When the nerves are weak everything goes wrong. You are tired all the time, easily discouraged, nervous, and irritable. Your cheeks are

Sarsaparilla

pale and your blood is thin. Your doctor says you are threatened with a nervous breakdown. He orders this grand old family medicine.

For times when you have used Ayer's Sarsaparilla in your family, it is a grand tonic for all those who are weak, nervous, and irritable. It cures blood, cures the skin, cures the stomach, cures the bowels, cures the nerves, cures the head, cures the feet, cures the whole system.

Weak Nerves

Keep the bowels regular with Ayer's Pills, just one pill each night.

Those who attain any excellence commonly spend life in one common pursuit; for excellence is not gained upon easier terms.

NEW THOUGHTS.

Are you growing more attractive as you advance in life? "Given a healthy body," says Dr. R. V. Pierce, "the spirit is in woman's diseases, of Buffalo, N. Y., and a healthy mind, and everyone can call it a beautiful life."

It is a fact that any form of dyspepsia may in a few days transform a clear, white skin into a mass of pimples and black spots. A beautiful complexion is the beauty of her stomach.

Dr. Pierce's Golden Medical Discovery cures every malady that a person's nutrition by enabling one to eat, retain, digest and assimilate the proper nutritious food. It overcomes the gastric irritability and symptoms of indigestion, and thus the person is saved from those symptoms of fever, night sweats, headache, etc., which are so common. A tonic made up largely of alcohol will shrink the corpuscles of the blood and make them weaker for resistance.

"This is to certify that I have used Doctor Pierce's Golden Medical Discovery, think it the grandest medicine in the world," writes Mrs. W. M. Young, of West Virginia. "I had dyspepsia in its worst form. I decided to try your medicine. I used five bottles, and now I am doing my own housework. A number of my friends also are using Dr. Pierce's medicine and they recommend it highly. May God bless you in your grand work."

Dr. Pierce believes that a tonic made with alcohol will shrink the red blood corpuscles and make the system weak for resistance; that is why he avoided the use of any alcohol or narcotics in his "Medical Discovery," which contains the pure extract from roots and herbs without a particle of alcohol. Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for dyspepsia or debility.

Biliousness is cured by the use of Dr. Pierce's Pleasant Pellets.

George Jackson, of Salisbury, who attacked Robert Alexander at Hickory a few days ago and injured his eye to such an extent that it has to be removed, was bound to court in a bond of \$500. Tuesday he was arrested in Salisbury and taken to Newton. On a hearing before Judge Council his bond was increased from \$500 to \$2,000. Jackson stated that he did not gouge out Alexander's eye while they were clinched but struck him a blow in the face while both men were free.

Mr. Taylor, convicted at Greensboro court of violating the internal revenue law, has written a letter to the Wintonworth jail, in which he gives some good advice, coupled with high praise of Mr. Casper. He says:

"But it is my advice to the whiskey people in North Carolina to get out of the business now. You don't know how hard these crank-minded prohibitionists are going to have you in here to stay with these dirty, filthy rogues, who are always prowling the country and stealing where they can, and you must be lodged right up with them and stay from good wife and children at home and nearly lose all that you have on account of a few individuals."

Mr. Taylor feels very much aggrieved because he has been put in jail with other law-breakers. In the eyes of the law, a law-breaker is a law-breaker. The man who violates the law must expect to pay the penalty. Of course there are grades in crime, but no criminal is doing more to corrupt society than those who violate the internal revenue laws and the temperance laws of the State. Too long they have been treated as if they were persecuted. The time has come when they must understand that if they violate the law they will have to suffer the penalties.—News & Observer.

To Tobacco Growers.

Mr. Editor: I saw in your paper of May the 12th an article of worth from our county president which should convince every tobacco grower of Granville county to take a decided stand for fair dealing and remunerative price for their moneyed crop. I would consider who is the question were on, whether for the cause of the Protective Tobacco Growers Association or not. Clubs have been formed in the county and other counties in North Carolina and Virginia for the protection of tobacco farmers who are depressed and completely paralyzed financially as relates to having a say in the price of his tobacco. He has had no say in it since the formation of the American Tobacco Company which is detrimental to the interest of the farmer, the depositor getting worse every succeeding year. Growing tobacco below the cost of production, makes tenants and slaves of our wife and children as well as our selves. Low price tobacco makes the manufacturer and American Tobacco Company rich with millions of capital, a large part of which should have remained in the hands of the grower of the raw material to enable him to hire labor to protect his wife and children from slavery. The farmers of Granville county and North Carolina are the big wheel that cause all the machinery of the county and State to move. You depress the farmer in the price of his produce you proportionally depress and cripple every other business in the county. Talk about education when the average farmer has to keep his large boys and often his girls home to supply the needed labor on the farm, the very poor children not going to school a day during the season for want, as the parents say, respectable clothing. The American Tobacco Company and other manufacturers of tobacco have withheld from the farmers of Granville county on the price of their tobacco the total amount for twelve years, the time that the American Tobacco Company has been organized, would have macadamized the principal roads of the county and have put the farmers and everybody who came in direct contact in a prosperous condition, free from mortgages on their crops.

God in his allwise wisdom has ordained that man should work out his own salvation in temperate and material things as well as spiritual. He has given you a right to choose who you will serve God or man more and according to the book God is always on the side of right and the oppressed and against the oppressor.

Brother tobacco farmers, I ask you in the name of duty to make a wise choice. Of course you desire to do and be on the side of what is right, just and equitable. I appeal to you to consider the situation and act at once as it is a needy time with we farmers. Our Tobacco Growers Protective Association is organized in clubs all over the bright tobacco belt of Virginia and North Carolina and we want to enlist every tobacco farmer in the bright belt by the 1st day of August and get ready for the new crop so we can control the price of our raw material or leaf. The investment on our part is but a small consideration in comparison to the enhanced price we will receive if we all will fall in line, organize and act as a unit and pull together as one man. We have honest, competent, intelligent, bold state and county officers, worthy of our confidence to lead us on to victory and we want you to follow our leaders to fight for right and liberty. Yours to serve, M. W. B. VEASEY.

A Word for the Grower. Atlanta Constitution. "The grower is all right, in his way," says a Georgia philosopher, "and the world is better because he lives in it. He's just as necessary to the everyday man as the critic is to literature. Just let a man grow long enough, and somebody is sure to think something's going wrong, and look about for a remedy. It stimulates a fellow to renewed endeavor—if only to get to the place where he will not have anything to grow about!"

It Was Hard to Swallow. Charity and Children: The point made by Prof. Mims the other night that the people of Maine, as a whole have better homes and more of the richness and fineness of social life, and is better generally than we of the South do, is hard to swallow, but it is the truth, and we would better face it, and the reason for it is to be found in the fact that the people of Maine have discovered that education is a blessing to all classes and conditions of men, a great fact that the leaders in our public life denied until a recent day. We shall rise in the social and intellectual realm exactly in proportion as we spread the light of knowledge among all the people.

A Good Suggestion. Mr. C. B. Wainwright of Lemon City, Fla., has written the following letters that much better results are obtained from the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy in cases of pain in the stomach, and cholera morbus by taking it in water as hot as can be drunk. That when taken in this way the effect is double in rapidity. "It seems to get at the right spot instantly," he says. For sale by all druggists.
