

Callisthenics

Are a benefit to healthy women. But to women who are suffering from diseases peculiar to their sex they are an injury. When there is weak back or bearing-down pains, headache or other indications of womanly weakness, exercise can only aggravate the condition. The womanly health must be first restored before strength can be developed by exercise.

Dr. Pierce's Favorite Prescription makes weak women strong and sick women well. It does this by healing the womanly diseases which undermine the general health. It stops the drains that weaken women, heals inflammation and ulceration and cures female weakness.

"When I first commenced using Doctor Pierce's medicine," writes Mrs. George A. Strong of Gausewood, Saratoga Co., N. Y., "I was suffering from female weakness, a disagreeable drain, bearing-down pains, weak and tired feeling all the time. I dragged around in that way for two years and I began taking your medicine. After taking first bottle I began to feel better. I took four bottles of Dr. Pierce's Favorite Prescription, two of Golden Medical Discovery, one vial of Pleasant Pellets, also used one bottle of Dr. Sage's Catarrh Remedy. Now I feel like a new woman. I can do my own work and I have a sister who is taking your medicine and it is helping her."

Dr. Pierce's Pleasant Pellets promote regularity of the bowels, and assist the action of "Favorite Prescription." No other laxative should be used with Dr. Pierce's Medicines.

During the month of May 50 new national banks were organized, making 1,010 since the new law went into effect on March 19, 1900.

Every woman loves to think of the time when a soft little body, all her own, will nestle in her bosom, fully satisfying the yearning which lies in the heart of every good woman. But yet there is a black cloud hovering about the pretty picture in her mind which fills her with terror. The dread of childbirth takes away much of the joy of motherhood. And yet it need not be so. For sometime there has been upon the market, well-known and recommended by physicians, a liniment called

Mother's Friend

which makes childbirth as simple and easy as nature intended it. It is a strengthening, penetrating liniment, which the skin readily absorbs. It gives the muscles elasticity and vigor, prevents sore breasts, morning sickness and the loss of the placenta figure. An intelligent mother in Butler, Pa., says: "I would not have been able to get Mother's Friend at the drug store. \$1 per bottle. THE BRADFIELD REGULATOR CO., Atlanta, Ga. Major Gantz, of Fairfield, Iowa, claims the distinction of being the smallest man in the world. He is 26 years old, weighs 30 pounds, and is eighteen inches high. Major Gantz claims the minimum size on ground (that Tom Thumb) was 36 inches high, Commodore Nut a trifle taller, and Mrs. Lavina Stratton still taller. This little man's parents are now residents of Fairfield and are of usual stature.

The Democrats hope to make Congressional gains in the West and the Republicans fear they shall sustain losses in the North and South. Between these two views of the case it seems probable that the division of the next House will be considerably different from that of the present Congress. The Democrats have certainly been furnished with excellent material for their Congressional campaign.

Of ninety boy criminals confined in the Kansas City County Jail in the last six months all but two were victims of the cigarette habit. The probation officer of the county reports further that all of these boys who were induced to give up the cigarette habit were reformed and after their release lived rightly and did well. Those who stuck to the cigarette turned out badly after they were discharged.

There is a five-cornered fight in South Carolina for the seat in the United States Senate now occupied by Mr. McLaurin, Messrs. Lattimer, Hemphill, Elliott and Johnston being the contestants. People down there think it difficult to make a safe prediction as to the winner, though a good many regard Mr. Lattimer's chances as best. Mr. McLaurin's political career in the State is at an end. As one South Carolinian put it: "He went up against Ben Tillman, and he might as well have run into a stone wall."

JOHN T. BRITT, OWNER AND EDITOR.
THURSDAY, - - - JUNE 19, 1902.

A fortune awaits the man who can invent a stomach for millionaires. There are now 900 newspapers in Japan. Thirty years ago there was only one.

Simon Sam, late bounced President of Haiti, is credited with having stolen, while holding his job, all the way from \$1,500,000 to \$8,000,000.

Some girls are lusty ball hitters. An Indiana girl playing golf the other day hit the ball so hard that it caught her father on the fly and killed him.

The Republicans that are expecting tariff revision at the hands of their party should take a day off and think over the Cuban reciprocity situation.

