In the death of Mr. David Willford which occurred one day last week the Culbreth section loses one of its very oldest citizens. He was over 80 years of age and was an old Confederate Soldier and greatly esteemed by all who knew him.

Mr. Z. W. Lyon, who so successfully runs the Johnson Warehouse, tells us that he has sold over 1,000,000 pounds of tobacco this season at a new crop. Monday he had a good break of tobacco and the highest average he made was for Mr. Roy Currin, whose load averaged a fraction over \$26 per hundred, and of course he was very much pleased.

It begins to look like that those interested are having rather an uphill business organizing the tobacco farmers of Granville against the great tobacco monopoly, which has for years regulated the price for tobacco. Since they were so badly sold by the Farmers Alliance we are not surprised it, as it is a well known fact that "burnt child dreads the fire."

People are so prone to speak of the bad things about their town, and their neighbors. Suppose we try the practice of talking about the good in our community and our people, and see what a cheerful air it will create, and a different phase it will put on things.

The women are coming to the front in the footsteps of the men. One has been arrested in Brooklyn for stealing \$25 a day, for four years, from a concern in that city. When accused she told all about it—which is a little different from the way men do such things.

If you want to be strictly in the high average swim why sell your tobacco on the Oxford market, as the buyers have a regular hump on owing to increased orders that must be filled. Sales every day and tobacco advancing.

Tobacco Farmers Meet.

Mr. J. H. Sharp, lecturer for the Tobacco Association, was in Oxford Monday and addressed the Granville Branch. We are sorry that so few of our tobacco farmers turned out to hear him, as he made an excellent speech in their interest. He discussed at length the importance of the thorough organization among the tobacco growers in order that they may command living prices for their tobacco.

Death of Dr. Robt. Lanier.

We are sorry to learn from Mr. T. Lanier that his brother, Dr. Robt. Lanier, died almost suddenly in Portland, Oregon, about 3 weeks ago. Watch the Advertisements.

This is the season of the year when people are busy and it will always pay them to watch the advertising columns of this paper, especially when contemplating purchases. It will save time and save money to do this. There are frequent changes in advertisements to which special attention cannot be called in the local column, and every issue of the paper should be read through to be sure that nothing is missed. Our advertisers are up-to-date business men and what they have to say is always worth reading.

Stables Burned at Creedmoor.

We are sorry to learn that the barn and stables of Mayor Claude Lyon, of Creedmoor, were burned last Sunday morning about one o'clock, along with one horse. There were three horses in the stables at the time, but two of them got out. Shortly after the fire was discovered it is said a man was seen some distance away from the burning building. It is to be hoped that there is no one in that community mean enough to have set the building on fire, and that the fire was accidental instead of incendiary origin. The loss is several hundred dollars.

Bird Hunters.

We understand there is some misunderstanding in regard to the time when the bird law goes into effect in this county and some people may get into trouble about it. The last Legislature changed the time from the 15th day of October to the 1st day of November when the hunting season opens. This became necessary on account of so many people coming from other counties where the season begins November 1st to hunt in Granville between Oct. 15th and Nov. 1st, and another reason in favor of the change of date is that in ordinary years the second crop of partridges or quail is not fully grown before Nov. 1st.

The Meeting at Geneva.

The Rev. John E. Wood closed last Wednesday night a very successful meeting at Geneva church near Culbreth. Mr. Wood did his own preaching during the whole of the meeting which lasted ten days. The church was edified and much built up spiritually and several were converted and converted. There were twelve professions of faith in Christ. The church was crowded every night and on Sunday night when the Rev. Mr. Dubose made a talk on Foreign Missions, the church could not hold the people, after filling the aisles with chairs and benches. Last Sabbath was the regular October communion when five were received into the church on profession and two by letter. More will join very soon.

Rev. George M. Tolson Leaves Oxford.

Along with many others we regret to learn that Rev. Geo. Tolson is to leave Oxford. Mr. Tolson has been made Archdeacon and will hereafter live at Weldon, but spend much of his time among the different churches of the Diocese.

During his stay in Oxford Mr. Tolson has made many friends who will regret to learn of his intended departure from our town. He is one of the best preachers in his church in the State, and is certainly one of the very ablest preachers who has served St. Stephen's in many years, and is among the leading Divines who have ever lived in Oxford. His departure will be a distinct loss to the town, as he is very popular among all our people and will be greatly missed. We wish him great success in his new home and his new work.

Catarrh Cured.

All phases of catarrh, acute or chronic, are promptly and permanently cured. It is through its operation upon the nervous system that *Peruna* has attained such a world-wide reputation as a sure and reliable remedy for all phases of catarrh wherever located.

Mr. Jas. O. Morin, 1179 Ontario street Montreal, Canada, writes:

"*Peruna* is certainly a great catarrh remedy. It cured me of catarrh of the head and I gladly endorse it. Canadians are peculiarly afflicted with this disease and for years the doctors have tried to overcome it with elixirs, powders and pills, but *Peruna* has solved the question. I have been cured of catarrh."—Jas. O. Morin.

If you do not derive prompt and satisfactory results from the use of *Peruna*, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice free.
