

AN OLD SORE

Will sour the sweetest disposition and transform the most even tempered, lovable nature into a cross-grained and irritable individual.

If impatience or fault-finding are ever excusable it is when the body is tortured by an eating and painful sore. It is truly discouraging to find after months of diligent and faithful use of external remedies that the place remains as defiant, angry and offensive as ever. Every chronic sore, no matter on what part of the body it comes, is an evidence of some previous constitutional or organic trouble, and that the dregs of these diseases remain in the system; or, it may be that some long hidden poison—perhaps Cancer—has come to the surface and begun its destructive work.

The blood must be purified before the sore will fill up with healthy flesh and the skin regains its natural color. It is through the circulation that the acid, corroding fluids are carried to the sore or ulcer and kept irritated and inflamed. S. S. S. will purify and invigorate the stagnant blood when all sediment or other hurtful materials are washed out. Fresh rich blood is carried to the diseased parts, new tissues form, and the decaying flesh begins to have a healthy and natural look; the discharge ceases and the sores heal.

S. S. S. is the only blood purifier that is guaranteed entirely vegetable. It builds up the blood and tones up the general system as no other medicine does. If you have a sore of any kind, write us and get the advice of experienced and skilled physicians for which no charge is made. Book on Blood and Skin Diseases free.

Theford's Black-Draught

THE ORIGINAL LIVER MEDICINE

A sallow complexion, dizziness, biliousness and a coated tongue are common indications of liver and kidney diseases. Stomach and bowel troubles, severe as they are, give immediate warning by pain, but liver and kidney troubles, though less painful at the start, are much harder to cure. Theford's Black-Draught never fails to benefit diseased liver and weakened kidneys. It stirs up the torpid liver to throw off the germs of fever and ague. It is a certain preventive of cholera and Bright's disease of the kidneys. With kidneys reinforced by Theford's Black-Draught thousands of persons have dwelt immune in the midst of yellow fever. Many families live in perfect health and have no other doctor than Theford's Black-Draught. It is always on hand for use in an emergency and saves many expensive calls of a doctor.

Mullins, S. C., March 10, 1901. I have used Theford's Black-Draught for three years and I have not had to go to a doctor since I have been taking it. It is the best medicine for me that is on the market for liver and kidney troubles and dyspepsia and other complaints. Rev. A. G. LEWIS.

Stovall Short Stops.

Left out last week.

Plant bed burning is all the go in this neck of the woods.

We are sorry to say that we don't think we will get in the new school house this session.

Mr. L. F. Perkinson, of Oxford, was the guest of his father and mother Saturday and Sunday.

Miss Clyde Hart and brother, of Oak Hill, were the guests of Miss Emma Frazier Saturday and Sunday.

We were sorry to receive a telegram from Richmond Monday morning, Feb. 16, saying that Mr. Jack Norwood was dead and the remains would be here on the evening train. The body was taken to his brother-in-law's Monday night and the burial services took place at Island creek church Feb. 17. He leaves a wife, six children and two sisters to mourn his loss. He had been in bad health for the last four months. He moved to Richmond Jan. 8. The Lord give us the Lord taker; blessed be the name of the Lord. A. J. A. X.

—And thus the same old story is fitly rounded out and completed. The railway octopus was to be a very benevolent animal. He would not squeeze anybody for worlds. And now the people of the West find themselves compelled to pay an advance of 33 per cent. in freight rates. The non-affiliated roads may also be in the pool, but they are relatively unimportant. It is the merged roads that are in a position to put on the screws.

More Riots.

Disturbances of strikers are not nearly as grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed. There's nothing so efficient to cure disorders of the liver or kidneys as Electric Bitters. Its a wonderful tonic, and effective nerve and the greatest all round medicine for run down systems. It dispels nervousness, rheumatism and expels malaria germs. Only 50c, and satisfaction guaranteed by J. P. Steadman.

READ IT THROUGH.