It seems that the brilliant paragrapher of Durham Herald daily thrust at Judge Clark did not keep the Durham Democracy from endorsing him for Chief Justice.

It is said that there are now only three negro postmasters in North Carolina, where three years ago there were scores. No more will be appointed, as they want to make a lily white Republican party in the State.

At the age of 90 years "Uncle Jack" Haydon, as he was familiarly called, died at Fredericksburg, Va., on Saturday. He was during the civil war a guide to Generals Lee and Jackson in the battles around Fredericksburg.

Senator Blackburn, of Kentucky, is not easily induced to walk into a steel trap. He has just remarked: "I am not willing to concede that the President had in mind the Southern States alone when he alluded to lynching."

There is no reason why the thrifty farmers of Minnesota should not have plenty of bread and butter. The mills of that State turned out last year 26,620,500 barrels of flour and the churns turned out over 60,000,000 pounds of butter.

Indiana Democratic State Convention nominated a State ticket and adopted a platform denouncing the policy of the Republican party. The resolutions adopted have the true Democratic ring, and we believe the Hoosier Democracy will gain a victory this fall.

Gov. Jeff Davis, renominated by the Democratic convention of Arkansas, has announced himself a candidate for United States Senator. It seems that turning him out of one church for drinking and joining another did not cut any figure with the Democracy of that State.

The House of Representatives to be elected this fall will be chosen under the new apportionment made since the Federal census of 1900. There are 29 additional districts, North Carolina gaining one, bringing up the total membership of the next House to 386, and there is some uncertainty as to the political changes caused by the reapportionment in several of the States.

The venerable Senator Pettus, of Alabama, remarks: "The secret of living long is to work. I am 81, and happy and healthy as a boy. I notice that all my neighbors who got rich and retired are all dead. I never got rich, and I never retired. I tell you, young man, the most fatal disease I know of is to quit work. It kills every time. Keep working and you'll keep alive."

Some men never know how to moderate their hilarity. One of that kind in Williamsburg, Mass., was so tickled by a joke told that it took him two hours to put on the laugh brakes and when he did he was so fagged out that he fell asleep. When he woke up he couldn't say howdy to his wife, and he hasn't spoken since, although that was about 3 months ago. The doctors think he may come around all right after a while.

At Emporia, Kas., one day last week, a convicted murderer who had been sentenced to 5 years in penitentiary delivered an address of thanks as follows: "I am entirely satisfied with the verdict and the sentence, and I am confident that not one jury in ten would have been so lenient with me. I desire to sincerely thank the court for its just and courteous manner of conducting this trial, and I hope that the blessing of God will remain with you all."

Congressman Lever, of South Carolina, the "baby of the house," said the other day that as the labor question is a live one in his district he proposed to seek admission to some union. "Why, you are just out of college," said one of his hearers, "and never did a day's labor in your life." "Haven't, eh?" said the young member indignantly. "Why, the way I've toiled to get Democratic legislation out of a Republican House makes me fit for membership in a score of labor unions."

One of the attributes of the United States Senate is a large and generous feeling of utter irresponsibility for expenditures. "If one wants a million dollar court house, why, let him have it, if our streams can be deepened, our pools widened, or our fields watered. Are there not millions in the treasury? And since the constitution gives to the House the sole power to originate money bills, our brethren, the members, can stand the outery; we spend and they take the consequences. Therefore the Senators very largely increase the appropriations in which, in the language of political commerce, there is 'pork.' And the House conferees must pare down or throw out what, in the same vernacular, are known as the 'steals.'—EX. PLEASANT MOMENTS.

Value of Ex-Gov. Hogg Was High.
It is told of Ex-Governor Hogg, of Texas, that he had a favorite waiter in a Washington Hotel, and always gave the black man a dollar after eating. He missed Sam from behind him one evening at dinner, when he was served by a strange negro. As Hogg pushed back his chair, indorsed the check for the meal, and reached into his pocket for a coin, he asked the waiter: "Where's Sam?" "Sam's done los' yo', sah." "Lost me?" said Hogg, bewildered. "Yes'ah. Yer see, me an' Sam played pokah las' night. Sam was a losin', an' finally went broke. Den he says ter me 'he'd jus' bet yo' gainst two-dollah's wuth of chips, sah; an' Sam—well, Sam jus' dun los' yo', Mistah Hogg."

