Hitting Back.

I MAKE STOCK MEDICINE LIKE I WOULD MAKE IT FOR HUMAN BEINGS

Dr. W. A. Verdier

My theory—and I have proved it unqualifiedly for more than ten years, that sick stock, horses, mules, colts, cows, hogs and sheep require specific medication, just as much so as people; and while in the nature of things the same courses can not altogether be pursued, nor can treatment be carried on the same, yet fundamentally, sick stock are indeed very much like sick human beings; they need REGULAR MEDICINE. On this principle I personally supervise the preparation of

Southern Stock Powders

along the line of scientific and specific medication; and the results I have achieved during the past ten years that I have made these powders, is unqualified proof that my theory is correct; that my goods are a genuine benefaction to sick stock, and that through their superlative merit, and their standard reputation amongst the farmers and stock men of the entire South, they outsell the combined field of competitive preparations.

DO NOT CONFOUND "SOUTHERN STOCK POWDERS" WITH THE FAKE CONDIMENTAL STOCK POWDERS ON THE MARKET.

that have no claims whatsoever to medicinal merit, and are therefore a waste of money to buy, as lacking medicinal virtues, how can they benefit your sick animals.

"SOUTHERN STOCK POWDERS" are a scientifically formulated prescription and put up under my personal supervision. I guarantee the efficacy of this prescription. If you were to go to a doctor for a similar prescription, and then to a druggist to fill it, the amount I sell you in package form for 25c would cost you \$2.00. Please remember that I unqualifiedly guarantee the genuineness of the ingredients in every package of "SOUTHERN STOCK OR POULTRY POWDERS" and a list of the ingredients in either case will be found plainly printed on the package.

IRON - ARSENIC - STRYCHNINE

These are the three feature ingredients that I use in "SOUTHERN STOCK POWDERS." These medicinal attributes are recognized by the medical profession the world over as being the basic formulae of the best possible tonic for the rehabilitation of the blood. In these ingredients we have the most powerful stimulator of the blood in Iron—the most active of all digestants in Arsenic, and the greatest nerve and muscle builder in Strychnine. So here is a real, genuine stock medicine—not a cheap condimental "filler" of small value and no benefit. Demand the genuine "SOUTHERN STOCK POWDERS" and refuse all substitutes.

SOUTHERN POULTRY POWDERS

These Poultry Powders have been formulated by Dr. Verdier on the same theory he has so successfully proven in the case of his "SOUTHERN STOCK POWDERS"—that is, that sick, or ailing fowls need medicine—regular medicine—and not a make-believe or subterfuge under a pretense of trying to revive or cure them. Each package of "SOUTHERN POULTRY POWDERS" contains 64 feeds for 10 head of Hens. Write for FREE BOOKS ON CARE OF POULTRY AND STOCK.
