

**Judge Clark's Great Speech.**  
The speech of Chief Justice Walter Clark on trusts and railroad monopolies delivered before the Virginia State Bar Association at Hot Springs, Va., Saturday, was a "hot mover and a gully-washer." There is no more question of its ability than there is of the fact that the distinguished jurist has thus formally served notice on United States Senator Stummons and Governor Aycock that there will be a third candidate in the field for the senatorship two years hence.—Greensboro Record.

**Bucklens Arnica Salve.**  
Has world-wide fame for marvelous cures. It surpasses any other salve, lotion, ointment or balm for Cuts, corns, blains, boils, sores, felons, ulcers, tetter, salt rheum, fever sores, chapped hands, skin eruptions; infallible for piles. Cure guaranteed. Only 25c at J. G. Halls.

**Howard High School, STEM, N. C., Will Open Sept. 28, '03.**  
In an entirely new building erected especially for school purposes, this will give the boys and girls of this community and surrounding country an opportunity to stem the tide to secure an education at a small cost. I will have competent teachers and courses in both music and literary courses.  
All who wish to secure board can obtain same from \$5 to \$8 per month.  
Tuition from \$1.50 to \$3.50 per month.  
Music \$2.50 per month.  
This school is located in a healthy community, convenient to three churches, railroad and telegraph communications, and the moral surroundings are as good as can be found in any community. My aim is to build up a good school at this place and all who give me their patronage can rest assured that their children will have personal attention and best efforts. Correspondence solicited.  
Respectfully,  
J. C. HOWARD, Principal.  
Sept. 3-4.

**Execution Sale.**  
Under and by virtue of an execution to me directed by J. T. Britt, Clerk of Granville Superior Court, on the 8th day of August, 1903, in the case of the Fidelity Bank to the use of R. W. Winston against Leo Lyon, which execution was issued upon a judgment obtained before J. K. Wood, J. P., on the 23rd of July, 1903, and duly docketed in an action then pending in said public auction for cash to the highest bidder on  
MONDAY, OCTOBER 5, 1903,  
at 12 o'clock in the court house door in Oxford, N. C., in order to satisfy said execution of the right, title and interest of Leo Lyon in and to that certain tract of land lying in Devinville township, Granville county, N. C., devised to said Leo Lyon by his father, John Lyon, subject to a lien in favor of the lands of James Mangum, A. A. Lyon, Ed. Sutt, deceased, Mrs. N. H. Waller and perhaps others, containing 50 acres more or less, on August 28, 1901.  
E. H. HOWARD,  
Sept. 3-4. Sheriff Granville County.

**Sale of Land.**  
Pursuant to a judgment and decree of sale made at the April term, 1903, of Granville Superior Court, in an action then pending entitled Julia A. Koonce vs. Sarah A. Willford et al., we will, on  
MONDAY, OCTOBER 5, 1903,  
at 12 o'clock in the court house door in Oxford, N. C., in order to satisfy said execution of the right, title and interest of Leo Lyon in and to that certain tract of land lying in Devinville township, Granville county, N. C., devised to said Leo Lyon by his father, John Lyon, subject to a lien in favor of the lands of James Mangum, A. A. Lyon, Ed. Sutt, deceased, Mrs. N. H. Waller and perhaps others, containing 50 acres more or less, on August 28, 1901.  
E. H. HOWARD,  
Sept. 3-4. Sheriff Granville County.

**Notice.**  
To the Stockholders of the Oxford Cotton Mills: Notice is hereby given of a called meeting of the stockholders of the Oxford Cotton Mills, held at the office of said mills, at Oxford, N. C., on the 15th day of September, 1903, at 12 o'clock in the afternoon, for the purpose of acting upon the proposition to increase the capital stock of said mill from \$125,000.00 to \$175,000.00 and the conversion of the stock of \$125,000.00 into 5 per cent. cumulative, non-voting stock, preferred as to assets and dividends, and the issue and sale of the remaining \$50,000.00 of stock as common stock.  
Each of the undersigned is the owner and holder of some of the stock of said Oxford Cotton Mills. This September 2nd, 1903.  
J. G. HALL,  
J. G. OGDEN,  
Z. W. LYON.  
Sept. 3-4.

**Sale of Land.**  
I will sell on the 6th day of October, 1903, on the premises, to the highest cash bidder, the following tract of land in Granville county, N. C., in Grove township, adjoining the lands of Jas. H. Wilkerson, Peterson Troop and others. This land is well adapted to the growth of tobacco, corn, wheat and all crops raised in this section. The land is known as the old Hanson tract, and about ten miles north-west of Oxford.  
MRS. E. P. WALTERS,  
Adm'r. of E. P. Walters for herself and heirs-at-law.  
Sept. 3-4.

