

FT BOARD ENTER ON FINAL WORK OF THE WAR

Classification of Men Over Thirty-Six Ordered Discontinued.

In regard to the work of the exemption boards the following order has been received from Provost Marshal General Crowder by Captain McCargo of the State Department.

"The Secretary of War has today issued the following order to the Provost Marshal General.

"You will at once instruct State headquarters and local district boards immediately to discontinue all work connected with the classification of men who on September 12, 1918, had attained their thirty-seventh birthday. You will, finally, at the earliest appropriate moment direct all local and district boards to issue questionnaires to all registrants who on September 12, 1918, had attained their eighteenth birthday and had not attained their nineteenth birthday, and to proceed with and complete as early as possible the classification of such registrants."

"Further orders will be issued later covering the matter of sending questionnaires to and classifying eighteen-year-old registrants.

"In entering pursuant to the foregoing instructions upon what seems, in view of the mighty events of the day, to be the final work of this character to be done by the selective service system, I extend to the members of the system my personal congratulations upon their truly great achievement of the past year and a half, achievements that have taxed to the utmost the time, the ability, and endurance of all those engaged in the work, and that have furnished the army to which in large measure must be given the credit for saving to the world both civilization and government by the people hereby to you, members of that system, must come a sense of duty well done which patriotism, and devotion such as yours can bring. The country and the world knows that it owes to you a debt of thanks and gratitude which cannot be measured by words but only by the affection, the respect, esteem, now yours, of those among whom you live and from whom you live and from whom you have taken that which was beyond price....

"In undertaking the completion of your work under orders above given, bespeak of you the same interest and tireless energy which has characterized your work in the past."

THE GERMAN SHIPS.

A Transport That Carried Fourteen Thousand Boys.

(Charlotte Observer.)

With the new turn-over of German ships the Allies will have quite an abundant supply of German bottoms.

When the United States declared war with Germany these ships were seized and equipped for service in transportation of troops and supplies. They gave useful service, too. One of these vessels, a crack German passenger liner, lay at anchor in the North River one night and next day she had disappeared. It was not permitted to say so at the time, but that converted German steamer carried out the entire Camp Greene command of 14,000 Northwestern boys, with a couple odd hundred from other camps to fill up space. This country will always regard itself beholden to the German Government for the use of some of the biggest and swiftest ships in the world in the carrying over of a couple of millions of the finest soldiers in the world.

ORDERS GIVEN TO THE AMERICAN TROOPS

Strictly Forbidden to Have Any Communication With the Enemy.

WITH THE AMERICAN FORCES IN FRANCE, Monday, Nov. 15—Orders announcing that the armistice between the Allied powers and Germany had been signed and giving directions as to the future conduct of Allied soldiers along the line were sent to every corps this morning. They were transmitted to the units in the front ranks. The orders follow:

"1. You are informed that hostilities will cease along the whole front at 11 o'clock a. m., November 11, 1918, Paris time.

"2. Allied troops will pass the line reached by them at that hour and date until further orders.

"3. Division commanders will immediately sketch the location of their front line. This sketch will be returned to the headquarters by the courier bearing these orders.

"4. All communication with the enemy both before and after the termination of hostilities is absolutely forbidden. In case of violation of this order severest disciplinary measures will be immediately taken. Any officer offending will be sent to headquarters under guard.

"5. Every emphasis will be laid on the fact that the arrangement is an armistice only and not a peace.

"6. There must not be the slightest relaxation of vigilance. Troops must be prepared at any moment for further operations.

"7. Special steps will be taken by all commanders to insure strictest discipline and that all troops be held in readiness fully prepared for any eventuality.

"8. Division and brigade commanders will personally communicate these orders to all organizations."

Conquers Rheumatism In a Very Few Days

It is an established fact that a small dose of Rheuma taken once a day has driven the pain and agony from thousands of racked, crippled and despairing rheumatics during the last seven years.

Powerful and sure; quick acting, yet harmless and inexpensive, Rheuma gives blessed relief almost at once. The magic name has reached nearly every hamlet in the land and there is hardly a druggist anywhere who cannot tell you of almost marvelous cures.

If you are tortured with Rheumatism or sciatica, you can get Rheuma from J. G. Hall, or any druggist, with the understanding that if it does not completely drive rheumatic poisons from your system—money back.

For Conspiracy. Thirteen officers and employes of the Coastwise Lumber and Supply Co., New York, have been arrested charged with a conspiracy to defraud the government through not delivering lumber for which the government paid. The company's contracts are reported to aggregate \$2,000,000 to \$3,000,000 and the lumber was to be supplied to camps.

NORTH CAROLINIANS WILL LOSE GOVERNMENT JOBS.

Control of Congress by Republicans Presages Many Changes in the Personnel of Employees.

There will be a great return of Washingtonians to North Carolina next year, when Senators Penrose and Lodge take charge of things in the senate and Representatives Mann and Forney in the house. From the offices of Senators Simmons and Overman and Tar Heel members of the house an outpouring of young men will be witnessed.

From Senator Simmons' committee will go Frank A. Hampton, Col. C. B. Webb and others. A. L. Diggs who came here from Asheville to connect himself with the senate rules committee, will give way to some Republican. Mr. Diggs is a hot-headed, hard-working Democrat. He belongs to the mountain clans.

Mr. Hampton may be on the way to the office of lieutenant governor by that time. His name has been mentioned in connection with that place. Mr. Webb may revive his tombstone business. He has bought his home here and may remain in Washington.

Samuel S. Mann, of the House Committee on rivers and harbors, will trek back to Nag's Head.

Seth E. High, the faithful, now with the Ways and Means Committee may return to the soil around Wilson.

Augustus L. Quickel, of the House judiciary committee, may return to Lincolnton to resume the practice of law.

There will be other changes.
