DEATH OF MRS. BAILEY OWEN.

Many Sad Hearts in Henderson and Oxford--The Funeral and Burial.

The people of Oxford along with those of Henderson learned with sorrow of the death of Mrs. Bailey Owen (nee Miss Eva Currin) which occurred Monday afternoon at 4 o'clock at the pretty home of her devoted husband in Henderson after an illness of some three weeks.

Skilled physicians, husband and two sisters, Mrs. W. C. Tyree, of Raleigh, and Mrs. Ham Powell, of New Orleans, Mrs. C. D. Ray, of Oxford, and many Henderson friends were constantly by her bedside doing all that possibly could be done to stay the hand of disease, but proved of no avail and she gradually sank until her spirit returned to God who gave it amid the tears of loved ones. Oh, death how cruel to strike down the pride of a loving husband, fond parents, sisters and brothers, and to leave behind a beautiful home, but her life is only transferred to a purer and happier clime, there to continue unceasingly throughout the ages of Eternity hand in hand with an angel sister who entered the Pearly Gates more than a year ago.

Mr. and Mrs. J. M. Currin, parents of Mrs. Owen, and their youngest daughter, Miss Margaret, who for more than two months past have been on a visit to their son, Mr. E. G. Currin, and family at Sidney, Australia, are on their way home having landed at San Francisco about the 21st. They were notified by wire of the extreme illness of their daughter, and it was hoped they might have reached her bedside at Henderson before the end came, but they failed to do so. They arrived Tuesday night at 8 o'clock via Durham. This is indeed a very sad close to a most pleasant trip of Mr. Currin and family, and we greatly sympathize with them that such sad news awaited them on their home coming.

The funeral services were held in Henderson Wednesday at one o'clock and were very largely attended, after which the remains were conveyed to the Southern depot, followed by a large concourse of grief stricken relatives and friends, many of whom came over to Oxford to attend the obsequies. On the arrival of the train in Oxford at 3:30 p.m. the funeral party was met by a large concourse of sympathizing friends who joined the funeral cortege and followed the remains to Elmwood Cemetery where they were tenderly consigned to the sacred tomb in the beautiful family plot, amid the tears and sobs of devoted loved ones and sympathetic friends. The floral tributes were profuse and beautiful showing the high esteem in which the deceased was held and completely covered the sacred mound of the departed loved one.

She leaves behind a truly devoted husband and bright little daughter, parents, 3 sisters mentioned above, and two brothers, Messrs. W. D. Currin, of Winston, and Eugene Currin in far off Australia along with many relatives to sorrow over her death. She was a faithful member of the Baptist church, and in the prime of young womanhood, but death loves the young as well as the old, and her eyes which once were lit up with love and affection are lustreless in death's deep sleep.

Yes, a loved one has passed "beneath the shadows" and in the belfry of Eternity shall toll out the funeral of time will loved ones behold her again. In this sad thought there is an ocean of grief, whose dark and bitter waves engulf the heart in everlasting gloom and before whose surging lowly sympathy itself stands mute and bows the head of voiceless anguish. And yet, despite all this, upon the lowering clouds there is seen a rainbow of comfort glistening on the "inky flood of sorrow," for her gentle spirit must now roam sweet fields of Aiden, and sip with angels the nectar of a blissful immortality. We would say to the grief-stricken husband, parents, sisters, brothers and relatives, "Tis sad to part with loved ones; but let us not mourn for them, for truly the 'True God doeth all things well.'"

"Just in the spring of womanhood, tender and loving and sweet and good. Ah! too good for the sinful earth, Only the angels knew her worth; So they called her unto them And decked her brow with a diadem.

Better to smile when such a life Gives up the battle of early strife; Better to know her tasks are done, 'Tis ended and glory to our bright Angels vale; may a soul so bright Wings its way to the gates of light."

DISCOURAGED

The expression occurs so many times in letters from sick women to Dr. Pierce, "I was completely discouraged." And there is always good reason for the discouragement. Years of suffering. Doctor after doctor tried in vain. Medicines doing no lasting good.

It is no wonder that the woman feels discouraged. Thousands of these weak and sick women have found health and courage regained as the result of the use of Doctor Pierce's Favorite Prescription. It establishes regularity, drives out unhealthy drains, heals inflammation and ulceration, and cures female weakness.

It makes weak women strong and sick women well.

"In the year 1897 I was taken sick, writes Mrs. Edna Crowder, of Ripley, Louisiana, La., Tenn. 'My limbs ached, had severe pains in back and lower part of bowels, with difficulty in urination, and smarting and burning pain after I tried many kinds of medicine and four of the best doctors in the country, and I gave up all hope of recovery. In January, 1901, I wrote to Dr. R. V. Pierce, of Buffalo, N. Y., and received from him a letter, telling me to try his medicine. I took eleven bottles, six of 'Favorite Prescription,' five of 'Golden Medical Discovery,' one vial of 'Pelle's,' and used one box of 'Lotion Tablets' and one of 'Healing Symplics,' and am now able to work at anything I want to. Thanks to you for your valuable medicine and kind advice."

Weak and sick women are invited to consult Dr. R. V. Pierce, by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

PUBLIC SPEAKING.

Hon. W. W. Kitchin, Democratic candidate for Congress, and Hon. C. A. Reynolds, Republican candidate for Congress, will address the people on the political issues at the following places: To-wit:

Buchanan, Saturday, Oct. 1, 1 p.m. Oxford, Monday, Oct. 3, 1 p.m. Wilton, Tuesday, Oct. 4, 1 p.m. Stem, Wednesday, Oct. 5, 1 p.m.

DO YOU NEED A MEDICINE?

IT COSTS YOU NOTHING TO INVESTIGATE.

There is no one who does not need a Liver Medicine occasionally.

The symptoms of Liver Complaint are well known to every one, such as constipation, or dyspepsia, loss of appetite, sleeplessness, headache, a tired feeling and many others of a similar nature.

Thousands die annually by not heeding the warnings of nature.

Many acquire some chronic disease from which they never recover.

Many of these could be spared for years of usefulness, by keeping in the home some reliable remedy.

We believe that we can convince any fair-minded person that there is no better remedy for the Liver known than Dr. Thacher's Liver and Blood Syrup.

The formula is known, consisting of: Buchu, Hydrangea, Mandrake, Yellow Dock, Dandelion, Sarsaparilla, Gentian, Senna and Iodide of Potassium. You know just what you are taking. How many other formulas of Liver medicine are published? Ask your druggist about this. It is already prepared and can be taken immediately.

The strength is extracted in the most skillful manner, certainly superior to any powder preparation known. (We also manufacture a Liver Medicine in powdered form, with which any druggist can supply you, but this, like all other dry Liver Medicines requires preparation.)

Dr. Thacher's Liver and Blood Syrup is pleasant to take, does not lose its strength, as Liver Medicine in dry form, and will keep in any climate.

Your doctor, however skillful, could prescribe nothing better.

There is no opportunity for a doctor to make a mistake in writing a prescription, or a drug clerk to make a mistake in compounding the same, (besides a doctor's bill and the cost of the medicine.) You can be absolutely sure of the proper proportion being in every dose.

Dr. Thacher's Liver and Blood Syrup has been used with the greatest confidence and success in thousands of homes for 52 years, and is prepared by a pharmacist of 25 years' experience, in a laboratory equipped with the most modern appliances for the most perfect safety.