'Twould Spoil This Story to Tell it in the Headlines.

To use an eighteenth century phrase, this is an "o'er the top tale." Having happened in a small Virginia town in the winter of 1902, it is a story very much of the present. Up to a short time ago Mrs. John E. Harmon, of Meigs Station, Va., had no personal knowledge of the rare curative properties on Chamberlain's Cough Remedy. "Last January," she says, "my baby took a dreadful cold and at one time I feared she would have pneumonia, but one of my neighbors told me how this remedy had cured her little boy and I began giving it to my baby at once and it soon cured her. I heartily thank the manufacturers of Chamberlain's Cough Remedy for placing so great a cure within my reach. I cannot recommend it too highly or say too much in its favor. I hope all who read this will try it and be convinced as I was. For sale by J. G. Hall.

The unpardonable sin, in the eyes of woman, is not to admire her.

Pneumonia Follows A Cold

but never follows the use of Foley's Honey and Tar. It stops the cough, heals and strengthens the lungs and affords perfect security from an attack of pneumonia. Refuse substitutes. For sale by R. L. Hamilton.

It is easy to gauge a man's emptiness when he is full.

The best pill 'neath the stars and stripes; it cleanses the system and never gripes. Little Early Risers of worldly repute—Ask for DeWitt's and take no substitute. A small pill, easy to buy, easy to take and easy to act, but never failing in results. DeWitt's Little Early Risers absorb the secretions and act as a tonic to the liver, curing permanently. J. G. Hall.

Most men enjoy being found out by the bill collector.

Well Again.

The many friends of John Blount will be pleased to learn that he has entirely recovered from his attack of rheumatism. Chamberlain's Pain Balm cured him after the best doctors in the town (Monro, Ind.) had failed to give relief. The prompt relief from pain which this liniment affords is alone many times its cost. For sale by J. G. Hall.

As an all-round musician the organ-grinder heads the list.

Whats in a Name?

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co., of Chicago, discovered, some years ago, how to make a salve from Witch Hazel that is a specific for piles. For blind, bleeding, itching and protruding piles, eczema, cuts, burns, bruises, and all skin diseases, DeWitt's Salve has no equal. This has given rise to many rous worthless counterfeits. Ask for EeWitts—the genuine. J. G. Hall.

The bunton's progress is painfully interesting to the pilgrim.

Dangers of Pneumonia.

A cold at this time if neglected is liable to cause pneumonia which is so often fatal, and even when the patient has recovered the lungs are weakened, making them peculiarly susceptible to the development of consumption. Foley's Honey and Tar will stop the cough, heal and strengthen the lungs and prevent pneumonia. For sale by R. L. Hamilton.

It's easier to make good resolutions than to break bad habits.

A Remarkable Case.

One of the most remarkable cases of a cold deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and strain got so weak that I could not get up from bed for 10 to 12 days. I tried a number of remedies but to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entire y of the cough, strengthened my lungs and restored me to my normal weight, health and strength."

Obituary.

A Strange Thing.

I see that your correspondent from Stovall said in the Public Ledger that people from that section were going to Henderson to sell tobacco because Oxford had closed her bar-rooms. This is a strange thing. It seems from this that there are people who think they must drink and get drunk every time they carry a load of tobacco to market. They seem to think that the market where whiskey is sold is the best market. As low as tobacco is now, I would think they would rather patronize a market where they would not be tempted to waste their money on a load of tobacco. Many a man sells a load of tobacco and then goes to drinking, gambling and carousing all night long, spending his money and disturbing those who want to rest. Many a man in this way fools away nearly half of what he gets for his tobacco. His family at home are in dread all the time he is gone for fear he will, in his rowdiness, hurt some one or get hurt. And perhaps, too, they may suffer for food and clothing that might have been bought with money spent for whiskey. A drinking man ought never to sell tobacco in a market where there are bar-rooms. He will be sure to waste a good part of his money.

