A FAITHFUL JURIST.

No True Democrat Can Vote for Truer or Abler Man for Judge than George H. Brown.

There has been much talk all along bout Judge Walter Clark being fearess and untrolled by the trusts and railroads. All this is true, and as our friends know we have been leading in this claim for that eminent jurist and statesman. But we would also emphasize the fact that there is another jurist who is equally as fearless and incorruptible as Judge Clark and that man is Hon. George H. Brown. He has shown on more occasion than one, but particularly on one occasion that he was for the right and for upholding the honor of the courts. He had the nerve and the manliness to ounish a railroad agent who dared to tamper with the sanctity of the courts. There is no man, on the bench or elsewhere, more incorruptable than Geo. H. Brown. As to his ability that is everywhere recognized. In our opinion, and we believe in the opinion of a majority. -Mrs. J. B. Booth and son, Shep- of the people, Judge Brown is the peer of any Jurist in the State. He is easily the strongest man in the field for Associate Justice in any section of the State. We need such a man on the Supreme Court bench of the State. He is pure, capable and fearless. He is no straddler but hews to the line. He would adorn the bench and should not be denied his honor. Let him be nominated! We are glad to say that, in our opinion, most of our people from Granville are strong Brown men and predict his nomination. So might it be.