**RYDALE'S TONIC**  
A REAL CURE FOR MALARIA.  
It has recently been discovered that the germs that produce Malaria, breed and multiply in the intestines and from there spread throughout the system by means of the blood. This fact explains why Malaria is hard to cure by the old method of treatment. Quinine, iron, etc., stimulate the nerves and build up the blood, but do not destroy the germs that cause the disease. Rydale's Tonic has a specific effect upon the intestines and bowels, freeing them from all disease breeding microbes. It also kills the germs that infest the veins and arteries. It drives from the blood all poisonous matter and makes it rich and healthy.  
RYDALE'S TONIC is a blood builder, a nerve restorer, and a Malaria destroyer. Try it, it will not disappoint you.

**OUR HAND-MADE HARNESS**  
Is the kind that outlasts the horse. The workmanship and quality of the leather makes it not only probable but certain. We have on hand now lots of this hand-made harness. We would be glad to have you call and inspect it. The price is reasonable and value unquestionable.  
PETE BULLOCK,  
Hillsboro Street.

**County News Notes.**  
**Short Accounts of Happenings Among Our Neighbors.**  
By Our Correspondents

**North Oxford Notes.**  
Mr. R. F. Murray has a pup seven months old that weighs 100 pounds. Curling tobacco, cutting corn and eating watermelon is all the go in this neck of the woods.  
Mrs. I. F. Murray and children are on a visit to her brother, Mr. T. B. Floyd, in Vance county.  
Mr. R. F. Murray has a bee hive in the corner of his house which contains about 255 pounds of honey.  
Mr. Louis de Lacroix has about completed a cow barn at the old Burwell place, and is now treating the residence to a coat of paint.  
After so long a spell of hot, dry weather this section was visited by a severe thunder storm, trash-mover and gully-washer Saturday night, 18. 6, 13.

**Wake Forest Wrinkles.**  
Mr. L. C. Baker and wife, of Henderson, are here on a visit to Mrs. Harriet Baker.  
Mr. T. A. Holaday has returned to his home from a visit to New Bern, and reports fine crops in that section.  
School opened here Wednesday, August 26th, and numerous students have been rolling in on every train for about ten days.  
At the home of the writer there are sixteen boarders, three of them being ladies, and of course times are very noisy around here, so in these wrinkles readers of this paper will please excuse bad spelling and all mistakes.  
The rural letter carrier on route No. 1 from this office is greatly enjoying his trip now-a-days, as the young ladies flag him down about every morning with a 40-pound watermelon.  
3. 7. 8.

**Wilton Whisperings.**  
Miss Ada Dement, of Raleigh, is visiting relatives near Wilton.  
Mrs. F. M. Blackley is visiting relatives in Franklinton this week.  
On Thursday last the meeting at Grove Hill closed with good results.  
Mrs. Nannie Kirkland, of Durham, is visiting Mrs. W. P. White, of Wilton.  
Mrs. J. J. Preddy is quite ill at this writing, but hope her a speedy recovery.  
Mr. F. M. Blackley, of Wilton, spent the past week near Wakefield among relatives.  
Mrs. Julia McGhee, of Franklinton, spent Sunday with Mrs. F. M. Blackley near Wilton.  
Mr. D. A. Moore, of Oxford, was through our section on Thursday last on business.  
Mrs. Stella Brice, of Georgia, has returned home after a month's visit among relatives.  
Rev. James Ball and family, of Indian Territory, spent the past week with Mr. E. Mitchell near Wilton.  
WHEEL WRIGHT.

**Stem Stemming.**  
Our farmers are making slow progress curing tobacco as the recent rains washed the weed to take the second growth.  
Mr. J. J. Rem, one of the hustling merchants of Stem, has purchased the E. D. Hunt residence on Raleigh street. We are glad that Mr. R. is succeeding in his business.  
With the present prices of tobacco our farmers are becoming very much discouraged and begin to realize the power and inhumanity of the members of the American Tobacco Company. The time has surely arrived when we must strike over the supplies, and then we can live independent of trusts and monopolies.  
Hurray for Stem! Prof. J. C. Howard, a most excellent man of most worthy parents, and known by experience to be an excellent teacher, a safe man for parents to entrust their children in the hands of, has decided to cast his lot with the people of Stem. Prof. Howard will open a first-class high school at Stem September 28th, which is to be in all respects a good school. The things essential for a first-class school are all at hand, viz: A good modern brick house, a good water supply, a healthy locality within easy reach of three churches. Board can be obtained at \$5 per month for those wishing to get it from Monday morning to Friday evening, and regular board at \$8 per month. Any wishing to see the premises of a good high school at a very moderate price can do so by sending their children to Stem.  
Tuition will be moderate and there will be a fine music school with the very best talent obtainable, who will look after the water can on their care. This school has all the railroad and telegraph conveniences and is within 1 1/2 miles of the well known Duncan spring which has made so many wonderful cures of dyspepsia, indigestion, and those wishing to use the Electric Bicycles, do so. For further information write or call on Prof. J. C. Howard or Mr. J. B. Mayes, Oxford, or J. J. Rem, Stem. We predict for this school most success, permanency and something which will be a great advantage in our county and especially the vicinity of Stem.  
LACK LAND.

