February Number New Idea Woman's Magazine.

The principal features of the New Idea Woman's Magazine for February are, as always the utilitarian, and in patterns, descriptions of costume, fancy work, and domestic affairs, there is nothing more helpful to the home-maker now published; but the literary features are equally as valuable. The stories are charmingly told and well illustrated. Mrs. E. A. Osborne's paper upon Lincoln, entitled "A Nation's Patron Saint," is especially appropriate, and Ernest Neal Lyon's poem on Washington emphasizes the patriotic element of the contents. Mrs. Wilson Woodrow's article upon Mrs. Pike as "Mary of Magdalen" continues the series upon the prominent women of the stage.

**DO YOU GET UP WITH A LAME BACK?**

Kidney Trouble Makes You Miserable.

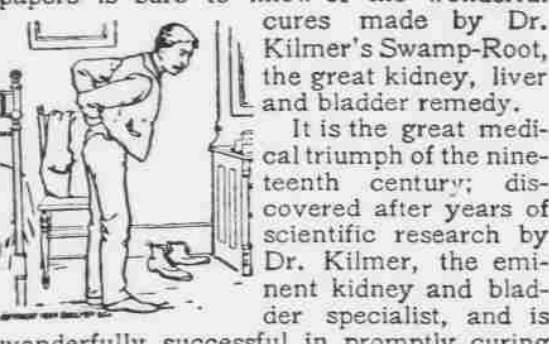

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medicinal triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will find just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble.

When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent and Home of Swamp-Root, dollar sizes are sold by all good druggists.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

**Clay Comments.**

Having returned to Clay from an enjoyable Christmas trip through Halifax, Nash and Franklin counties, and having met with so many warm hearted friends and relatives during my three weeks' stay in that noted old county—Nash—my birthplace, your reporter is again ready and willing to serve them and advance their industries, their christian institutions and their political welfare as well, and to do all in my power to aid the Public Ledger in its grand and noble works during the year 1903.

Mr. D. W. Eakes and daughter paid Oxford a visit Friday.

We rejoice to learn that Oxford has wiped out the whiskey traffic in that booming town. Hurrah for Oxford!

Miss Nannie Gooch, a fascinating young lady of Clay, left Thursday for Lilesville, S. C., to visit her sister, Mrs. Long.

The writer enjoyed a pleasant visit to Watkins last Saturday with the family of W. J. Parker, foreman for the Seaboard Air Line Railway.

Mr. D. L. Beacham, who has been faithfully serving the Seaboard Air Line for some time as a laborer, left for his home—Batesville, S. C., a few days ago.

Mr. Eddie Tunstall, of Corinth section, moved into town last Saturday. Mr. Tunstall is a very industrious young farmer and stands high in the estimation of his people.

I notice there have been some changes and happenings since my last writing—the wheels of changing homes have been turning. Mr. Charley Tunstall has moved over in the Beaver Dam section, and Mr. D. S. Gooch will occupy the W. A. Brazz place near by. Mr. J. H. Boyd, who has been living in Henderson for some time as salesman for the firm of Lehman & Co., will reside with us this year. We welcome you, Mr. Boyd, into our midst.

**Marriage at Oak Hill.**

At the residence of the bride's mother, Mrs. R. S. Eakes, December 23, 1902, Miss Corinna Eakes and Mr. R. O. Curran were happily united in the bonds of matrimony. There was a large crowd gathered to witness the ceremony. The attending couples were: Miss Ella Curran with C. H. Eakes, Miss Lella Eakes with W. T. Wilkerson, Miss Alice Eakes with R. L. Eakes, Miss Ada Curran with W. R. Seat, Miss Annie B. Wilkerson with A. T. Williams, Miss Mattie Eakes with B. F. Blackwell. After the ceremony was over the bride and groom with a train of nineteen bugles and many on horseback went to the home of Mr. Curran, where there was a sumptuous supper awaiting them, which was heartily enjoyed by all.

**Satterwhite Sauce.**

People can now very well complain of bad roads and cold weather.

Quite a number of people visited this community during the holidays.

We are, along with most of the farmers, one year ahead on ranshions.

Farmers begin to pull themselves together and make ready for another crop.

Pig killing time is on hand now and our farmers will kill and have killed some fine ones.

Owing to the great decline in the price of tobacco we think much less will be planted in this section unless it should advance again.

During the past two months the fox, deer, bird and rabbit hunters had a real big time, and now it is time for them to close in and go to work.

