

THE NEWS IN OUTLINE

President Wilson has signed the child labor bill. The law becomes effective September 1, 1917.

A storm at Randleman blew off the top of the graded school building. Damage estimated at about \$2,000.

Wilmington will in the near future be the deep water terminal for the railroad that is being built from Kinston through Duplin county.

It is officially announced that British casualties in killed, wounded and missing in August totaled 4,711 officers and 123,234 men.

Infantile paralysis in New York now shows a decrease. Since the beginning of the epidemic there have been 8,199 cases and 1,987 deaths.

Ex-Mayor John Underwood of Fayetteville, who has been traveling in the North, has come home and put out the word that Woodrow Wilson will carry Pennsylvania.

Francisco Madero, father of the late President Madero of Mexico, and one of the largest land owners in that country, was found dead in bed at his home in New York on Sunday from heart disease. He was 67 years old.

The National Democratic Committee has made public a statement by Thomas A. Edison in which the inventor said that although a life-time Republican he would support Mr. Wilson for re-election.

Four shots fired into the camp of a Minnesota regiment at Mercedes, Texas, from the Mexican side of the Rio Grande resulted in a general exchange. About 150 shots were fired. None of the Americans were injured.

General business conditions throughout the United States continued good through August, according to the Federal Reserve report by the Federal Reserve Board. Generally discouraging reports were received from no district.

Five additional names have been added to the list of known dead in the disaster to the armored cruiser Memphis, at Santo Domingo, bringing the dead to 41. Navy officials have little hopes that any of the missing men will be found alive.

A jury in Buncombe Superior court gave Mrs. Louise Orr a verdict of \$10,000 against John Rumbough and others for the death of her husband, Bart Orr. Orr was killed in Rumbough's garage in Asheville about 2 years ago when a gas tank exploded.

In 20 military camps along the Mexican border 38 big Y. M. C. A. Buildings reared themselves above the cities of white tents. The buildings are centres which the men appreciate so greatly that their facilities are used to the utmost during leisure from camp work and drill and thought evening hours until the bugles sound taps.

C. Edgar Graham, of Greenville, S. C., has sold his home at Montreat to the North Carolina Presbyterian Synod. It is announced that \$12,000 will be expended in enlarging and improving the property, which will be used for a home for ministers, evangelists and other Christian workers during the summer assemblies at Montreat.

The Southern Railway Co., plans to spend about \$200,000 in Greensboro in the next few months in the improvement of shipping facilities. The plans have been made for the reconstruction of the shifting yards West of the city and for the building of an up-to-date coal chute to replace the antiquated affair which is still in use at that point.

Frantic screams from an upper berth in a Pullman car in the Raleigh station early Friday morning caused passengers on the car to investigate. They found E. S. Thomas of Charlotte attempting a criminal assault on a young lady who said her name was Miss Eula Nunn, of Nashville, Tenn., and who had been on a visit to her friends in New Bern. The man was drunk.

Former officers, directors and counsel of the New York, New Haven & Hartford Railroad have been made defendants in a liability and restitution suit for more than \$160,000,000, filed in the United States District Court by five Massachusetts stockholders. The suit is based on evidence taken at the recent trial of William Rockefeller and other former directors of the road, for criminal conspiracy under the Sherman anti-trust law.

You never can tell. Many a boy who never cared for kites becomes a high flyer.

Modern Times Demand Modern Methods

You wouldn't use oil lamps for lighting. Why use an oil stove for cooking? Have a gas range installed on trial and see for yourself that it is cleaner, cooler and more convenient.

UGH! CALOMEL MAKES YOU DEATHLY SICK Stop Using Dangerous Drug Before It Salivates You!..It's Horrible!

You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a 50 cent bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards.

J. G. Hall recommends Dodson's Liver Tone to take the place of calomel. adv.

THE GREAT STATE FAIR

Many Improvements, Fine Attractions, Increased Premiums

Many improvements are being made at the Great State Fair for the comfort and convenience of the thousands of visitors who will attend this year.

