Garden Seed

When you go to the trouble and expense of preparing your garden and planting seeds you want reliable seed. Some of your neighbors who have been getting them for over a quarter of a Century from J. G. Hall know that is the place.

Get a Waterman Ideal Fountain Pen, if it does not suit, return it and get one that does without any extra charge.

I have the finest lot of perfumery ever in Oxford, and as for toilet articles I have the largest stock ever in Granville County. Face, toilet and baby powders, complexion creams and cosmetics, mouth washes, tooth powders and pastes all in great variety.

Why let those poor little runt shoats eat all that corn and not improve when Halls Hog Powder will make big fat hogs of them.

Do you ever cut yourself when you shave if so go to J. G. Halls and get a guaranteed Safety Razor that you can't cut yourself with. If not perfectly satisfactory carry it back in 30 days and get your money.

Spectacles and Eye Glasses that fit your eyes. Satisfactory fit everytime or your money back. Prices right 25c to \$10.00.

Halls Spavin Cure is the best liniment on earth for a horse. Roysters Horse Powder is the best Condition Powder on the market take no other.

The Prescription department is under my special care. Purity, accuracy and 26 years experience is what I offer you. Send your prescription to me and you will get exactly what your doctor wants you to have.

Live Local Laconics.

BRIEF DASHES OF THINGS HAPPENING.

—Mr. J. M. Meadows has put a new fence around his lot.

—Mud street has been in a swimming condition this week.

—Read the important change in the advertisement of G. L. Hamilton.

—Mr. Norman Burwell has finished painting his residence on Broad St.

—Sunday is Easter and the beautiful spring girl will be out in all her glory.

—Mr. B. M. Haubold has made improvements to his residence on Asylum street.

—The handsome residence of Mr. J. M. Curran on High street will soon be completed.

—Mr. H. M. Shaw and family now roll over our streets in the afternoons in a new trap.

—A large number of Granville's attractive ladies grace our streets Tuesday and Wednesday.

—Mrs. John Parke and Mrs. J. T. Britt, who have been right sick for some days are much better.

—When a dear Spring girl gets a new outfit the next thing wanted, of course, is weather to match.

—The young man who decides that he can't live without the girl is often put to the test on her decision.

—The campaign for and the dead heat has been in his glory as he has already commenced to buzz.

—Chief Wheeler and his street force have commenced work on macadamizing one block on Gilliam street.

—The Buggy Body Factory under the management of Mr. R. S. Terry is humming along at a rapid rate these days.

—Mrs. W. Lank Peck, who has been numbered with the sick several days, we are pleased to learn is better.

—The man who is always talking about his ailments generally outlives those from whom he expects sympathy.

—Read the tax list advertised in another part of this paper by Sheriff Howard and see if your name is printed there.

—The dear little babe of Mr. and Mrs. R. M. Hunt who needs a visit for 10 days, it is hoped is a little better.

—Mr. C. D. Osborn, who has been at home sick for two weeks, has recovered, and ready to resume his duties on the farm.

—John Williams, Jr., who has been critically ill several days with pneumonia, we are pleased to learn is rapidly improving.

—New subscribers continue to be added to the Public Ledger daily which makes the paper a still better advertising medium.

—Spring was a little late coming, but the birds are now singing and growing and birds are singing, and glorious Easter is at hand.

—If you are looking for the very best brands of Fertilizer why Parham Bros. is the place to purchase them.

—The doors to Granville jail still stand ajar with court near at hand, and Jailer Turner has become a man with a job.

—The annual reception of Villedor Club Monday night promises to be the grandest and most enjoyable one ever given in Oxford.

—What with the eradic trust and the coffin trust both protected by the tariff, through the favor of the Republicans, the combines have us whenever way we turn from the time we first see daylight until we join the great and glorious majority.

—The Stedman Head-Easy Co. of Oxford has been chartered by Secretary of State with authorized capital of \$50,000, and the manufacture of this famous headache remedy will be on a large scale. It is the best headache remedy on the market.

