Newark, Ohio, May 23, 1903. From childhood I had been bothered with bad blood, skin eruptions and boils. I had boils ranging from five to twenty in number each season. The burning accompanying the eruption was terrible. S. S. S. seemed to be just the medicine needed in my case. It drove out all impurities and bad blood, giving me permanent relief from the skin eruption and boils. This has been ten years ago, and I have never had a return of the disease. MRS. J. D. Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflames the mucous membranes lining the stomach and exposes the nerves of the stomach, thus causing the glands to secrete mucin instead of the juices of natural digestion. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure membranes lining the stomach, protects the nerves, and cures bad breath, sour risings, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.
