a delegation of 25 men, officially notified Col. Roosevelt at the latter's home at Oyster Bay Monday, that the Roosevelt Republican committee, with membership in 30 States, had been organized to work for his nomination for the presidency by the Republican party.

Representative Doughton of North Carolina, who is a member of the House committee on education, which has had under consideration the bill for censorship on moving picture films, thinks there will be no legislation this session on the subject. "Unless the motion picture people censor some of their films themselves, there is likely to be some legislation," Mr. Doughton said.

Lord Robert Cecil, British minister of war trade, informed the House of Commons that a proposal had been received to permit the export from Germany to the American government of dyestuffs but that no answer had been given. He denied reports that license had been granted for the export from Germany to the United States of \$5,000,000 worth of dyes, part of a shipment which might reach \$30,000,000.

Oswald McNeese, adjutant general of Louisiana, and A. D. Stewart, a New Orleans hotel man and aspirant to the adjutant general's office, settled a personal quarrel with their fists at Baton Rouge, La., on the capitol lawn before an audience made up largely of State legislators and both thereby proved their unfitness for the job. By agreement a capitol employe acted as referee. Each of the principals got a black eye and cuts and bruises about the face.

Calcium's Value in Tuberculosis

As a tonic and remedial agent in the treatment of tuberculosis, this element is being studied by scientists and physicians everywhere. For more than two decades users of Eckman's Alternative have tested its efficacy in such cases, for calcium chlorid is one of the chief constituents of this preparation, which has produced beneficial results in thousands of instances. And in this form it is combined as to be easily assimilated. If you are thus afflicted, a trial may prove this to be just what is needed to assist Nature in bringing about a return to normal health. It is safe to take, because it contains no poisonous or habit-forming drugs of any sort. At your druggist's. Eckman Laboratory, Philadelphia.

HOW TO GET RID OF CHRONIC DANDRUFF

The only sure way to get permanently rid of dandruff is to remove the conditions that cause it and then keep the hair and scalp in a clean, healthy, vigorous state so dandruff will never return. This beats shampoos, which merely remove the dandruff for a few days at most. J. G. Hall is now strongly recommending Parisian Sage, a harmless, inexpensive and quick acting preparation, that is guaranteed to act directly on the cause of dandruff and entirely remove it or the purchase price will be cheerfully refunded.

Here is a test no one should fail to try. Get from your druggist a package of Parisian Sage. Rub a little of it into the scalp with the finger tips and see for yourself how the dandruff disappears, the hair stops falling out and all itching immediately ceases. Nothing hurts the hair more than dandruff, so why not begin using Parisian Sage today and be forever rid of it?

Would Change Name of College
The question of changing the name of the State Normal and Industrial College to McIver College, which has been agitated for several years, came up in the annual meeting of the alumnae association. After some discussion, the meeting voted in favor of the change. It was argued that the change should be made for the sake of brevity, to eliminate the word Normal, which is often misinterpreted, and to honor the memory of the founder and first president of the college.

REUBEN HART FOR COMMISSION
We, whose names appear under this notice, take this occasion to place before the Democratic voters of this county for County Commissioner the name of a man whose record is an open book, and stays open for inspection, both in public and in private life. We know that he makes mistakes, but we also verily believe that he is honest. His name is Reuben Hart, you know him. We bespeak for him the hearty support of all the good people of the county.