How He Figured in It.
The Philadelphia Times says the late James Shakespeare is said to have told a story of a trial wherein a well known politician was charged with having tried to bribe a negro voter. The negro was taken in hand for cross-examination by the defendant's lawyer, who began: "Now, repeat what the defendant said, using his exact words." "He dun said he'd gib me fifty dollahs!" "Now, he didn't speak in the third person! Repeat his exact words. If he said anything, he spoke to you in the first person," interrupted the lawyer. "I doan' think I stands, sah," said the puzzled witness. "I see you don't!" snapped the lawyer, impatiently. "Now, did he say this: 'Sam, I will give you fifty dollahs?'" "No, sah! He dun said nofin' 'bout yer 'cept ter tell me dat if I eber got into any trouble, yo' was de slickest rascal he knew ter fool de judge an' jury an' get me outende scrape, sah. Dat was all he said 'bout yo'!"

A County Affair.
The late "Tom" Marshall, one of Kentucky's most brilliant wags and lawyers, was always as poor in pocket as he was rich in wit. On one occasion, he found the judicial sentiment setting strongly against him; time and time over did the court rule against his process of questioning the witness involved. At last, losing his temper, Marshall turned to the judge and asked: "Will Your Honor kindly fine me ten dollahs?" "For what, Mr. Marshall?" asked the judge. "Contempt of court." "But you've been guilty of no contempt," insisted the judge. "Your Honor, believe me—I never before saw a court for which I had so much contempt as for this!" "Enter a fine of ten dollahs against Mr. Marshall for contempt," ordered the bench, turning to the clerk. "Thanks!" said Marshall. "And now, Your Honor, will you lend me ten dollahs with which to pay the fine?" "Mark Mr. Marshall's fine remitted," ordered the judge, promptly. "The county can better afford to lose it than I!"

The State Convention.

There is no telling what will take place in the State Convention at Greensboro on July 17th. Under the general plan of its organization all kinds of democrats—regular and irregular, the old guard and the bolting, the appointed delegate and the free pass delegate—will have equal voices under the provision that "all democrats who may attend are to be regarded as delegates." The purpose of the free pass delegate will be to overthrow the expressed will of the people as it already has been determined by a certain element that they will either dictate the actions of that body or bring about confusion, disorder, ruin.

It is necessary that the people at large be ready for any contingency that may arise, and in the very great concern we have as to the outcome of the fight for Chief Justice, we seem to lose sight of an equally important matter—the manner of naming our U. S. Senator. In the name of the people I ask that the Convention give us a primary in order that the people may name the man.

The people are the sovereign in this country and to none other does king-like power belong. In matters which vitally concern the people their wishes should be expressed and then be carried into effect. I believe in the doctrine of the "referendum," and our party is committed to this doctrine both by declaration and precedent.

For the sake of the perpetuity of the Democratic party we cannot depart from this doctrine, and I therefore ask the State Convention to give us a primary throughout the State, at which primary the people can say whom they will have the Legislature to elect as U. S. Senator.

We must have a primary for this purpose, and to this end I shall use my utmost endeavor. Will all, who agree with me join in with me such a demand? Let every man in North Carolina (from the mountains to the sea) who is in favor of such a primary speak out, and there will be produced such a loud acclaim that our representatives will know we are in earnest, and will then grant the request. Respectfully,
ROBERT A. FOARD,
Charlotte, N. C.

Read it in his Newspaper.
George Schaub, a well known German citizen of Lebanon, Ohio, is a constant reader of Dayton Volkszeitung. He knows that this paper aims to advertise only the best in its columns, and when he saw Chamberlain's Pain Balm advertised therein for lame back, he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered with the most terrible pains in her back and could get no relief. He says: "After using the Pain Balm for a few days my wife said to me, 'I feel as though born anew,' and here using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take up her household duties." He is very thankful and hopes that all suffering likewise will benefit her wonderful recovery. This valuable liniment is for sale by J. G. Hall.

Virulent Cancer Cured.
Starting proof of a wonderful advance in medicine is given by druggist G. W. Roberts of Elizabeth, W. Va. An old man there had long suffered with what good doctors pronounced incurable cancer. They believe his case hopeless. He got eight weeks' Bitters and applied Bucklen's Arnica Salve which treatment completely cured him. When Electric Bitters are used to expel bilious, kidney and microbe poisons at the same time this salve exerts its matchless healing power, healing poisons, skin eruptions, ulcers and sores vanish. Bitters, 50c, Salve 25c at J. G. Hall.

