The Oxford Savings Bank.

We have in this issue an attractive advertisement from the Oxford Savings Bank, which our readers will carefully read. The establishment of this bank is a great advantage to this section, and especially to our young people who should early learn to save their earnings, and also to our laboring people who can by this means save small amounts at a time. People should think of saving as well as getting, for "a dollar saved is a dollar made." Let our people try the savings system and they will soon find that they will have a nice sum laid by for a rainy day. Save your earnings.

GRANVILLE SUPERIOR COURT.

Judge Neal's Charge to Grand Jury an Able One—Solicitor Brooks, &c.

Granville Superior Court convened in Oxford Monday at 11:30, the train being late and the judge opened the Court about that hour.

Judge Walter H. Neal, of Laurensburg, is presiding and we think with credit to himself and entire satisfaction to the bar and to the people. He is personally a man of fine appearance, but unassuming in manner, but is dignified and wears the judicial ermine with ease and grace and dispatches business promptly. We have heard no unfavorable comments on his rulings and believe he is fair, impartial and merciful when the necessity of the case requires it, but at the same time does not hesitate to enforce the law rigidly when necessary.

On the assembling of the Court the following excellent gentlemen were drawn as grand jurors: Claude L. Allen, Foreman, J. C. Frazier, J. L. Clark, Jr., Wm. A. Blackley, D. N. Hunt, J. F. Esry, W. T. Hight, J. H. Gosh, R. L. Burnett, Eugene Gary, D. S. Howard, R. S. Williams, A. B. Spencer, R. L. Tingen, W. F. Lyon, Nat Jones, W. B. Curran, D. W. Hart, Barney Dixon was the officer who waited on the jury.

Judge Neal's charge to the jury was clear, forcible and to the point. It consumed about 1 1/2 hours and covered briefly but fully the criminal law of the State. He especially emphasized the law in regard to carrying concealed weapons and the law on fornication and adultery. He spoke of how often the law forbidding the carrying of concealed weapons was violated, and urged the grand jury to do their duty and to indict those who were guilty of this offense, whether high or low, rich or poor.

He spoke earnestly and eloquently of the ruin to society wrought by allowing illicit intercourse between parties whom the people knew were guilty of such conduct. He spoke of the purity and sanctity of the married state as a divine institution established in the Garden of Eden and of the importance of allowing no violation of it either by allowing improper relations in the home or by not punishing fornication and adultery and thus destroy the institution of marriage.

After the charge was over we heard a further inquiry whether or not the judge had been a preacher as he was powerfully well versed in the scriptures and could not doubt preach a good sermon.

It is generally admitted that Judge Neal is one among the best judges who has presided here in years. We hope and believe that his strict will keep him on the bench for years to come, as he is an honor to the district, the bench and the State. Judge Neal has never sought nor held office before the Judgeship. He has been an able and successful attorney for 29 years and during that time sought no office and accepted none. He has been content to serve in the ranks of the Democrat party, the glorious and grand party of the people, but there he did some of the best work ever done in the State and was one of the prime movers in ridding North Carolina from Negro-Rep-Pop-Rule and latter-day carpet buggers of 1866-98. He is a self-made man and a good one, and has raised himself to distinction by the strength of his character and the force of will. Long may he live to hold the scales of Justice.

They do not make any better or more efficient Solicitors than A. L. Brooks, who cannot be excelled, with a brilliant record behind him, did not arrive until Monday night, but Mr. Murphy, a young attorney from up-to-date Greensboro with no scales to mar his progress in this end of the district, came on Monday and filled his place as Solicitor very acceptably until Tuesday.

Court will continue through the week and it is not probable that the docket can be cleared in that time.

Some 20 minor cases have been disposed of by submissions and payment of fines and cost.

The people are deeply interested in the protection of the purity of our young women and hence the expected show-up of T. S. Rogers, who is charged with rape on the person of Miss Harris, in the face of \$500 reward, failed to show up for trial, although those near to him said he would, but the editor never believed it. We believe the summoning of so many witnesses was a pure game of bluff, and that Rogers had no idea of coming to trial, even according to rumor, he has been in the county ten days in the face of the officers of the law of the once great county of Granville. We do not hesitate to say that we do believe a single officer in the county has made any effort to bring Rogers to justice. The case was called Wednesday and continued, and called Tuesday for Rogers.

Your message ought to be properly addressed, you cannot afford to use any stationery but the right sort. You can get the right kind of stationery at Hall's Drug Store.

Our stationery, inks, pens and pencils are the best ever made or handled. Come to Hall's Drug Store and you can get what you want in this line. Phone 72.

HURRAH FOR BILL KITCHIN!

Ex-Judge Graham and Gen. B. S. Royster Not Candidates for Nomination.