Miss Corinna Eakes and Mr. Richard Curran were made one in each other's love during the holidays. They were married at Mountain Creek church. Mr. S. R. Williams and Miss Grace Royster and Mr. Charley West and Miss Sarah Puckett were also married during the joyous holidays, and we wish them all great happiness. It is an old saying when you see so many people getting married there is generally a tight year.

HAMMER.

**Culbreth Cullings.**

Another year with its duties and possibilities, pleasures and sorrows, joys and gladness, and sadness and disappointments is now before us.

A few days before Christmas a negro boy called Will Allen and his little brother were out hunting when Will shot at his brother for fun but did not hit him. Serious accidents might occur from such foolish fun.

Mr. R. H. O'Brian, one of the fine-looking young men of our place, went all the way to South Carolina to spend his Christmas and is now forced to content himself with the pleasant memories. Sic transit gloria mundi.

Mr. J. M. O'Brian, of the Enon section, moved to Mr. Sol O'Brian's place before the Christmas tree yielded its beautiful fruit—about the time that the wintry blast gave cold weather curve to the shoulders of the sturdy countryman.

Owners of breech-loading guns and setter and "possum dogs seem to think that this old world was made and is kept in existence for their especial benefit. Like the rich man of old they are bent on the best thing of this world.

Miss Joanna O'Brian killed three pigs one year old, the heaviest one weighing 412 pounds. The three together weighed 1,159 pounds. Mr. J. H. Adcock killed three pigs, the lot making 1,002 pounds of pork. Mr. R. H. Curran killed two 1½ year olds, the heaviest tipping the beam at 490 and the runt pulled down the beam at 380 pounds.

LITTLE.

**Dexter Dots.**

Dexter has increased in population considerably lately.

Mr. Ollie T. Barker and family, from Vance, are now residents of our town.

Miss Alma Wilson, of L. F. College, spent the holidays with her parents at this place.

Our farmers start to work with but little encouragement so far as tobacco is concerned.

Mr. Walter Wilkerson has had two or three cases of pneumonia in his family but we hear all are better now.

Mr. Cary Wilson and family, from Vance or near Hermon, now occupy a nice new dwelling on Huntsboro street.

Rev. Harkless Hicks has purchased a lot just outside the corporation and has erected a nice and comfortable house on his own lot.

The holidays are over and things are getting quiet and some are getting down to work. Our merchants all enjoyed fine trade during the fall season.

Mr. Presley Dixon died on the night of Dec. 16. He had many friends and relatives. A large number of people met to pay the last tribute of respect. The burial service was conducted by D. N. Hunt.

Our public roads are in a dreadful condition now. You can scarcely get over them at all. If the bond issue could come to a test now at the ballot box we think it would be carried by as large a majority as it was defeated at the last election. Judge Graham is back to make laws for us again bonds or no bonds. Every citizen should be proud that we have such men as A. W. Graham and A. A. Hicks to look after making our laws. Our interests are safe in their hands.

**Salem Sayings.**

We had a fine fox chase on the 23rd and 25th of December. The fox was turned loose on the 25th but did not run long before it was caught.

We had a family reunion at Rev. W. S. Hester's on Dec. 26th. At the same time and place we celebrated the nineteenth anniversary of our marriage.

It was our pleasure on the fourth Sunday in December to dine with our

# "COLUMBIA SOLUBLE"

friend Squire B. I. Breedlove. A fine turkey was nicely prepared and greatly enjoyed by all.

Supervisors and overseers, take notice that our regular road meeting will be held at Salem the first Saturday in February at about 1 o'clock. A full attendance desired, and you must come out and don't you forget it.

An advertisement in the last Public Ledger deserves credit and mention. He wants to employ a young man to work at the cabinet trade, but says if you use whiskey or cigarettes you need not apply. There is a discount on whisky drinkers and cigarette smokers in every walk of life. The merchant and the business man do not need them in their business.

Marrying has been going on at the rate of two couples to the family in one day. On the fourth Sunday morn in December the writer united in marriage Mr. Ernest Tillotson, of Culbreth, and Miss Carrie Green, of Dexter. On the same day the oldest brother of Miss Green and Miss Wilson, both of Dexter, were married by Squire W. L. Taylor. On the same day and in the same neighborhood our dentist and justice, Dr. R. O. Smith, spoke the words that made Mr. Tommy Cottrell and Miss Puckett husband and wife and sent them on their way rejoicing. We extend congratulations and best wishes. Others to travel the same road now soon.