A Real Friend.
"I suffered from dyspepsia and indigestion for fifteen years," says W. T. Sturdevant of Merry Oaks, N. C. "After I had tried many doctors and medicines to no avail one of my friends persuaded me to try Kodol. It gave immediate relief. I can eat almost anything I want now and my digestion is good. I cheerfully recommend Kodol." Don't try to cure stomach trouble by dieting. Dieting further weakens the system. You need wholesome, strengthening food. Kodol enables you to assimilate what you eat by digesting it without the stomach's aid. J. G. Hall.

President Wagener tells the house committee that the Charleston Exposition Company needs \$150,000 to square its accounts.

Spring Fever.
Spring fever is another name for biliousness. It may be serious, people think. A torpid liver and inactive bowels mean a poisoned system. If neglected, serious illness may follow such symptoms. DeWitt's Little Early Risers remove all danger by stimulating the liver, opening the bowels and cleansing the system of impurities. Safe pills. Never gripe. "I have taken DeWitt's Little Early Risers for torpid liver ever since spring for years," writes R. M. Eversly, Moundsville, W. Va. "They do me more good than anything I have ever tried." J. G. STATE GLEANINGS.

There is no change in the strike situation in the southern portion of West Virginia. On the Chesapeake & Ohio, 12,000 miners are out, and 2,000 are at work. On the Norfolk and Western, out of 14,500 men 1,500 are at work.

The depot of the Southern railway at Davidson was robbed and about \$65 in cash was secured. A negro by the name of Will Armour was suspected of the theft. Today he was arrested in Winston Salem and the larger portion of the money was found on his person.

A London dispatch says: The Imperial Tobacco Company has received a report from the agents it sent to the United States for the purpose of organizing a fight against the American Tobacco company. This report says that a large number of additional agents, buyers and experts have already been engaged, and that architects have been commissioned to design a number of large leaf factories.

Six millions of dollars for commercial fertilizers is a pretty heavy bill for North Carolinians to pay in one year. That was last year's figure. And half that was a dead loss. The rains washed it away or "leached" it out of the soil. This sort of fertilizer is of no permanent benefit to soils. Cotton and tobacco growers are slaves to the "guano habit," as bad in its way as the cigarette habit or a lot of others.

Greensboro Record: Durham is agitating the question of requiring the saloon men who desire license to advertise the fact before-hand. Greensboro has followed this plan for 10 years or more and it works like a top. No one objects to it, the applicants themselves being satisfied. Close them at ten o'clock at night, remove all screens and then watch them and the system beats a dispensary all hollow.

Greensboro Record: Will McAdoo this afternoon was given a judgment for \$110.41 and costs against Clarence Coxe before Justice Pritchett. The case is one growing out of that joke last spring which caused Mr. McAdoo to go to Charleston seeking his sweetheart. An array of witnesses had been summoned two or three times and it is said that the costs will amount to more than the judgements. An appeal was taken to the superior court.

Goldsboro Argus: After working hard all his life and nearing the three score mile post in his journey through this vale of tears, Mr. John Charles Durr, of this city, is about to come into possession of property and money which will enable him to spend his time on this earth where the shadows begin to lengthen, with ease and comfort. He has been notified thro' Mr. Peschau, the German Consul at Wilmington, that there was money and land waiting for him in the Faderland.

Particulars of a tragedy which occurred in Madison county Monday afternoon were learned Thursday. James Rice was killed near Middle Fork by Gus Murray. Murray had accused Rice of slandering his character. Rice was found dying in a cornfield. A bullet had entered his back and penetrated his heart. Middle Fork is seventeen miles from Marshall the county seat, and is a mountain district. Owing to the location of the place it was not until the day following the killing that news of the killing reached the Sheriff and Coroner.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and, therefore, requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case that it fails to cure. Send for circulars and testimonials. Address: F. J. F. A. WERMAN, OF BALTIMORE, SAYS:

Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion. About five years ago my right ear began to ring, and this kept on getting worse, until I had to wear a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever. I then saw your advertisement, accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours,
