A WORD ABOUT THE EYES Examination Free.

There are numbers of people suffering with headache and they are using one remedy after another but none of them give the desired relief. Oh! they wonder why it is they cannot be relieved? "Others look cheerful and happy." Yes and you may be as cheerful and free from suffering as any one. "How may I?" Well let's see, did you ever stop and think possibly it is your eyes that is causing so much headache? You know how strained and tired they feel. And yet say I don't want to wear glasses if I can help it. If you are having such trouble as this the time has come when you can't help it and if you are only ten years old.

Call at our place and let us prove this. Satisfaction guaranteed or money refunded.

James Tippett Meets Death.

James Tippett, a well-to-do farmer met death at his home near Knap of Reeds, Granville county, Saturday night in a most unusual manner. He was drowned in a branch where the water was not more than one foot in depth. The particulars learned are as follows: Mr. Tippett was out in his buggy and on his way home after dark. The horse was traveling a regular path, when a ditch was reached. The horse jumped and fell back into it. The buggy in which Mr. Tippett was riding was overturned and the horse fell on him holding his face under the water until he was drowned. He had been dead an hour when he was found, and at that time the horse was still standing on his body, as the animal could not get out of the ditch.

Death of Mr. W. H. Blalock.

The many friends of Mr. W. H. Blalock in Granville and elsewhere will read of his death with sorrow, which occurred Tuesday morning about 3 o'clock at his home near Culbreth. His health was not good for more than a year, but three weeks ago he was taken sick and continued to grow worse until death ended his suffering. Mr. Blalock was in the 35th year of his age, and son of Mr. and Mrs. Milton Blalock, of Culbreth, and brother of Mr. Frank Blalock and Mr. J. F. Meadows, of Oxford, and Mrs. J. C. Howard of Stem.

He was well and favorably known in Oxford as he resided here a number of years and was book keeper for Mr. Z. W. Lyon of the Johnson Warehouse, and was greatly esteemed by all classes of our people. In early manhood he professed faith in Christ and joined Mt. Zion Baptist Church and lived a pious christian life and his spirit is now a dweller in the upper and better Kingdom. He was an affectionate husband and father, devoted son and brother, fast friend and kind neighbor. His death is deeply mourned by his loved ones, to all of whom the editor extends deepest sympathy, and especially to his grief-stricken wife and 4 little children.

COUNTY COMMISSIONERS.

New Road to be Opened, County will buy Rock Crushers in order to make Better Roads.

Granville County's excellent and painstaking Board of Commissioners were in session Monday and Tuesday with all the members present. It will be seen from the proceedings that they have realized the fact that they cannot build permanent roads without a rock crusher and decided to buy one. The Public Ledger warmly endorses their action as we want to see Granville keep pace with other counties in the building of first-class roads which are so essential to the prosperity of our grand old county. The people are demanding more roads and better roads and our Board of Commissioners are doing all they can with the means at their command to comply with their wishes.

Judgeship Race in Ninth District.

Harvie Jordan at Raleigh.

Harvie Jordan, President of the Southern Cotton Freshermen College, has more attentive audience than he listened to him in Raleigh Saturday, when he addressed the farmers, bankers and others of all classes, who feel the interest and show it in the matter he brings before the people. His speech was filled with wholesome advice to the farmers, and the pleas that he has ever made for a unity of action and a more direct and effective co-operation between the farmer and the men who are tolling in the South in other walks of life. His subject allowed varied facts and comments along the parts of farming life. He appealed to all Southern interests to stand together and to work to the cotton commissioning world.

Cyclone in Henderson—Three Buildings Wrecked.

A cyclone struck in the west part of Henderson Saturday night about 8:30 and for a few moments terrified the inhabitants of that part of the town. Only three buildings were in its twisting path and these were wiped away. The large tobacco house of E. A. Lewis containing about a half million pounds of tobacco and one of the houses of the American Tobacco Company, containing four hundred thousand pounds of tobacco, were completely demolished and hundreds of men worked all day Sunday trying to separate the tobacco and smashed timbers. The cyclone struck the school Fresherman College and destroyed one of the principal buildings. It all happened so suddenly that had it been in the day time many workers would have been killed.

SUMMER COLDS

Produce Chronic Catarrh.

Mrs. Henriette C. Oberg, superintendent Flax and Hemp Exhibition at the Omaha Exhibition, writes from Albert Lea, Minn., as follows:

"This spring I contracted an aggravating cold, having been exposed to the damp weather. Catarrh of my throat and head followed, which persisted in remaining, notwithstanding I applied the usual remedies.

"Reading of the merits of Peruna in the papers, I decided to try it and soon found that all that has been said of your medicine in such cases is true. "I am very pleased with the satisfactory results obtained from using Peruna, an entirely new, and consider it a most valuable family medicine."

HENRIETTE C. OBERG.
Summer colds require prompt treatment. They are always grave, and sometimes dangerous. The promptness and surety with which Peruna acts in these cases has saved many lives. A large dose of Peruna should be taken at the first appearance of a cold in summer, followed by small and frequent doses. There is no other remedy that medical science can furnish, so reliable and quick in its action as Peruna. Address The Peruna Medicine Company, Columbus, Ohio, for a free book entitled "Summer Colds," which treats of the catarrhal diseases peculiar to summer.