—Mr. C. D. Ray is preparing to leave Oxford as he has become General Agent for an insurance company in the State of Georgia and will make Macdonald his headquarters. We regret to see him leave Oxford, but wish him abundant success in his new work.

—Every male citizen over 21 and under 50 years of age is liable for poll tax, and every citizen who can read knows—and those who cannot read know it, too, for that matter—that unless he pays that poll tax by May 1st he will be unable to vote in any election this year.

—Some of our capitalists could invest some of their spare money to good advantage in building some 5, 6 and 7 room cottages in the desirable sections of the town. The business is steadily growing, and the lack of vacant houses is handicapping the growth of the town.

—Who will be the first to put a Wagon factory on wheels and start it rolling and push it on to success? Think of it gentlemen. There is enough capital in Granville county to start one of the biggest wagon factories in the South. Let's have it.

—Mr. Brooks Parham and his fine corps of painters have greatly improved the fronts of the stores occupied by Messrs. Parham Bros. Co., Messrs. W. D. Bryan, Martin Taylor and Albert Crews proved that they could handle the paint brush very well.

—Spring time is at hand and hot weather will soon follow when it is of the utmost importance to do everything possible to improve the sanitary conditions of Oxford. Hence the Public Ledger desires to call attention to the citizens to the importance of keeping the premises free from all matter which will decay and create filth.

—Mr. E. C. Venzey decided not to establish his new Factory in Durham and has located in Oxford. He has rented the old Ballou place on Hillsboro street and is getting ready for business. He is a splendid young man, and was in business at Stovall for several years, and we extend him a cordial welcome to our bustling town.

—The joyous Easter season is at hand which typifies the risen Lord, and everything should "reflect a gleam of Heaven in all its beauty and brightness." The soul and the heart should be attuned to the occasion, and in adoration to glorify and thank God. The services at the Episcopal Church Sunday will be beautiful and the music has been prepared by the splendid choir.

—Attention Tobacco Growers. Mr. J. O. Gravelly, of Rocky Mount, Grand Lecturer of the Farmers' Protective Tobacco Association, will speak at Freedman April 16th, at 1 o'clock p. m.; Stovall April 17th, at 1 o'clock p. m.; Oxford, April 18th, at 12 o'clock. Everybody who wants to get a higher price for their tobacco and more competition on the markets is invited to attend and hear the plans of the Association discussed.

—Bank of Granville Statement. The Bank of Granville and also the Oxford Savings Bank present for your consideration the regular published statement of their condition in this paper, desiring your attention to its uniform gain in resources, surplus and undivided profits. Sollicitous as a trust company nature feeling confident of its ability to render in the future as in the past satisfactory and effective service.

—Let's Have a Wheel Factory. Now that Oxford is asserting herself and standing in the front rank of the manufacturing towns of the State, why is it that some of her capitalists do not establish a Wheel Factory? Our county abounds in elm and hickory, and it would be a pity if we shipped wood, made into wheels and then returned. In less than twelve months we could be shipping more than 1,000 buggles each month. The Henderson and Durham factories are to be supplied by some one. Surely a wheel factory is next to a necessity.

—Railroads and Legislation. The next Legislature will be called upon to do some very important work in the way of revising and amending railroad and insurance laws. Surely no one holding a pass over the railroads or who is interested in any insurance company will be expected to sacrifice his personal interests to serve the "dear people." Seriously, we doubt whether such a man would be competent to sit in the legislative "jury box." He would be expected to do more than to sign a stamp, and, in per chance, he should be permitted to "take his seat" his verdict might not be entirely above suspicion.