We note in our exchanges that the field is full of candidates for the nomination for Congress in this, the Fifth District. We believe all the gentlemen whose names have been mentioned are good men, but as but one can be nominated it is wise that the District nominate the most desirable man from every standpoint. And in deciding who that man is should by all means consider his availability, his capacity, his experience and his past record and character. While we believe all the candidates in the field are worthy men we can say without hesitation that Hon. W. W. Kitchin combines all these qualities more perfectly than any other man who is in the field.

In the first place he has the experience and that counts for much. In legislation as in other things, it requires time for the best man to prepare himself to make a good Representative in Congress. During the first term he only learns the "ropes," and after that he gradually progresses, the longer he stays the more efficient he becomes. Everybody well knows that Mr. Kitchin is a far better Representative than when he was first elected, though he was always a good one. He is also the most available man and can poll a larger vote than any other man in the district. But best of all he is a man of great abilities, a man of solidly, of great influence at the National Capital, and a man about whose good name there has never been the slightest taint of suspicion. All things considered the State has produced few such men as W. W. Kitchin.

Of course if either Gen. B. S. Royster or Ex-Judge Graham were candidates for the nomination for Congress we would be for them first, but we are informed they are not, and we are for W. W. Kitchin first, last and all the time. We are always first for our home friends, and especially for such estimable men as Judge Graham and General Royster, but while their names have been mentioned in the papers they are not in the race, and old Granville will be sold for the nomination of the gallant Kitchin.

Dr. Hall Lecture.

A right large audience greeted Dr. Wm. Edwin Hall, of New York City, who lectured at the Oxford Seminary last Monday evening. Dr. Hall's subject for this occasion was, "How to get married and how to stay so," which he handled in an admirable manner. He combines a high sense of humor with a deep pathos and a strength of feeling which is equaled by few lecturers. He is a mimic and impersonator of rare gifts. His lecture in Oxford was well received as was evinced by the hearty applause.

Back From Oklahoma.

The Old Maids who are just back from Oklahoma, will appear at the Opera House on next Friday evening, Feb. 7th. They did not reach Klondike as they expected when they left Oxford and as was announced in our last issue. They went as far as Oklahoma and upon invitation of Mr. Walter Stradley, who was journeying there and kindly showed them many attractions and introduced them to gentlemen who did not fail to respond to their smiles or to appreciate their charms. The result was a consummation earnestly desired—the marriage of several of the anxious maids. Do not fail to see them if you want to enjoy a good laugh.

Don't Miss It.

What? Geo. L. Palmer's production of "Ten Nights in a Bar Room" at the Opera House Monday night, Feb. 24th. They have with them this season on the brilliant little Child Artist, Verna Marie, who cleverly depicts the important role of Mary Morgan the drunkard's child has been a surprise to the theatre goers everywhere. Her talents are rare indeed, and her action and gestulations are wonderfully intelligent and finished. She is unquestionably the greatest child actress known. That the company pleases is a self-evident fact as the press everywhere speaks in the most complimentary manner of it.

Geo. L. Palmer's Company presented "Ten Nights in a Bar Room" at McDonald's Theatre at matinee yesterday and again last night. Splendid audiences were present at both performances. The Palmer Company carry its own scenery for this production and the play was put on with great care. The company is good and the show gave entire satisfaction.—Montgomery Ala., Advertiser, Jan. 2, 1902.

Our note paper is a delight to people who can appreciate it. We want you to see, enjoy, and buy at Hall's Drug Store.

I offer for sale a tract of land containing 156 acres lying 1 1/2 miles northwest of Creedmoor, known as the Vaughan place. Has dwelling and out houses on it. Apply to W. L. Frazer.

FOR SALE—A good mule, and also I wish to buy a good horse, 10 barrels Jerusalem or White French Artichokes, \$2.25 per barrel. Will keep hogs fat from 1st of November until May. Plant a barrel for your hogs. J. R. PAOR, Oxford, N. C.

ELECTRIC LIGHTS MUST BE HAD.

Let Mayor Minor Call a Meeting of the Taxpayers and Settle the Question.

Oxford is in pressing need of several new enterprises just now, but the most urgent need at present is Electric Light.

We again urge upon our authorities the importance of taking some immediate step in this direction. While the interest is high let our authorities make a move and not allow the project to fall for the want of earnest effort.

As we have said before we do not urge any particular plan of obtaining the plant. If the town does not feel like trying to own its plant, then let us make a deal outside, but let us have the lights. The great up grade movement in Oxford demands it. The town can afford the lights—much better than it can afford not to have them. The cost compared to the benefit gained will be very considerable.

The editor has talked with quite a number of our citizens and feels confident that the general consensus of opinion is that Oxford should have Electric Lights, and that in the near future. We have been gratified by many on our last article on this subject and for that reason we know the people are with us.

We believe the taxpayers of Oxford demand it and they are the ones who should be consulted, for they have the bill to pay. We also feel sure that our progressive young Mayor is with the people. We would suggest to him that he call a meeting of the citizens of the town and get an expression from them, which will start the movement on a solid basis.

