SOMETHING TO CROW OVER.

We bought more tobacco of the last crops than all the other warehouse firms in Oxford combined and have sold nearly all of our last years purchases.

We expect to buy more of the new crop than the other three warehouse firms combined.

We will leave it to any sound thinking man if this does not give us the advantage of any warehouse in Oxford.

We said at the beginning of last season we wanted more than ONE MILLION pounds ourselves and we bought more than ONE MILLION. We say now that we want 2,000,000 pounds out of this crop. The truth is we are in position second to no firm in Oxford or in the State to get you the cream of the market.

Our buyers are now more anxious for new tobacco than we have seen them for quite a number of years and the Farmers Warehouse is probably in better condition to take care of your interest than it has ever been since it was built.

Our warehouse force is made up of the best. They are as follows: L. W. Stark and S. M. Watkins auctioneers, S. M. Watkins will manage the floor, Wesley Bryan and Thos. Howell will keep the books and J. F. Meadows will see that every pile of tobacco brings the highest market price. Come one, come all and be convinced.

Thanking you for all the past patronage, and promising you service second to no one in the future, we beg to remain Yours very truly

L. THOMAS.

Letter to Oxford Realty Co.

Dear Sir: Our agent ought to sell nine-tenths of the plant of his town and region; no use to try for the other tenth. The proportion of men, who won't take good advice, and use the least-gallons paint, is about one to ten. There are scores of plants that throw away half of both gallons and labor on whitening china-day ground stone, barytes, benzine, water—all they are good for is to make gallons of nothing and look like paint in the can; more gallons to buy and more gallons to pay for putting on—gold bricks and green goods. Here's how they work.

One man in ten will buy a gold brick or green goods, if he has the money and gets a good chance. Devoe at \$1.75 a gallon is better than gold; adulterated and short-measure paints are green goods and gold bricks.

Devoe saves half, more or less, of the labor and wages of painting; it is all paint; full strength and full measure. There is no other paint within ten per cent. Ten per cent of labor and paint is worth saving; and ten is the least. There are scores of plants that throw away half of both gallons and labor on whitening china-day ground stone, barytes, benzine, water—all they are good for is to make gallons of nothing and look like paint in the can; more gallons to buy and more gallons to pay for putting on—gold bricks and green goods. Here's how they work.

Judge L. D. Fairchild owns two houses exactly alike in Lufkin, Tex. H. Torrence painted both houses; one Devoe, 15% gallons; the other with another paint sold at same price; 25 gallons. That 25 gallon paint is weak and 15 per cent whitening; that's why it took 10% gallons more.

Yours truly
F. W. DEVOE & CO.
New York.

COUNTY CAMPAIGN ON DECK.

Let all True Democrats Get to Work in Earnest.

The Democratic Campaign for this county will be opened today, Friday, at the prosperous town of Credmoor and hope our excellent line up of candidates will meet a warm reception. For most of the time from today until Saturday night, November 3rd, the candidates will be in the field. At some of the appointments outside speakers of note will be present and address the people. Judge Graham, the veteran campaigner, and other members of the Oxford bar will take part in the discussion from time to time with the candidates. But Senator Hicks and Gen. Rev. S. Royster are old campaigners and will highly entertain the people.

We hope our people all over the county will turn out at the appointments and take an interest in the campaign. Let the Democrats of this county realize not only the duty of voting on election day, but the duty of personal work as well. Let our precinct committees and others see to it that the people attend these meetings and do all they can to arouse interest and enthusiasm in the campaign.

True we are going to carry the election by a large majority, but we want to bring the Republicans beneath the surface, though it is necessary to bring out the fullest vote.

And just here we wish to call the attention of the Registrars and others to see to it that those who are entitled to vote are registered, and to the Registrars necessary to bring out the fullest vote.

All Aboard for the Fair. On Wednesday and Thursday Oct. 17th and 18th the Seaboard Railway will operate through coaches from Raleigh to Oxford and back, for all who wish to attend the State Fair. Train will leave Oxford at 7:50 o'clock A. M., and the fare will be \$2.40 which includes a round trip to the Fair Grounds. Make your arrangements to take a day off and meet your old friends at the Fair.

Dr. B. F. Dixon Speaks in Oxford. Dr. B. F. Dixon, State Auditor of Raleigh, will speak at the Oxford High School on Tuesday night, Oct. 16th, at 8 o'clock. He will address the people at the Court House on the political issues of the day.

Dr. Dixon spoke for about an hour and made a most entertaining and instructive speech. He is a finished orator and tells an excellent story. He is never tired of the attention of his audience. His speech here dealt with both State and National questions, though it was mainly devoted to State matters.

The tariff was briefly but forcefully discussed. Dixon was in favor of the tariff and the people were taken from him by the infectious tariff laws. The speaker reviewed the spotless record of the Democracy of North Carolina and contrasted it with the Republican Record, and answered the charges of Congressman Adams and other Republicans to expend money under Democratic rule, completely demolishing their specious arguments.

We are sorry that there was not a large attendance as our people only had a few hours to spare. Dr. Dixon lived in Oxford for a number of years, being at one time Superintendent of the Oxford Orphan Asylum and has been in North Carolina and Granville county, and is always sure of a hearty welcome to Oxford.

Orphan Asylum Concert and Those Who Contribute. On Tuesday night the campaign for the benefit of the Orphan Asylum singing class and subscription to the Asylum ended with the concert at the Oxford High School. We are sure all who of the large audience who were present on that occasion enjoyed it.