**Fearful Odds Against Him.**  
Bed ridden, alone and destitute. Such, in brief was the condition of an old soldier by name of I. J. Havens, Versailles, O. For years he was troubled with kidney disease and neither the best nor medicines gave him relief. At length he tried Electric Bicycles. It put him on his feet in short order and now he testifies: "I'm on the road to complete recovery." Best on earth for liver and kidney troubles and all forms of Sioma-h and Bowel Complaints. Only 50c. Guaranteed by J. G. Hall.

**Pocomoke Paragraphs.**  
Master Howard Lawrence, of Grissom, is visiting his cousin Joe Cooke.  
Crops have improved very much during the past week owing to several nice showers.  
Mrs. W. A. Horton and children, of Raleigh, who have been visiting Miss Ethel Holmes for the past week are spending several days with Miss Zula Holmes.  
The people of this neighborhood have enjoyed attending the revivals at the Methodist and Christian churches. The preaching at both churches was as fine as we ever heard in the county.  
Prof. Howard B. Holmes has returned from Virginia where he had been for several weeks in the interest of Elton College. He enjoyed a few days stay in Washington, D. C., also other points of interest.  
Miss Louie Williams, of Franklinton, who has been on an extended visit to her sister in Jackson, Tenn., has returned home much to the delight of her many friends. She will be at home for a few days after which she goes to Elton College, having accepted work there for the next term.  
BROWN EYES.

**Fairport Fables.**  
Mr. J. P. Hunt went to Oxford Friday afternoon.  
The weather has been extremely hot for the past week.  
Mr. and Mrs. J. T. Gresham visited friends near Wilton Wednesday.  
Miss Mollie Clayton visited friends at Wake Forest the fourth Saturday and Sunday.  
Mr. J. C. Tippet had the misfortune to lose a fine colt a few days ago.  
Prayer meeting is conducted at Peace Chapel every second Sunday evening at 8 o'clock.  
Mrs. Polly Grissom, who has been very sick ever since the first of March, is somewhat improved.  
Messrs. Walter Dickerson and Jack Longstre, two young men of Doment, were in this community Sunday.  
The cotton crops through here will be shorter than was expected, but better corn crops than for several years.  
Miss Ora Garrett, of Vance county, who has been visiting Miss Etta Hight during the past week, returned home Saturday and some of the boys around here have put on long faces.  
Misses Etta Hight and Rosa Grissom visited Miss Ora Garrett, near Kittrell, Saturday and Sunday. They were accompanied by Misses Gertie and Jessie Grissom, of Watkins.  
The Charlotte Observer prints the interesting rumor that the American Tobacco Company is to take over the Virginia-Carolina Chemical Company's properties. The possibility of merging the fertilizer trust and the tobacco trust into one powerful combination ought to awaken the farmers to the importance of organizing for self-defense.  
The farmers around here are "down in the mouth." They say the way tobacco is selling now it will not pay for the man that went under it. Some say they are not going to plant any next year but are going to devote their time to raising more of something to eat. If they had adopted this plan several years ago the county would be better off.  
SIMON.

