Valuable Farm For Sale

I offer for sale my farm of 217 1/2 acres. This farm is situated within one-fourth mile of the town of Clarksville. The land lies well, is well drained, adapted to all crops, will grow good bright tobacco, and is especially adapted to all grasses and grains and would make an excellent stock farm. The place is well watered with a number of small streams, three good wells and a dozen springs of water. Improvements above the average, well constructed seven room house, good stables, barns, pack houses etc. Beautiful grove of hardwood trees. Location of this farm is ideal, within a mile of post office, two railway stations, high school and churches, and still has all the privacy and quietude of the country home. For any further information apply to the owner,

PEAS FOR FARMERS.

Horner Bros. Company Handles Them Without Profit.
The county Agent asked Mr. W. H. Hunt, president of the First National Bank, to buy peas in quantity for the farmers, and to sell them at cost. He agreed to do this, if some one could be found to receive these peas and distribute them to the farmers as they wanted them. Horner Bros. Company agreed to do this without pay or profit. Evrybody thought peas were scarcer than they now seem to be. They bought early especially for the benefit that Granville county farmers should not be without. Two hundred bushels were bought at \$3.50 per bushel with freight to be added to the cost. These were the cheapest good peas offered at that time. These peas are now offered by him at a loss to Mr. Hunt who shoulders the loss. He will sell them at \$3.25 per bushel. Inasmuch as these peas were bought for the farmer to get peas to sow without paying a profit on them, even if you can get them just as cheap elsewhere, it would show the spirit of appreciation for the farmers to take these peas at prices which compete with others not bought for a profit. I believe our farmers have the spirit of appreciation, and I'm going to ask them to make good my faith in them by coming forward and taking these peas at the lowered price. We farmers may want another favor. If no sympathy at this loss is shown, we could hardly respect ourselves if we should look for another. All business men will know of this incident, and will shy at venturing to help farmers without profit. Farmers, think of this, and follow your best thoughts. J. A. MORRIS, Co. Agent.

OXFORD EVIDENCE FOR OXFORD PEOPLE.

The Statement of Oxford Residents Are Surely More Reliable Than Those of Utter Strangers.

Home testimony is real proof. Public statements of Oxford people carry real weight. What a friend or neighbor says compels respect. The word of one whose home is far away invites your doubts. Here's an Oxford man's statement. And it's for Oxford people's benefit. Such evidence is convincing. That's the kind of proof that backs Doan's Kidney Pills. J. L. Garrett, 62 Spring st., says: "I have used Doan's Kidney Pills with the best of results. I suffered with kidney complaint and a lame and aching back. Doan's Kidney Pills proved a most reliable medicine."
OVER FOUR YEARS LATER, Mr. Garrett added: "Whenever I have needed a medicine to regulate the action of my kidneys, I have used Doan's Kidney Pills and they have always given me splendid relief."
Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Garrett had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

Sow Wood's Cow Peas

After Harvesting Grain Crops
Farmers should make every preparation to sow all the COW PEAS possible after harvesting grain crops this year, so as to increase the fertility and productivity of their lands for crops to follow.
The Sowing of Cow Peas at the Last Working of Corn
It is also to be strongly recommended. Farmers who have practiced this claim that the sowing of Cow Peas in corn increases the yield of corn, and at the same time it makes a most desirable soil-improving or forage crop.

Rifle or Pick.
(Francisco Chronicle.)
Some of the men to whom Uncle Sam will offer the choice of a rifle or a pick will look more awkward with the pick than with a rifle. There are far more useless people in this world than one imagines, but a lot of these who look useless are merely lazy and can be made to work.