The men about Stovall are in striking contrast with two farmers I heard talking recently. They said they liked to sell tobacco in Oxford now; they could get as good prices there as anywhere else, and then they said we can lie down and rest at night and not be disturbed by drunken men. They declared that closing the bar-rooms had made Oxford a much more desirable market to patronize. These men are right. Open bar-rooms are a curse to the people of towns, cities and country. They ought all to be closed and never opened again. It would make better markets and better people.

J. A. STRADLEY.

A MAN CAN'T swim in shackles.

It isn't a question of his winning a race, but a question of being able only to keep afloat. The man who is suffering from malnutrition is like the fettered swimmer. His stomach and its allied organs of digestion and nutrition are diseased. It is not a question with him of winning in the race for business but of simply keeping up under any circumstances. Whenever disease affects the stomach it is affecting also the blood and the health of every organ of the body. For blood is only food converted into nutrition and nutrition is the life of the body and every organ of it.

Doctor Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It purifies the blood and enables the perfect nutrition of the body which means perfect health.

"For six long years I suffered with indigestion and my liver and kidneys, which baffled the best doctors in my country," writes E. L. Russell, Esq., of Woolsey, Prince William Co., Va. "I suffered with my stomach and back for a long time, and after taking a 'cart-load' of medicine from three doctors I grew so bad I could hardly do a day's work. I would have death-like pains in the side, and blind spells. I began taking Dr. Pierce's Golden Medical Discovery and 'Relief Pills.' Before I had taken half of the second bottle I began to feel relieved. I got six more bottles and used them, and am happy to say I owe my life to Dr. Pierce."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood and lungs.

The Common Sense Medical Adviser, 700 large pages, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

—Here is one editor who is going to rest easy next summer. The Newport News Press says: Every condition of life has its compensations. The man who owns only one suit of clothes doesn't have to lie awake at night worrying about the appetite of the festive moth.

Wise is the man who marries young, makes a hit and doesn't brag about it.

Nothing pleases some men more than to be caught in the act of doing a good deed to the sly.

It Saved His Leg.

P. A. Danforth, of LaGrange, Ga., suffering for six months with a frightful runner on his leg; but writes that Bucklen's Arnica Salve wholly cured it in five days. For ulcers, wounds, piles, it's the best salve in the world. Cure guaranteed. Only 25c. Sold by J. P. Steadman.

A woman can test a man's patience by asking him to thread a needle.

The Stomach is the Plan.

A weak stomach weakens the man, because it cannot transform the food he eats into nourishment. Health and strength cannot be restored to any sick man or weak woman without first restoring health and strength to the stomach. A weak stomach cannot digest enough food to feed the tissues and revive the tired and run down limbs and organs of the body. "Cold Dyspepsia Cures cleanses, purifies, sweetens and strengthens the glands and membranes of the stomach, and cures indigestion, dyspepsia and all stomach," J. G. Hall.

—The enjoyments of life depend largely on ones desires.

THE NEW YEAR!

The Johnson Warehouse, Oxford, N. C.,

Has been given up as the place for farmers to sell their tobacco. Each pile, good or bad, fine or common, brings top market price every sale—no piles neglected, no piles overlooked. Glad to say that wrappers continue to sell well and, along with other grades, always bring top-crust prices on the Johnson floor. The rich and the poor, the big farmer and the little farmer, receive equal justice at the Johnson. I have no "special pets" but am surely a true friend of all. If hard work during the new year, honest dealings and highest market prices for every pile and all grades of tobacco count for anything, then everybody should sell at the Johnson. Sure as you are born the Johnson Warehouse is the place to sell tobacco. I take this opportunity to warmly thank my farmer friends for their very liberal patronage during the year just closed, with the hope that I shall continue to merit their confidence and esteem. Wishing each and every one a happy and prosperous New Year, I am,

Yours very truly,
Z. W. LYON, Prop'r Johnson Warehouse.