We rejoice to see the stand the commissioners have taken against whiskey. It is high time for something to be done. Nonsense and tomfoolery to say that it is best to have it. If the old and middle-aged will and must have it let them get it where they can, but let us do something to at least save the boys and children from this great and awful sin. We have thought for a long while that the people of our town had but little interest in men's souls, but it seems that their eyes are beginning to open. We congratulate our doctors for their notice in last week's paper. The writer was at Oxford twice the past week and some said that every day looked like Sunday. Two men were near together and one said to the other I cannot find anything to wet my lips. While the temperance cause is gaining ground almost everywhere, last year was the greatest year for drinking and drunkenness in the history of our town. On St. John's day of last year boys and young men were well drunk before ten o'clock in the morning. This writer feeling that it was unsafe to be on the streets with children left town for home about the time the exercises begun at the Asylum. This is a serious question. If the public schools of Granville county are dependent on the whiskey license for support, let them go by the board and be a thing of the past.

**The Proposed Liquor Law.**

The bill introduced in the lower house of the Legislature Thursday, following the recommendation of Governor Aycock's message, to restrict the manufacture and sale of liquor to incorporated towns, has merit in it. The distillers will of course object to it energetically, and if it puts a great many of them out of business, so much the better for them as well as for the rural communities in which they operate, for the distillation of liquor, as the business is carried on in North Carolina, demoralizes the men engaged in it as well as those who consume the product. Another good effect of the enactment of such a law would be the reduction of the numbers of revenue officers, who are so perniciously active in all campaigns, and their return to productive employments. There is no class of men, distillers or drinkers who are more debauched by these distillers than the revenue officers, especially the store-keepers and gangsters, many of these young men, who must often wink at violations of law in order to hold their jobs. That this bill, or one substantially like it, will pass is a pretty safe prophecy, for the distillers and revenue officers probably have very few friends in the Legislature. The methods by which these two classes conduct their business, and their campaign conduct have been such as to alienate such sympathy as they might otherwise have had, and there will be few to mourn when one loses its occupation and the other its office.—Charlotte Observer.

**The Bill to Regulate Liquor Traffic.**

A bill to be entitled "An Act to Regulate the Manufacture and Sale of Liquors in North Carolina" was introduced by Mr. Watts, of Iredell, as follows:

That it shall be unlawful for any person or persons, firm or corporation to manufacture, sell or otherwise dispose of for gain, any spirituous, vinous or malt liquors or intoxicating bitters within the State of North Carolina except in incorporated cities and towns wherein the sale or manufacture of liquor is not or may not hereafter be prohibited by law. Provided, this act shall not be construed to forbid the sale of such spirituous, vinous or malt liquors by druggists for sickness upon the written prescription of a regular practicing physician having such sick person under his charge. Provided, further, that this act shall not be so construed as to apply to wine or cider manufactured from grapes, berries or fruits raised on the lands of the person so manufacturing, or purchased by the manufacturer from the growers thereof.

Section 2. That it shall be unlawful for any person, person, firm or corporation to manufacture or sell or otherwise dispose of for gain any spirituous, vinous or malt liquors or intoxicating bitters except as herein before provided in any incorporated city or town without first obtaining, as provided by law, a license therefor both from the board of commissioners of the county in which said city or town is situated and from the board of aldermen or city councilmen, or the governing authorities by whatever name called of said city or town.

Section 3. That any person violating the provisions of this act with reference to the sale, or disposition for gain, of spirituous, vinous or malt liquors or intoxicating bitters, shall be guilty of a misdemeanor and upon conviction shall be imprisoned not exceeding six months or fined not exceeding \$200, or both, in the discretion of the court.

Section 4. That any person violating the provisions of this act with reference to the manufacture of spirituous, vinous or malt liquors or intoxicating bitters, shall be guilty of a felony and shall upon conviction be imprisoned not less than four months or more than two years or fined not less than \$200 nor more than \$1,000, or both in the discretion of the court.

Section 5. That any physician who shall make any prescription except in case of sickness for the purpose of aiding or abetting any person or persons who are not bona fide under his charge to purchase any intoxicating liquors contrary to the provisions of this act and any druggist who shall duplicate the prescription of a physician for intoxicating liquors for any person or persons not bona fide under his charge, without the written direction of the physician who gave the same, shall be guilty of a misdemeanor and upon conviction shall be fined or imprisoned for each and every offense or both in the discretion of the court. And all druggists selling intoxicating liquors by prescription as aforesaid, shall keep a record thereof which shall be subject at all times to the inspection of the collector of the district and of the mayor and police officers of the city or town in which said druggist's business is located and any such druggist failing to keep the record aforesaid or refusing to permit examination of such record by the officers named, shall be guilty of a misdemeanor and fined or imprisoned or both in the discretion of the court.