Let us Act Now on this important matter. Let us not quibble over plans, but let public opinion and good judgment suggest the plan and then let us carry out the plan proposed. Much depends upon prompt and decisive action. Let the town not fail for want of the enterprise and vim to carry this enterprise to success. Down with kerosene lamps and up with Electric Lights, as the oil sold these days is very poor and must be watered stock.

Asking a Blessing.

Here is lapsus lingue, which had its origin in a Sunday-school out in the mission. The superintendent was making a fervid prayer a few Sundays ago and asked divine blessing upon each and every enterprise in which the school was interested. He closed his petition to the throne of grace in the following words:

"And now, Oh Lord, bless the lambs of this fold and make them meet for the kingdom of heaven. Amen."

Thoughts of Home.

The strong man who goes out into the field to toil for his loved ones may think longingly sometimes of the restfulness of home, but he does not desire to leave his labor while it is unfinished. When the task is ended and the shadows began to gather, he will be eager to depart, but not now. Toil is sweetened by thoughts of home. Even the going forth of our loved ones may help us to labor more earnestly for those who have been left behind.

New Mail Route.

The Public Ledger is much pleased to learn that a Rural Delivery Route will be established from Creedmoor March 1st. It will take in part of the Star Route to Grissom and will go into Wake and supply 150 families with a daily mail. This will be a great thing for the people of that part of the county, and they should thank Hon. W. W. Kitchin for it. Our friend Hester will carry the mail and will be certain to make the route a success, and will do all in his power to please all patrons along his route.

CASH TALKS AT PARHAM BROS. CO.

The impression seems to prevail that we do a credit business in preference to cash, but such is not the case, and if you will only give us the opportunity of making you prices on whatever you want we will convince you that we can save you money. We want the best trade in Granville county, and if low prices and square dealing will get it we have no fear of our future among you. In saying we sell everything we are not far wrong. Our line embraces dry goods, dress goods and notions. Shoes for all kinds and conditions. Hats and caps, gent's furnishings of the newest styles and modest type. Hester Brothers celebrated summer clothing, groceries, heavy and fancy, Patagonia superlative patent flour, lard, bran and feed stuffs of all kinds, bugles of renowned quality and superior finish, Hackney Bros, Rock Hill, Corbett and Habcock, Old Hickory & Piedmont Wagons and the greatest line of harness on earth. High grade fertilizer especially. We have just received a car load of young, sound horses and mules and would be pleased to have you call at Mr. R. W. Days stable and examine them. We are leaders for cash or credit and ask for your patronage on a guarantee to sell you what you want at a lower price than others.

The Last Heard of It.

"My little boy took the croup one night and soon grew so bad you could hear him breathe all over the house," says F. D. Resnick, Mansfield, O. "We feared he would die, but a few doses of One Minute Cough Cure quickly relieved him and he went to sleep. This is the last we heard of the croup. Now isn't a cough cure like that what you need? One Minute Cough Cure is absolutely safe and acts immediately. For coughs, colds, croup, grip, hoarse throats and all other lung troubles it is a certain cure, easy to take. The little ones like it." Sugar on the Decline.

While Congress is hammering on the Sugar Bounty question the American refiners are reducing prices. Sugar has possibly reached a lower point within the last few days than at any time within the last 4 years. The prospect is it will go lower. We are enabled by our recent purchases to quote you American Standard granulated at FIVE CENTS per lb. in small quantities. When you want round lots get our special prices.

Death of One of Granville's Trust and Best Citizens.

Mr. James H. Webb was buried on last Friday, Jan. 31st, in the family burying ground on Mrs. Lucy Russell's farm at Tally Ho, in this county. His death occurred the day before, after an illness of some weeks. The funeral services were conducted by the Rev. John E. Wool, of Oxford. His pastor was unable to attend on account of severe sickness in his family.

Mr. Webb was born in Person county, Jan. 2nd 1829. At his father's death, being the oldest brother, he cared for the rest of the family. In 1858 he came to Granville county and lived at Tally Ho. Here he was a merchant until a few years ago. In 1868 he married Miss Kate Russell, daughter of Dr. J. A. and Lucy A. Russell. Mrs. Webb and six children survive him. One son and the two younger daughters are at home. Prof. J. F. Webb is principal of the school at Crisp. Mr. W. James Webb is in business here in Oxford. Miss Addie is teaching in Darham county. They were all with him when he passed away. His brother Mr. W. R. Webb, of Tenn., was also present and another brother, Mr. S. H. Webb, arrived in time for the funeral. Mr. Webb was a soldier in the Confederate Army. He was a magistrate and one of the County Commissioners for years. At one time he was a member of the County Court with the late Mr. John W. Hays. He was a member of the Board of Education at the time of his death. He was a consistent member of the M. E. Church, South, and a steward in that church. No man was more honored and respected in the county. No honest man ever doubted his integrity. Peace to his ashes.
