A WARM WEATHER SPECIAL

Carolina Power & Light Co.

Road to Happiness.

Be amiable, cheerful and good natured and you are much more likely to be happy. You will find this difficult, if not impossible, however, when you are constantly troubled with constipation. Take Chamberlain's Tablets and get rid of that and it will be easy. These tablets not only move the bowels, but improve the appetite and strengthen the digestion.

The War Trade board has limited the importation of crude rubber to 100,000 tons a year, and has instructed its Bureau of Imports for the current quarter to limit the issuance of licenses to a total of 25,000 tons up to June 31, 1918. Some changes may be made after experience are gained by this three month's test. Imports of crude rubber during the previous year had been at the rate of 157,000 tons per annum, so the cut is over one-third.

DESERVES A GOLD MEDAL FOR THIS.

Cincinnati authority tells how to dry up any corn or callus so it lifts right off.

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezone applied directly on a tender, aching corn stops soreness at once and soon the corn loosens so it can be lifted out, root and all, without a bit of pain.

A quarter of an ounce of freezone costs very little at any drug store, but is sufficient to take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to inflame or even irritate the surrounding tissue or skin.

If your wife wears high heels she will be glad to know of this.

Railroads in the first three months of this year earned only \$71,705,000, as compared with \$179,431,000 for the same period last year, making a loss to the government under the system of common operation of about \$109,000,000. This report by the Interstate Commerce Commission covers all but five of the 190 railroads in the country.

The total of the third Liberty Loan is \$4,170,019,650, an over-subscription of 39 per cent. above the three billion minimum sought. The number of subscribers was about 17,000,000. Every federal reserve district oversubscribed. Secretary McAdoo has asked that persons wishing to convert first and second loans bonds wait until after July 1 to apply.

STATE NEWS

Citizens of Beaufort county are subscribing funds for a monument to Ben. M. Thompson, who was killed recently by blockaders while raiding a distillery.

Twelve woman prisoners in the State prison at Raleigh contributed \$3-25 cents each to the Red Cross, one of the male prisoners gave \$5 and a number gave \$1 each.

Arthur D. Scott of Spencer, aged 25, Southern railway brakeman, was run over by a shifting engine at Spencer Wednesday and fatally injured. Wife and mother survive.

At a saw mill in Durham county, Louis Hffin, a white employe was shot and killed by a negro, Chas. Thompson. The negro is in jail and asserts that he shot to protect himself.

"The Blue Devils," a bunch of French soldiers who are touring this country in behalf of the Red Cross fund and to arouse interest in the war, were the attraction in Charlotte Tuesday.

A marker in memory of Gen. Joseph Graham, Revolutionary hero, has been unveiled at Sugar Creek church, Mecklenburg county, by the Charlotte chapter of the Daughters of the Revolution.

The Treasury Department has designated the grounds of the assay office in Charlotte as a recreation center for soldiers at Camp Greene. A temporary building has been constructed.

The State Normal College at Greensboro graduated 68 young women last week, the 26th commencement of the institution. Norman Angell, a British newspaper man with international experience, delivered the address. Copies of the Bible and the American constitution were given to each graduate, as is the custom.

In Johnson county on the 19th J. M. Webb was fatally stabbed by Preston Hudson. The men were fighting, and Hudson, so the report goes, told Webb that if he would turn him loose he would stop. As soon as Webb turned Hudson the latter turned on him and stabbed him. Hudson is in jail.

At Morganton this week John Cambell of the United States battleship Pennsylvania and holder of the world's record as gunner, and Miss Ethel Whisenant, who has just passed the State examining board for nurses were married.

Sublime Forbearance.

Of course, we know that forbearance under great provocation is sublime and that if we refrain from giving the Germans a touch of high-life when we enter Berlin, posterity will rejoice in our moderation, nevertheless it would be an agony that we did not deserve to win this war and then set Germany an example of mercy, forbearance, charity and patience, when every impulse of the human heart is to romp all over her domain and raise hell with her for her crimes.

There is nothing surprising in the news that Germany is melting nickel and minting zinc coins.

The Kaiser is right in telling his people that his sword will be forged into ploughshares, but he doesn't want to lose sight of the fact that Uncle Sam is the blacksmith who will perform that job.

The American torpedo boat destroyer that developed 38 knots on her trial trip should give the Kaiser some idea of the speed he eventually will have to generate in traveling back to Berlin.

Proper Food For Weak Stomachs.

The proper food for one may be all wrong for another. Every one should adopt a diet suited to his age and occupation. Those who have weak stomachs need to be especially careful and should eat slowly and masticate their food thoroughly. It is also important that they keep their bowels regular. When they become constipated or when they feel dull and stupid after eating, they should take Chamberlain's Tablets to strengthen the stomach and move the bowels. They are easy to take and pleasant in effect.

HUNS BELIEVE ALLIED AVIATORS WILL LAY RHINE CITIES IN RUIN.

With the French Armies in France, May 26.—Germans captured by the French testify to the brilliant work of the Entente Allied aviators, who, the prisoners say, leave the Germans no peace. Fears are expressed regarding future operations by Allied airmen on the Rhine cities, which they believe will be laid in ruins. The Germans declare their anti-aircraft defences are insufficient to prevent the Allies visiting either day or night the Teuton camps, cantonments, depots and airdomes, where, they say, enormous damage already has been done.

Other prisoners assert that Emperor William hesitated a long time before starting the offensive this year, but that General Ludendorff obtained the upper hand by promising to force a peace by beating the Allies by Easter. The Crown Prince, with the military caste in Germany, they say, succeeded in ejecting Rudolph von Valentini from power after he had predicted a catastrophe for the German arms.

Why Percy Sobbed.

One afternoon two ramps knocked at the back door of a farm house and meekly asked the farmer's wife for something to eat. Instead of giving them bread, she seized a convenient broom stick and began to beat them over the head with such good effect that they precipitously fled for the gate. A mile down the road one of the tramps stopped running and sobbingly dropped beneath a tree.

"Why, Percy," exclaimed the other, solicitously turning to his comrade, "did she hurt you?"

"No," answered Percy, with another burst of sobs; "fortunately, most of the blows went wild."

"What's the matter, then, old fellow?" queried the second, "Why those tears?"

"Tears of sympathy," answered Percy.

"Sympathy for that lady's poor old husband."

Mebane.

(Greensboro Record.)
Mebane makes the proud boast that it is "the biggest little town on earth," and the best of it is it stands ready to prove it. This is the spirit that does things and builds towns, and Mebane is growing all the time. Whenever you find a town where all are united and where every citizen is boosting instead of knocking, you find the spirit.

Better Butcher Than Beau.

(Philadelphia Telegraph)
Queen Marie of Rumania says that she will never recognize the peace treaty that has been made with Germany, showing that the Kaiser is not so much of a woman killer with his smile as he is with his sword.

Washington experts may have just discovered the Bernstorff code, but most people were more or less familiar with it before he left America.

GIRLS! HAVE WAVY, THICK, GLOSSY HAIR FREE FROM DANDRUFF

Save your hair! Double its beauty in a few moments—try this!

If you care for neavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a small bottle of Knowlton's Danderine at any drug store or toilet counter for a few cents; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now?

Smith Form-a-Truck

a successful ranch owner writes—

"The day I bought my first Smith Form-a-Truck, I little thought that it would be the means of me starting on the way toward a horseless farm. Today the things that could only be done when the weather was right are no longer a source of worry."