The Main Agricultural Building has been remodeled and rebuilt and is now an excellent and attractive exhibition hall. In this will be housed the competitive County Exhibits.

The railroad trackage inside the grounds has been largely increased, so that there should not be any trouble or delay in unloading and loading again at the close of the Fair.

The walkways have been paved and covered ways placed between the buildings, eliminating mud and dust. New sanitary arrangements have been provided.

Premiums have been greatly increased and the exhibits will be better and more attractive than ever before. All parents should be deeply interested in the Better Babies Contest under the supervision and direction of the Woman's Club of Raleigh—address all communications relative to this Contest to the Woman's Club Better Babies Contest Dept., Raleigh.

The line of free attractions provided by the Management this year far surpasses any heretofore shows— aerial bombardment and war evolutions by aeroplane, aerial Mitchells, flying Glendale, Miss Charlotte Brand, Premiere Cornetist, Dalbeanie's wonderful comic bicycle act, and others, besides fast harness and running races, band concerts, etc., in addition to the wonderful attractions of the midway itself. Remember the dates—October 16-21, 1916.

RED CROSS SEALS

Christmas Stamps to the Number of 300,000,000 Will Be Issued— Hope to Raise \$1,000,000

Three hundred million Red Cross Christmas seals are being printed in Cincinnati for the annual holiday campaign to be conducted under the joint auspices of the American Red Cross and the National Association for the Study and Prevention of Tuberculosis.

The Red Cross Christmas seal for 1916 was designed by T. M. Cleland, of New York City. It shows a Santa Claus in red on a green background in the center panel with a pack on his back bearing a red cross. The lettering "A Merry Christmas" and "A Happy New Year" is carried vertically up and down the sides of the seal, while the date and the words "American Red Cross" are across the bottom of the seal. The poster effect given by this seal is very striking and makes an unusually handsome design.

The Senate has passed a bill changing from the second to the first Monday in October the date for opening of the annual term of the Supreme Court and revising procedure to limit cases which may be submitted. This will enable the court to dispose promptly of many cases in which appeals have been taken merely to cause delay.

SERVED HIM RIGHT

Charlotte Physician Given a Three-Year Term

Dr. J. W. Sommers, a physician of some prominence in Charlotte, who was convicted in criminal court Saturday of performing an illegal operation on Miss Annie Jones, of Greensboro, causing her death at a local hospital, was sentenced to serve three years in the State penitentiary.

A bandit, who gave his name as "Jack" Evans of Chicago, held up a branch of the Anglo-California Bank the bandit dived in a commandeered automobile, pursued by the bank teller, and the chauffeur drove the bandit into the park police station, five miles away where he was captured with the money.

Formidable Attack

Thirteen Zeppelin airships took part in the raid over the Eastern counties of England Saturday night and London official statements say it was the most formidable attack by aircraft ever made on England. Only three of the Zeppelins were able to approach the outskirts of London. The total casualties were two persons killed and 13 injured.

Policyholders Protected

The Senate has voted to exempt from taxation under the administration revenue bill all trust funds of insurance companies held in reserve under State laws or by contract policyholders. The action followed an unsuccessful effort made by Senator McCumber of North Dakota, to have all insurance investments exempted.

RESOLVED

THAT THOSE WHO BUY OUR LUMBER SING OUR PRAISES. YOU WILL DO THE SAME WHEN YOU BUY.

BUSTER BROWN

IT STANDS TO REASON THAT WHEN A FIRM MAKES LUMBER AND BUILDING SUPPLIES THEIR SPECIAL BUSINESS AND THAT THEY KNOW GOOD LUMBER AND HOW TO GET IT. WE ARE LONG EXPERIENCED IN THIS LINE AND WILL CHEERFULLY HELP YOU IN SELECTING THE LUMBER AND THINGS YOU NEED FOR ANY PURPOSE. ARE YOU NOT GOING TO BUILD A MACHINE SHED FOR THOSE NEW IMPLEMENTS?
