

A Wife Says:

"We have four children. With the first three I suffered almost unbearable pains from 12 to 14 hours, and had to be placed under the influence of chloroform. I used three bottles of *Mother's Friend* before our last child came, which is a strong, fat and healthy boy, doing my housework up to within two hours of birth, and suffered but a few hard pains. This liniment is the greatest remedy ever made."

Mother's Friend

will do for every woman what it did for the Minnesota mother who writes the above letter. Not to use it during pregnancy is a mistake to be paid for in pain and suffering. *Mother's Friend* eases the patient with a strong body and clear intellect, which in turn are imparted to the child. It relaxes the muscles and allows them to expand. It relieves morning sickness and nervousness. It puts all the organs concerned in perfect condition for the final hour, so that the actual labor is short and practically painless. Danger of rising or hard breaths is altogether avoided, and recovery is merely a matter of a few days.

Druggists sell *Mother's Friend* for \$1 a bottle. The Bradford-Regulator Co., Atlanta, Ga. Send for our free illustrated book.

INSOMNIA

"I have been using *CASCARETS* for insomnia, with which I have been afflicted for over twenty years, and I can say that *CASCARETS* have given me more relief than any other remedy I have ever tried. I shall certainly recommend them to my friends as being all they are represented." THOS. GILLARD, Elgin, Ill.

STOPS PAIN

Athens, Tenn., Jan. 27, 1901. Ever since the first appearance of my meninges they were very irregular and I suffered with great pain in my hips, back, stomach and legs, with terrible bearing down pains in the abdomen. During the past month I have been taking *Wine of Cardui* and *Theodore's Black-Drum*, and I passed the monthly period without pain for the first time in years. NANNIE DAVIS.

What is life worth to a woman suffering like Nannie Davis suffered? Yet there are women in thousands of homes to-day who are bearing those terrible menstrual pains in silence. If you are one of these we want to say that this same

It is all right to joke about a "nigger in the woodpile," but a "nigger" at a white man's dinner table is no joke.—Greensboro Record.

Those "commercial" democrats who believe so strenuously in free thought and free speech and free action, should not criticize the president for eating with a negro.—Charlotte News.

The negroes in Georgia seem to be doing pretty well. According to official reports they now own \$15,628,811 worth of taxable property, an increase of more than a million dollars over last year.

The Methodist preachers of Philadelphia endorse Roosevelt's dining Bookers Washington. That's the sort of thing that prevents a union of the southern and northern churches.—News & Observer.

Spain now has an iron and steel trust modeled on American trust principles. The shooting up which was given to Spain three years ago seems to have convinced her this a good country to imitate.

Forty-year-old James Meridy, of Barbourville, Ky., was divorced from his thirteenth wife on October 16 and married his fourteenth the same day. Four of his wives are dead, nine have been divorced and the fourteenth was a widow.

Mr. and Mrs. Morris Pratt, of Whitewater, Wis., have offered to give a brick block in that place valued at \$30,000 to the National Spiritualists' Association of the United States, provided the property is devoted to the cause of spiritualism.

The director of the Iowa Crop Bureau estimates the corn crop of the State this year at 225,000,000 bushels, which is 55,000,000 more than indicated by the September report of the U. S. Department of Agriculture, but 35,000,000 less than the average for twelve years.

Nothing teaches charity toward the short-comings of others, like the knowledge of one's own moral limitations. Never to criticize a fallen brother without feeling that you could, and probably would have yielded to the same temptation, had you been in his place—this is applied religion.

The death penalty for murder has been restored in Colorado and Iowa. In both states the imprisonment for life experiment resulted in a largely increased list of homicides. There are now only four states in which the death penalty is not inflicted—Wisconsin, Michigan, Maine and Rhode Island.

Greensboro Telegram: It does not pay to be absent from the court room when you are a witness before Judge Shaw. He imposed a fine of eighty dollars upon several persons including the chief of police of High Point for their failure to be present when their names were called they could not be found.

The biggest snake story of the season is told by a sea captain just arrived at New York from Java. When about 43 miles off Ceylon his ship ran into a colony of snakes, two miles wide and fifteen miles long, snakes of an unknown species about three feet long which seemed to be feeding on some substance thrown up by some volcanic upheaval.

A Coffeyville, Kas., woman has brought suit against five joint keepers for \$10,000 damages on the ground that they sold liquor to her thirty-two-year-old son against her protest. She alleges that during the past three years her son was drunk on 810 days—so drunk that she had to take care of him. On the remaining 285 days he was only partly sober. The mother demands \$4,050—or \$5 a day—for her services in caring for her son 810 days, and the remainder of the loss of her son's support, etc.

He Is The Man.

We are for Judge Clark for Chief and because he deserves the honor and because he is not a man in the state better equipped for the place. He has made the state his debtor along many lines and the honor to which he is worthy aspires will be a small recompense for the service he has done and is doing for his beloved Carolina. He will not be sacrificed to gratify a few soreheads who cannot spell the first syllable of loyalty. They are for Hoke, Justice, Connor or Long, not they love them more, but Clark less. We have no warfare to make upon those good democrats, who deserve well of their party, and have been honored by it, but we protest that Judge Clark deserves fair treatment and that they cannot afford to lend themselves to any scheme of his enemies to humiliate him for having refused to bow the knee to the railroads and cigarette trust.—Webster's (Reidsville) Weekly.

Two cars salt in all size sacks from 25c to \$1.25 a sack at Crenshaws.

Civil Rights Question.

Why should not a Republican president—mind you, a republican president—dine with a negro? Have not the republican heeler locally in the south, been the great clamor for civil rights for forty years? Has the republican heeler locked arms with the brother in black and marched solid phalanx to every voting precinct in the South, since the civil war and patted him on the back and told him he was as good as a white man? We feel a delicacy in criticizing the action of gentlemen in their exchange of social courtesies, and especially do we feel a delicacy in saying anything that might appear to be a critical scrutiny of Professor Washington's conduct upon this particular occasion but it seems to us that the proper thing for Prof. Washington to have done would have been to decline the invitation and withdraw.—Charlotte News.

Kodol Dyspepsia Cure is not a mere stimulant to tired nature. It attacks the stomach, cools and absolute rest by digesting it, food you eat. You don't have to diet but can enjoy all the good food you want. Kodol Dyspepsia Cure instantly relieves that distressed feeling after eating, giving you new life and vigor.

A Brooklyn man lived without missing his stomach for fourteen months after the surgeons had removed it. But the New York World thinks this is not nearly so remarkable as the fact that some men live right along for years without knowing that they are without brains.

A Typical South African Store.

O. R. Larson, of Bay Villa, Sundays River, Cape Colony, conducts a store typical of South Africa, at which can be purchased anything from the prov. rial "needle to an anchor." This store is situated in a valley, nine miles from the nearest railway station and about twenty five miles from the nearest town. Mr. Larson says: "I am favored with the custom of farmers within a radius of thirty miles to many of whom I have supplied Chamberlain's remedies. All testify to their value in a household where a doctor's advice is almost out of the question. With one mile of my store the post office is perhaps sixty. Of those within the past twelve months, no less than fourteen have been absolutely cured by Chamberlain's Cough Remedy. This must surely be a record." For sale by J. G. Hall.

The largest chinquapin tree in the world is said to be on the farm of Dr. W. W. Parks, near Seven Springs. It is said to be 50 years old, ten feet in circumference and to yield an average of two bushels a year.
