I Coughed

"I had a most stubborn cough for many years. It deprived me of sleep and I grew very thin. I then tried Ayer's Cherry Pectoral, and was quickly cured. R. N. Mann, Fall Mills, Tenn.

Sixty years of cures and such testimony as the above have taught us what Ayer's Cherry Pectoral will do.

We know it's the greatest cough remedy ever made. And you will say so, too, after you try it. There's cure in every drop. Three sizes: 25c., 50c., \$1. All druggists.

Consult your doctor. If he says take it, then do as he says. If he tells you not to take it, then don't take it. He knews. Leave it with him. We are willing.

Ashburnham, Ontario, Testifies to the Good Qualities of Chamberlains Cough Remedy.

Ashburnham, Ont., April 18, 1903.-1 think it is only right that I should tell you what a wonderful effect Chamberlains Cough Remedy has produced. The day before Easter I was so distressed with a cold and cough that I did not think to be able to take any duties the ne t day, as my voice was almost choked by the cough. The same day I received an order from you for a bottle of your cough remedy. I at once procured a sample bottle and took about three doses of the medicine. To my great relief the cough and cold had completely disappeared and I turned out to be phantoms and false was able to preach three times on Easter gods! We have had to wheel back Day. I know that this rapid and effective and begin over again and fight along cure was due to your cough remedy. I make against tremendous odds, and yet this testimonial without solicitation, being with all that, life can be made a sucthankful to have found such a Godsent Respectfully yours,

GIVES VIGOR AND STRENGTH TO DEBILITATED AND RUN DOWN WOMEN.

It is maintained by many distinguished writers that the greatness of a nation depends much upon the physical condition of its women. The general conditions which contribute to health and long life, are those which do not imply a rapid and unequal exhaustion of those powers by which life is maintained. While we assert that the women of our land stand peerless for beauty and the virtues that make them lovable, we cannot hide the fact that there are thousands in our midst who, owing to overwork, worry, household cares, and an unequal exhaustion of life power, have become weak, nervous, sleepless, and debili-

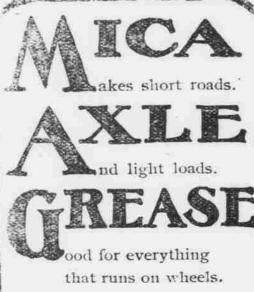

We bring to the attention of all weary, despondent, hopeless, and sickly women earth's great rescuer and health builder, Paine's Celery Compound. Thousands of enough that the better the farmer healthy women around us owe their present vigor, activity, and robustness to Paine's Celery Compound. Mrs. Stephen Smith, St. Paul, Minn., tells how she was snatched from the grave; she says:-

"I had a bad attack of la grippe this spring and was at death's door, and no one ever expected me to recover. I was so weak that server. as soon as they brought me out of one faint I was in another. I could not take any nourishment, and doctors' medicines did me no good. A friend advised my husband to work. It is not an ideal condition of pound, and shall always recommend it."

Nothing New Uner the Sun.

The papers are filled up of long accounts about the President's daughter, Miss Alice, riding horseback a straddle, in the parks and streets of Washington. That's nothing to be proud of or to publish so promiscuously. Several years ago the custom of riding a stride on bull back was inaugurated by an excellent lady in this place. But the custom lasted only one day and nobody bragged about it. We see nothing in sister Roosevelt's performance to be proud of.-Wilkesboro Chronicle.

Courting in North Carolina.

An exchange says the following is the method of courtship in Caroline plue woods: "When a boy wishes to express himself to his girl he takes a piece of fat pine, trims it in the shape of a capital I and then passes it to his girl, which means, 'I pine for you.' If she rejects him she takes a match and sets it on fire, which means, 'I make light of your pinning.' If she likes him she hands him a pinewood knot, which means, 'Pine not.' I am glad to say that most of the boys get a pinewood knot back."
