

WE'RE GOING AFTER THE SUBMARINES WITH BRAND NEW FIGHTING MACHINE

(Washington Special)
New submarine fighters of a powerful type are about to be turned out in the United States in large numbers. After testifying before the House Naval committee on the naval appropriation bill, Secretary Daniels authorized the statement that contracts for "several scores" of the new craft have been placed with the Ford Motor Company, of Detroit. He described them as "half way between a destroyer and a submarine chaser," 20 feet long and equipped with latest discoveries for combating submarines.

All parts of the ships except the engines are to be fabricated in Detroit and the parts shipped to seaboard where they will be assembled. Changes in the Ford plant to permit the handling of the work have progressed so swiftly, Mr. Daniel said, that deliveries on the contracts during the coming summer are assured.

POWERFUL FIGHTER

The new vessels are expected to prove far superior to the chasers now in use, including those of the 110-foot class. They will have steam power with a greater radius of action, will be more seaworthy and will be able to carry heavier armament. It has developed that the latest German submarines are equipped with guns which outrange those of small chasers and even some merchant ships.

Henry Ford recently placed before Secretary Daniels plans showing the practicability of his factory into a ship fabricating plant. Naval constructors had evolved the latest submarine chaser and Rear Admiral David W. Taylor, with two assistants, was sent to inspect the Ford Plant. After the officers had made their report the contracts were placed.

Possibility that additional contracts might be given other automobile firms was suggested by Mr. Daniel, but he said no definite action had been taken along this line.

FINE NAVY PERSONNEL

In connection with Mr. Daniel's renewed recommendations for a large increase in both temporary and permanent enlisted personnel of the navy it was learned today that the department plans extensive enlargement of several experiment training stations. Plans already have been approved for enlarging the Pelham Bay, New York, and Norfolk, Va., stations. Five thousand men are now at Pelham Bay and 16,000 at Norfolk.

Secretary Daniels said that the navy now has 95,000 men under instruction and, with the recommended increase, will have men enough to supply crews not only for the entire naval construction program as now contemplated, but also for the hundreds of merchant ships which are to be placed under his supervision.

Congresswoman Jeannette Rankin has broken into the Irish question. Some friend should whisper to Miss Rankin that that is the best question in the world to let alone. It's loaded at both ends.

Germany's Latest Hymn of Hate.

Note.—The following is a translation of a document found on a German prisoner in Italy. It was dispatched to "The New York Sun" by a special correspondent:

"Son of Germany in arms! This is our intoxication. Glory to the artillerymen of ours! The gun, thy powerful, invulnerable brother, calls thee. Was it not made to move the universe?"

"O Rifleman of ours! Thou art the force which conquers even death, which not an obstacle withstands. Wherever thou goest thou enterest; wherever thou enterest there is Germany."

"O Cavalryman of ours! Engage and overthrow. A harvest of death awaits thee. Curb that winged hurricane—the will of thy horse. That cowardly flesh is made to fatten the fields which shall be thy son's."

"Son of Germany, the great hour has come. Life does not end, but surpasses itself and is transformed without a pause. The life of the vanquished is absorbed by the victor; the slayer becomes owner of the life of his slain."

"See now how in the breast of thy sacred country is contained the life or the world! Do not stoop to feminine pity toward women and children. The son of the vanquished has been often the victor of tomorrow. What is the worth of victory if tomorrow we have the revenge? What kind of father wouldst thou be if thou killed thine own enemy and left alive the enemy of thy son?"

"Son of Germany in arms: "Hurl down, strike with thunder, break in pieces! "Rush forth, overthrow, transfix, devastate! "Bu'n, kill, kill, kill! "Such is the life of glory."

When You Have a Cold.

It is when you have a severe cold that you appreciate the good qualities of Chamberlain's Cough Remedy. Mrs. Frank Crocker, Pana, Ill., writes: "Our five year old son Paul caught a severe cold last winter that settled on his lungs and he had terrible coughing spells. We were greatly worried about him as the medicine we gave him did not help him in the least. A neighbor spoke so highly of Chamberlain's Cough Remedy that I got a bottle of it. The first dose benefited him so much that I continued giving it to him until he was cured. adv