**Hampton Hummings.**  
Mr. J. L. Carrington had the misfortune to lose his mule one day last week.  
Mr. R. C. Jones, of near Oxford, was the guest of Mr. W. K. Thomas one day last week.  
Miss Sarah Clayton, who has been quite sick with typhoid fever, we are glad to note is improving.  
Mr. W. K. Thomas has discovered a gold and copper mine on his land and it is thought it will prove to be very rich as fine specimens of ore are taken from it.  
We would like to know what right the incorporated towns and cities have to say what the country people should or should not have. If we must have a dispensary at all why not let every township in the county have one, and let the proceeds go to the schools and roads in each township. Instead of getting 100 per cent. they only get 25 per cent. while the towns and cities get 75 per cent. We say let us drive it out of the land entirely or let every one who wishes to sell it have the privilege to do so. Let justice be done though the heavens fall. Wake up, ye tardy lawyers of justice, before the hand appears and your doom is written upon the wall.  
Love is the ruling passion of life, the great instrument of nature, that soft subduing sun against whose melting beams there is not one human soul in a million, not a thousand which does not feel love, who whose hearts are hardened. Love, if pure, unselfish and discreet, constitutes the chief happiness of life. Man or woman are not complete in their experience of life until they have been subdued into union with the world through their affections. The bosom which does not feel love is cold, the mind which does not conceive is dull, the philosophy which does not accept it is false, and the only true religion in the world has pure unfeeling love for its basis.  
The farmers in this section have commenced curing tobacco, but with very little heart in the business owing to the low prices. It seems that the farmers will have to quit raising it. Why not, brother farmers, hold our tobacco until we can realize a living price for it? The farmers should unite and refuse to use any goods manufactured by the trust and we ask the merchants to help us and refuse to put any of the goods upon their shelves. The farmers are the most independent class on earth if they would but assert their manhood. There seems to be no help for us but by uniting, as our representatives both in Congress and the Legislature seem to legislate for the masses instead of for the masses.  
Died, at her home near Moriah, August 23rd, 1903, Mrs. Mollie Newton, wife of Mr. Dorsey Newton, after a short illness. She leaves a husband, father, mother, four brothers and one sister, with a host of relatives and friends to mourn her loss. She was willing to die and we believe she has entered the golden gates that stand ajar, and is now singing anthems of praise to her God. She was greatly beloved by all who knew her. She was interred in the old

**Rnap-of-Reeds-Knotts.**  
Miss Ella Holloway is visiting Miss Maggie Woods this week.  
August had five Saturdays, five Sundays and five Mondays.  
Miss Hattie Veazy spent Sunday with friends near Gorman.  
A wise man knows all he tells, but he never tells all he knows.  
Several of our people took in the picnic on Neuse river Saturday.  
Mr. and Mrs. F. L. Kelley and Mrs. M. W. B. Veazy visited Mr. Dudley Peed in Wake county Saturday and Sunday.  
If life's journey is smooth and easy to you it may be that you are going down hill. It takes force and power to climb.  
A recent investigation showed that 93 per cent. of the inmates of the New York House of Industry were sent there for crimes resulting from the use of intoxicating drinks. This again shows the effect of strong drink. But we are glad that extending evils are some better in North Carolina. The day has been dark with us but the light is now breaking. God's people are carrying on a battle against this king liquor, and they will conquer in the fight. The liquor men are before us with their money and political wirework, but our people are at work with God as their helper. We believe that we shall soon witness the reptile destroyed and the homes of our land made glad. The hour has come in North Carolina when a reform school for youthful criminals is a necessity. To longer delay its establishment is at the expense of society and the best interests of the commonwealth.  
LITTLE LAMB.

**Car River Cares.**  
Mr. Luther Crews is the happy nurse of a very pretty little girl baby.  
Miss Gertie Curl, of Creedmore, visited in this community a few days ago.  
Farmers in this section are nearly through curing tobacco and will be ready to sell when prices get right.  
Miss Fannie Crews, who has been confined to her home for some time with typhoid fever, is improving slowly.  
We hear that prices of tobacco continue very low. Some of our farmers say they will not sell a pound until prices get better.  
Miss Alice Smith, of Durham, has returned to her home after a pleasant stay of several days with her friend, Mrs. Mand Tillotson.  
Mr. John Curl and daughter, Miss Lillie, of Alamance county, are visiting in our community. Their many friends are glad to see them again.  
Mr. R. T. Averett, living now at Morris Hill, his old home place, will move back to his home near Harrogate. His neighbors regret to lose him.  
H. D. Mangum & Son have made arrangements to continue business at Tar River, where they will be glad to give to their friends and patrons big bundles of goods for small piles of money.  
Mr. S. T. Daniel, one of our most prosperous farmers, shows he is also good on hog raising as he has two that will weigh about 400 each. Hurray for Stephen!  
LUCK.

**What is Life?**  
In the last analysis nobody knows, but we do know that it is under strict law. Abuse that law even slightly, pain results. Irregular living means derangement of the organs resulting in constipation, headache or liver trouble. Dr. Kings New Life Pills quickly re-adjust this. It's gentle yet thorough. Only 25c at J. G. Halls.  
New crop of fresh turnip seed at Hall's drug store.  
—200,000 No. 1, shingles for sale by Parker & Hunt.