—First National Bank—Fine Showing. We take pleasure in calling the attention of our readers to the fine showing made by the First National Bank of Oxford in its statement in another part of this paper. Under the excellent and safe management of President R. W. Lassiter and Cashier W. H. Hunt it has continued to grow from the day its doors were opened for business. It has had plenty of money all the time and has never yet been asked to receive any borrowed money, consistent with safe banking. The policy of the bank has been one of liberality to all comers desiring banking facilities, and the constant effort has been to keep on the town and county to greater prosperity. Then let the institution be judged by its record thus far and thus are your accounts merited and solicited. Don't keep your money at home, but deposit it in First National Bank and draw a few cents interest.

—Warning Not to Hire. We are hereby warned not to hire Wesley Royster, better known as "Monk," under the penalty of the law as he has left our employment without cause. FARHAM BROS. CO.

—Special Offer. We are now making our usual April Special Combination offer for selling cards and monogram paper with envelopes to match. Both for the price of the cards—box monogram paper and envelopes free. This offer expires April 25th. J. G. HALL.

KITCHEN FOR THE PEOPLE.

One of the Purest Men in Public Life To Day.

The Public Ledger wishes to say to the host of friends of Hon. W. W. Kitchin in Granville that they need have no alarm over the threats the railroads and monopolists are making against him for the brave fight he is making against the Southern Railway subsidy. Really there is nothing new or strange about Mr. Kitchin's attitude on this question. He is simply fighting for the same old principles of pure Democracy against the various monopolies and trusts which he has always fought, and the one which has constantly made war on him. But the people, the loyal Democracy of the banner district of the State—are behind him in his efforts to protect the public treasury against the various monopolies and trusts which he has always fought, and the one which has constantly made war on him. But the people, the loyal Democracy of the banner district of the State—are behind him in his efforts to protect the public treasury against the various monopolies and trusts which he has always fought, and the one which has constantly made war on him.

—We are for Bill Kitchin for Congress another term, and can say that old Kitchin will be solid for him in the Convention.

—Personally we believe he would make a splendid Governor. We should be glad to see him succeed Governor Glenn.

SUDDEN DEATH OF GOOD MAN.

Dr. W. W. Cozart, of Dutchville, Died While Reading Paper Saturday.

Dr. W. W. Cozart, a widely known and greatly beloved physician of Dutchville township, died suddenly Saturday afternoon at his home, carrying sorrow to many hearts in that section of the county where he was well known and loved for his kind and generous man, ever ready to help the needy and afflicted. The summons for him to come up high court and West on the "Eagle of the Trees of Everlasting Life" came while quietly sitting in his rocking chair reading the paper.

—Mrs. Cozart happened not to be at home at the time as she had gone to Norfolk, and she should "reflect a gleam of Heaven in all its beauty and brightness." The soul and the heart should be attuned to the occasion, and in adoration to glorify and thank God. The services at the Episcopal Church Sunday will be beautiful and the music has been prepared by the splendid choir.

—The Board of Education met April 2nd, all members being present. G. R. C. Tucker was elected a busy one for the board, keeping them in continuous session from 9:30 to 5.

—Mr. Stephen Green, of District No. 1, petitioned the Board to build a house in this district. This is a small district found in the north end of the town.

DR. B. K. HAYS IN CHARLOTTE.

Commencement of Medical College a Big Affair.

Twenty-four young doctors received their diplomas at the Academy of Music yesterday morning during the annual commencement of the North Carolina Medical College. Five young ladies were given certificates as nurses of Presbytery Hospital. Dr. Benjamin K. Hays addressed on "Southern Ideals, Past and Present" was one of the most scholarly ever heard in Charlotte. The exercises were witnessed by an audience that filled the large Academy building.

—Dr. Hays is an admirable speaker. He has the appearance of the scholar rather than the orator. Tall, heavily built, a little stooped-shouldered, possessing a clear reaching voice, and with fine gestures, he delighted the large audience for more than an hour. After a few congratulatory words to the members of the class he launched into a talk on "Southern Ideals, Past and Present" which was one of the most scholarly ever heard in Charlotte. The exercises were witnessed by an audience that filled the large Academy building.
