

SOMETHING TO CROW OVER.

We bought more tobacco of the last crops than all the other warehouse firms in Oxford combined and have sold nearly all of our last year's purchases.

We expect to buy more of the new crop than the other three warehouse firms combined.

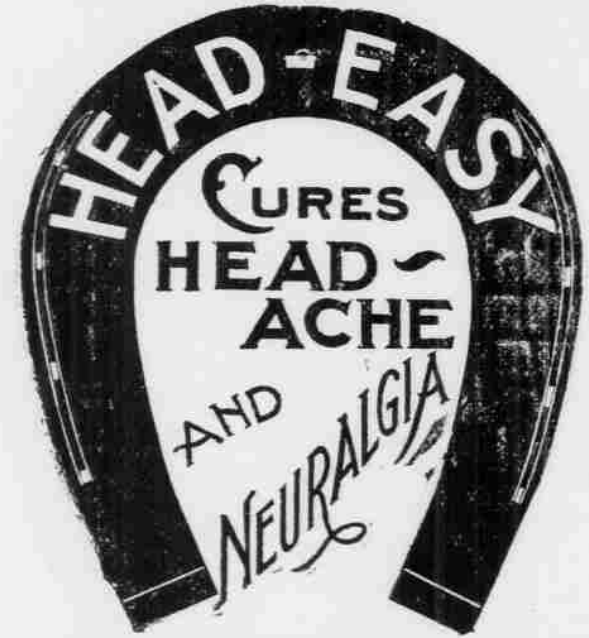

We will leave it to any sound thinking man if this does not give us the advantage of any warehouse in Oxford.

We said at the beginning of last season we wanted more than ONE MILLION pounds ourselves and we bought more than ONE MILLION. We say now that we want 2,000,000 pounds out of this crop. The truth is we are in position second to no firm in Oxford or in the State to get you the cream of the market.

Our buyers are now more anxious for new tobacco than we have seen them for quite a number of years and the Farmers Warehouse is probably in better condition to take care of your interest than it has ever been since it was built.

Our warehouse force is made up of the best. They are as follows: L. W. Stark and S. M. Watkins auctioneers, S. M. Watkins will manage the floor, Wesley Bryan and Thos. Howell will keep the books and J. F. Meadows will see that every pile of tobacco brings the highest market price. Come one, come all and be convinced.

Thanking you for all the past patronage, and promising you service second to no one in the future, we beg to remain Yours very truly

COUNTY CAMPAIGN CONTINUED.

Good Crowds, Good Speaking, Barbecue and Enthusiasm.

Following the speaking at Bullock on Wednesday of last week which was reported in our last issue was the speaking by county candidates on Thursday at Berea, where they were greeted with a large and enthusiastic crowd. The candidates made their announcements, and we are informed that all the boys, especially, Messrs. Gregory and Powell, are making more extended speeches than they did in the beginning of the campaign, discussing good roads, schools and finances in an interesting and capable manner. At Berea Gen. Royster spoke for an hour in his usual forceful and able manner, his speech being much applauded. Solicitor Brooks was also present with the candidates at this point, and delivered one of the best speeches heard in Granville during this campaign. The speaking at Berea was all that could be desired the Democracy was encouraged and the people generally delighted.

On Thursday night the candidates were at Satterwhite and found a large crowd of anxious enquirers awaiting them. The crowd was enthusiastic and the cheering hearty, and the people expressed themselves as greatly pleased with the speeches. Gen. Royster captivated the audience with his stirring address.

On Friday the candidates were at Stovall, where a fine barbecue and Brunswick stew had been prepared for the occasion by that most excellent caterer, Mr. Ben Butler, who is very popular with the candidates. At least 250 people were present, among them a number of ladies lent their presence to grace the occasion. A number of men and several ladies were present from Oxford. The day proved to be a general Democratic love feast, and no doubt much good was done. The weather was ideal and the candidates were in excellent condition. The shades of Mercury seem to have fallen upon the voices of the candidates that day. This was especially true of our brilliant young friend, Jas. B. Powell, who even surpassed himself on this occasion, and he always speaks well.

