Short Accounts of Happenings Among Our Neighbors.
By Our Correspondents

Endorses Rev. Stradley.

We agree with Rev. Stradley when he says the ladies could do a great deal in forming a new society in regard to young men drinking and smoking. In my boyhood days no young man would have thought of smoking in a parlor nor ride in a buggy with a lady and smoke, nor while under the influence of whiskey. Now it seems the young man that can smoke the most, drink the most, be the most boisterous and use the most slang words is the man while in company. Yes, we think the ladies would do well to form a society to improve the young men's habits.

Resolutions of Respect.

Whereas, in the allwise Providence of God, our beloved pupil, Mary Alice Beasley, has been called from her earthly home to her home in Heaven, therefore, resolved—

1. That we, the members of Trinity Sabbath school, do sincerely lament the death of this lovely child who has been with us, a constant pupil, since her childish lips could lisp the name of Jesus.

2. That we bow in humble submission to Him who in His own good time will reveal to us why He thus bereaves us of this priceless jewel.

3. That we render to the stricken parents our kindest sympathy and pray that God will comfort them and help them to fully realize that this tender bud is only transplanted to heavenly soil to bloom in the sunlight of the smile of God.

DO YOU GET UP

WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for anything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble.

When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent dollar sizes are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

scripture and then kneel down beside her bed and return thanks to God for his goodness and guidance; the 2nd chapter of first Corinthians was the last chapter she read in her room. Her choice song was "Abide With Me." The Lord sent his angel in time of weakness and plea and took her into his fold to abide with him. It is said there is a work that each must do. She has done her's.

Our dear sister and brother that came so near drowning, but were spared—were left here to complete their work. May the Lord help them. No doubt but by our sister being cut off in the prime of life, just as you would pluck a budding rose, will be the saving of many who never stopped to realize their dependent condition. All who knew Miss Ethel mourn her loss. She was so loving and kind always ready to help any one in need. We extend our deepest sympathy to her bereaved people. But we must remember, "The Lord giveth and the Lord taketh."

Clay Comments.

Left out last week.

Capt. B. W. Gooch was in town last Saturday and Sunday visiting his many friends.

The Seaboard Railroad Co. has recently ornamented the daily local mail train that passes by here with a new passenger coach. It is very attractive.

Mr. R. W. Boyd, who has been working the Improved Singer Sewing Machine for all it is worth, returned a few days ago from a several days' trip with favorable results.

We regret to learn of the drowning of Miss Ethel Royster. We hope this will prove a warning in the future. Never risk the great powers of water streams when they are overflowing.

The supervisors of the public roads were slated to meet here last Saturday, but owing to the inclemency of the weather there was not a quorum and consequently there was no business transacted. They adjourned to meet again about two weeks.

Messrs. G. O. and A. D. Pitts were in Henderson last Saturday on business.

Mr. E. D. Farmer, of Augusta, Ga., passed over the Seaboard last Thursday en route for Henderson.

Mrs. Geo. O. Pitts and Miss Lena Grissom spent last Saturday and Sunday with their home people near Kittrell.

Mr. F. L. Pitts, a successful and prosperous young tobacco farmer of near Enfield, was in our community a few days last week.

We are glad to learn that Mrs. W. C. Pittard, who has been quite ill for some time, is fast improving. We wish her a speedy recovery.

Mr. C. K. Hester says he anted pates a gala trip from Clay to Oxford, over the new railroad from Dickerson leading to the county's capital, when completed.

Some of the charming young ladies of Clay have been trying their luck horseback riding. Last Thursday afternoon one slipped from the saddle and her petite foot went into the mud, but as luck would have it she smiled and said I am not hurt.

During the past week we had some beautiful warm days, which remind us and the frogs and all the sweet-throated little birds with all their musical songs that another spring with all its beauties and lovely scenery is fast approaching. We can rejoice with them but let us not forget to sincerely thank the Great I Am for protecting and sparing our lives almost through another somewhat disagreeable winter.

The young people of this and adjoining sections make a rule to meet at the hospitable home of Messrs. C. K. and C. P. Hester the 14th night of February of every year, let it be Monday or any other except Sunday night, they meet to have an enjoyable time, and last Saturday night they met, the writer included. We had some very interesting fireside games and amusements, while cupid was endeavoring to put in his work. The young ladies who were present

The joint committee on finance reported the revenue bill to the house. There are some changes of the bill of 1901. The last changes made were in what is known as the merchants' purchase tax. This is fixed by the committee at 40 cents on the \$1,000 up to 20,000, 25 cents up to \$30,000 and 30 cents above the latter figure. The privilege on dispensaries is put up 2 per cent. on gross receipts; on distilleries, a license tax ranging from \$25 to \$200; on retail liquor dealers \$150 for each six months, wholesale dealers \$200, and beer dealers exclusively \$50; druggists selling liquor \$25 annually, instead of \$50. The tax on photographers is made \$5. Persons can sell wine of their own manufacture at the place of manufacture, in quantities of not less than one gallon and brandy in original packages not less than 5 gallons. One-half of the liquor taxes will go to the state treasury, the other half to the school fund.

Agency of Medical Science.

The tendency of medical science is toward preventive measures. The best thought of the world is being given to the subject. It is easier and better to prevent than to cure. It has been fully demonstrated that pneumonia, one of the most dangerous diseases that medical men have to contend with, can be prevented by the use of Chamberlain's Cough Remedy. Pneumonia always results from a cold or from an attack of influenza (grip), and it has been observed that this remedy counteracts any tendency of these diseases toward pneumonia. This has been fully proven in many thousands of cases in which this remedy has been used during the great prevalence of colds and grip in recent years, and can be relied upon with implicit confidence. Pneumonia often results from a slight cold when no danger is apprehended until it is suddenly discovered that there is fever and difficulty in breathing and pains in the chest, then it is announced that the patient has pneumonia. Be on the safe side and take Chamberlain's Cough Remedy as soon as the cold is contracted. It always cures. All Druggists.

Oxford, N. C., February 12, 1903

By authority this day vested in me by the Sanitary Committee of Granville county, I hereby announce that all Public Meetings, both religious and secular, including Sociables, Receptions, Parties, Festivals, etc., are prohibited in Oxford Township (except the regular church meetings in the town of Oxford) and also in all parts or parts of the county where he may deem such prohibition necessary.

By the same authority I announce that all persons living in North Oxford Township, the Town of Oxford, and those portions of Dutchville and Tally Ho Townships lying East and South of the Oxford and Hillsboro Road.

Just as soon as the Physicians I shall appoint to do the work can reach them, I shall appoint discreet and intelligent physicians who will not vaccinate any person who has any physical ailments or weakness which might render vaccination hurtful to them.