Section 6. That all laws and clauses of laws in conflict with the act are hereby repealed.

Section 7. That this act shall be in force from and after July 1st, 1903.

Another bill was also introduced by Mr. Justice to regulate the manufacture and sale of liquor in the State. This imposes a minimum State, county and town license of \$500 and prohibits the business in towns of less than 500 people.

**Col. W. A. Bobbitt taken for Senator.**

Pritchard.

One of the prominent visitors here in the interest of a senatorial candidate was Col. Buck Bobbitt. An amusing incident was furnished by the Colonel. When he entered the Yarbrough smiling clerk handed him a pen with the hearty greeting, "Glad to see you here, Senator Pritchard." A few minutes after he walked in the barber shop and the chorus greeted him, "This chair, Senator;" "Shoeshine, Senator?" was next fired at him; then, "Nice carriage here, Senator Pritchard," screamed several hucksters. The Colonel bore his honors smilingly until he reached the capitol and a Republican Senator lead him aside to ask advice on the minority policy on the liquor question.—Raleigh Post.

**Judge Graham Redeems His Pledges.**

There is no doubt but that our Populist and Independent Republicans are greatly disappointed at the fact that Judge Graham has thus early redeemed his pledge to the people as the first act passed by the Legislature was the bill to repeal the Granville County Road Law. Judge Graham has also introduced a bill to authorize the County Treasurer to pay Miss L. Lee Ellis \$17.25 balance due for teaching; a bill to restore Chas. R. Thomasson, private Co. E, 46th Reg., to the pension rolls; a bill to amend the law authorizing the Secretary of State to appoint a clerk to index the laws; a bill to put Mrs. Maria S. Jones, widow of James S. Jones, private Co. D, 12th Reg., on the pension rolls; a bill to amend the pension law so as to put widows of Confederate soldiers, who married before Jan. 1, 1868, on the pension list. The law now states that only those married before April 1, 1865, shall receive pensions. This cuts out the girl who engaged herself to a soldier and did not marry him until after the war and maybe until after he had languished in prison for months or years. Those women went through the days of poverty and reconstruction with their husbands and ought to be put on the rolls too; a bill to require the Treasurer to pay all the pensioners the difference between what they received in 1901 and 1902, as last year the fourth class received only \$4.50.

Judge Graham also introduced a resolution calling on the State Treasurer and Superintendent State Prison for information as to the actual cost of the building and permanent plant of the penitentiary and the number of persons now confined there and the capacity of the building.

The speaker has appointed him on the following committees: Rules, Chairman; Education, Chairman; Judiciary, Finance, Pensions, Mines & Mining, Railroads and Railroad Commission.

**Crime in 1902.**

The Chicago Tribune, which makes a specialty of chronicling statistics of casualties, crime, etc., at the end of each year, has not completed its final tabulation for 1902, but it prints a preliminary, approximate statement, which shows that the year which has just passed into history has been prolific in homicides, suicides and executions.

In 1901 there were 7852 homicides in this country, and the number in the year just ended has been nearly a thousand larger. More highwaymen, thieves and burglars appeared in 1902, and they committed 333 murders, as against 193 in the previous year. Altogether crime of the murderous sort was very prevalent in the old year.

There have been, too, about a thousand and more suicides in 1902 than there were in 1901. Over 5000 persons killed themselves, of whom 5000 were men and 8000 women. The number of women suicides is constantly rising.

Of legal executions 144 have been recorded in 1902 as against 118 in 1901. The discrepancy between homicides and executions is very great. Although the homicides of the old year will foot up nearly 9000, only 144 murderers were hung. One murderer was hung while about sixty escaped punishment.

# LANDIS & EASTON!

We extend to our friends and customers our heartiest good wishes for a bright and prosperous New Year, and to thank them for their liberal patronage in the past and to assure them that our every energy will be used in the year to come in giving them "the best for the least money."

We begin the New Year with our annual sale of white goods and embroideries—all new, fresh goods from the largest European and home markets. Special attention is called to our 5, 10 and 15 cent embroideries—the best and prettiest we have ever shown.

## CLOAKS and JACKETS.

We have a few Jackets on hand and to close out we will offer them at and below New York cost. Do not want to carry a sample one over and in order not to do so the prices will be right.

## CLOTHING AND GENTS' FURNISHINGS.

We have made big purchases for Spring and Summer Clothing for both men and boys, and in order to reduce stock and make room, from now till March 1st we will offer special inducements in this department. Do not fail to call if in needs of a suit for self or boy.
