and from Richmond. Train No. 120, leaving Durham 7:20 AM, arriving Keysville 11:30 AM, and Train No. 119, leaving Keysville 6:20 PM, arriving Durham 10:20 PM, will be discontinued.

Important Connections Possible

Connections for nearly all points on the Southern Railway within radius of several hundred miles are made possible by this new schedule. Persons can leave here in the morning and go very long distances, transact a day's business, and get back home early in the evening. In fact, it requires a study of the schedule to bring out the extensive possibilities offered the traveling public by the new management.

No. 115 connects at Oxford with the Durham and Richmond train for all other points on that line. The new train itself will make every point on the line between Oxford and Durham, and at the latter point will connect with the east bound and westbound trains on the Greensboro-

YOUNGEST LEGISLATOR

Was Born in Oxford and Elected in

Wake. The Public Ledger is highly pleased to know that young Robert Winston, who was born in Oxford, the son of Judge Winston, was elected to the General Assembly in Wake County last week. It was only two seasons ago Bob was playing baseball to beat the band. He was educated at Horner's and at the University. He is the youngest member of the Legislature and is one of the keenest, good all round young men you ever saw.

Mr. Gus Landis went to Richmond Thursday to consult a specialist regarding his health.

The 4-H Method of Canning Tomatoes

to THESE ARE THE INSTRUCTIONS PROMULGATED BY MRS. CAPEHART

Now that the seasons are all that any one could wish there is likely to be an abundance of fine tomatoes this year. We trust that the Canning Girls will be encouraged to can large quantities this season. The following is the method of canning the celebrated 4-H Brand:

The tomatoes are picked from the vine as they begin to ripen and are placed on a shelf in the shade until thoroughly ripe.

Only ripe tomatoes are selected for canning. The other fruit not so well ripened and colored may be used for ketchup or soup mixture.

One green or light-colored tomato will ruin the grade of the pack.

The tomatoes which have been selected are first scalded by placing them in a light wire basket and plunging into boiling water for one minute, then removing and plunging into cold water immediately. The skin will now slip off easily. Tomatoes ferment quickly; so it is not advisable to peel more than may be canned at once.

A slender sharp knife is used to remove any part of the stem and the hard part of the tomato at the stem end. Care must be taken in this process not to cut into the seed cells.

Now put into the cans as many Jeffress, Chase City, Keysville, and whole tomatoes as possible, cutting the fruit only when they are too large to slip in or the can is too nearly full. Fill the can to 1/4 inch from the top, press them in gently, and shake down to fill all crevices.

A level teaspoonful of salt and a level teaspoonful of sugar added to one of the No. 3 cans will improve the flavor of the product.

Use no water with tomatoes. If the can is properly filled, the juice will be sufficient. When the can is filled in this manner it should weigh 38

all the air in the can out through the management, on May 12th, there was little hole in the cap and keeps the can from bulging, afterwards. When the .3 minutes are up, the little hole is sealed and the can is then boiled penses of special costumes, and not in the canner for 25 minutes.

can is to be marketed, as the packneater appearance.

The meeting of the Woman's Club announced for Wednesday afternoon last, was postponed to meet this Friday afternoon at 5 o'clock in the JIM POWELL Commercial Club rooms.

SOME THINGS THAT WE HAVE OBSERVED IN OLD GRANVILLE

There is a Wonderful Difference in Some of the Neighborhoods in the County-Three Things Are Needed In Some Places

In our occasional trips over the county we have noticed what a wonderful difference there is in neighborhoods. We were reminded that good neighbors are like every other good thing-it costs something to have it.

The best people cannot stand to live long among lawless, wicked people. There are three things essential to every good community, a good church, a good Sunday school and a good day school. If any one of these things is lacking or inferior, that community is behind. If we want to find a good church and Sunday school let us go where they have well supported day schools and there you will find them. And we know a great many churches and Sunday schools are dragging for the want of better day schools. A good day school demands a better and more intelligent preacher. The day school gives a The honorable Board of County church more intelligent teachers and

A good day school gives what is called community interest. It means furnishing a place where boys and girls can be trained and developed into good men and women.

And the saddest of all is there are few such places. It would make good reading matter if we had written out what every man and woman in our R. J. Jeffries, Brassfield, township, county would regard as an ideal community. We are sure the best people would insist on one or more good churches and in each church a Sungood, well supported pastor with On motion of Commissioner Peed learning sufficient to teach the conthe Board donated \$60.00 to the Ox-gregation the truths of the Bible

The next would be a good day at least seven or eight months in the E. E. Williford, Tally Ho, was year. In such a community the peoher home with her uncle, Mr. and granted rebate of \$3.00 on error in ple have few, if any, suits in court. Sabbath-breaking, profanity, durnk-The monthly reports of Dr. J. A. enness and lawlessness are almost

OXFORD COLORED SCHOOL

Trustees Elect Prof. H. H. Faulkner Superintendent

The trustees of the Oxford Graded Schools at a recent meeting elected Prof. H. H. Faulkner, of Greensboro, superintendent of the Colored Graded Schools. The new Superintendent comes highly recommended. All the teachers serving last year were re-elected.

CONFEDERATE VETERAN PASSES

Mr. M. S. Overton, of Near Hester Passes to His Reward Mr. M. S. Overton, a follower of

the immortal Lee, passed to his reward last Sunday in the 70th year of his age. Mr. Overton was a highly esteemed citizen of Granville. The funeral and burial services were held Monday and the interment was at the old Hunt burying ground near Hester, Rev. M. D. Hicks performing the last sad rites. The pall bearers were: Messrs. J. C. Pittard, E. L. sive, high grade productions that Crews, W. A. Hester, Will Haskins,

Card of Thanks

A deep sense of obligation and re-Thursday, June 15, Oline Moroseo sponsibility impells me to use this presents Constance Collier, in a public means of thanking the people did me in the primary of last Saturday. I am grateful for the Demopresents Marguerite Clark in "Mice cratic nomination for the House of Representatives, and my heart is too full of appreciation towards those who voted for me to leave room for any ill will towards those who were for the other men. I hope to be able to so serve all the people of the county as to show them that my appreciation goes deeper than mere words.

DENNIS G. BRUMMITT.

Miss Eunice Crews, the talented daughter of Mr. Herbert Crews, of Watkins, has returned from Enfield where she taught school last session.
