womanly diseases pains and nervousness. It makes weak women strong and sick women well. "I deem it my duty to express my heartfelt gratitude for having been the means, under Providence, of restoring me to health," writes Providence, of restoring me to health," writes Mrs. B. H. Munn, of Springhill, Leon Co., Fla. "For nearly two years I suffered from female weakness so I could not stand on my feet any length of time; could scarcely walk at all. Appetite was much impaired; I had bearingdown sensations; can't express how badly I did feel. Had tried several kinds of medicine which did me little or no good. At last decided to try Dr, Pierce's Favorite Prescription. I had not taken all of two bottles before I saw it was benefiting me, so I continued to take it until I had taken seven bottles, when I felt entirely cured. Did not feel a touch of my old complaint. It has been over a year since I took your medicine, and I can truthfully say that my health has been better for the last year than it had been for four years previously.

TAX REDUCTION.

Although it was announced from Washington a few days ago that President Roosevelt is not at all alarmed by the surplus in the treasury but on the contrary regards a little extra cash as a good thing to have in hand, it is now reported that he wants the war taxes reduced and that a caucus of the Republican members of the house is about to be held to outline the policy to be pursued in reducing them.