Mr. Walter P. Stradley, of Oxford, was with the candidates on that day, and delivered a speech of real eloquence and power, which was enthusiastically received by the audience. Gen. Royster followed Mr. Stradley in a speech of unusual power. Many Democrats from other sections were present, and the day was indeed a gala day for the cause of Democracy. At Stovall there were Democrats of all descriptions, old men, veterans in the "lost cause" and also in the immortal fight for Democracy, young men, jubilant and enthusiastic in the militant hosts of the "unterrified Democracy of today," beautiful women, lending their charming presence to brighten and dignify the occasion, and even children were there to listen to the pleasing strains of Democracy, a subject which never grows old to a Granville county audience. In the audience, leaning upon his stick, was old "Uncle" Billy Pettiford, an old time colored man, eighty years old, who had walked seven miles to hear the speaking, who always stands by the cause of good government. He listened to every word of the speeches smiling with approbation. He belongs to a type which is fast passing away, and by its passing, the country will be the worse. One could hardly refrain from thinking how changed would have been the political conditions since the war and how different the relations between the races if the colored people generally had like him stood by their best friends—the white people of the South. But we are not asking for the Negro vote, let it be understood.

On Friday night the candidates spoke in Oxford to an enthusiastic audience. The candidates all spoke, though the speech of Mr. Wheeler, candidate for Coroner, was shorter than usual as he said it was unnecessary for him to make a long speech on this occasion, as the office of coroner was a "dead issue." Senator Hicks made an excellent speech as also did Mr. W. P. Stradley, who spoke by invitation of the candidates, and delivered a most entertaining and impressive speech on good roads and education as he is an orator of unusual power.

The canvass of Gen. Royster, candidate for the House, is a brilliant one and his speeches are among the most able ever heard in Granville county. The candidates were at Sten Saturday and were greeted with a crowd numbering 137. Besides the gunnouncements of the candidates, speeches were made by Gen. Royster, Messrs. A. A. Hicks and Wm. H. Harrison, and were received with enthusiasm, and you may look out for an increased vote at Sten.

The speaking at Dexter on Monday night proved to be a meeting of unusual interest. Nearly 150 of the loyal Democrats of Salem and adjoining townships, among whom were several of the good ladies of that section (who are always the best of Democrats) gathered in Mr. W. H. Green's store. The meeting was opened by Chairman C. F. Crews, who introduced the speakers. After the announcements of the candidates, all of whom made excel-

lent short speeches, Mr. Walter P. Stradley, of Oxford, was introduced and spoke for an hour or more delighting the audience with his able and forcible presentation of the cause of Democracy. He was followed by Gen. Royster who spoke for over an hour and made a forceful presentation of the issues. The meeting at Dexter was one of the best and most enthusiastic of the campaign.

On Tuesday night the candidates met the people at Dickerson. A fairly good crowd was present and there was much interest manifested. The candidates all made their announcements. Senator Hicks made a capital speech, as did also Judge A. W. Graham, who spoke to the people with all his enthusiasm for the cause he loves so well and for which he has rendered such valient service both in his county and his state.

Republicans Bring it Up.

The Republicans claim the negro question is settled, but they never fail to bring it up in every campaign. In the North they are parading the South's righteous disfranchisement laws to stir up the negro vote. They prate of appealing to prejudice when old Joe Cannon howls about rebellion and rebels on every stump.

Richmond P. Hobson.

Mr. Richmond P. Hobson, candidate for Congress in Alabama, passed through Oxford Tuesday afternoon en route to Durham where he spoke that night. Mr. Norman Burwell, who had been to Baskerville, Va., on business, had the pleasure of forming the distinguished Alabamian's acquaintance and was very much pleased with him.

Tobacco Stealer Captured.

Walter Wilson, a negro man of Satterwhite section, was in Oxford Monday night and managed to get in under the shed of the Johnson Warehouse and stole more than 200 pounds of tobacco out of a number of wagons Tuesday morning the tobacco was missed, and search was made for it. It was traced to Walter Wilson, who had put the tobacco in his own wagon and put it on the warehouse floor to sell. He was arrested by Policeman Smith and tried before Mayor Devin, who bound him over to court.

Alarmed the Household.

A young man named John Wallace who works at the Furniture Factory, took on a little too much of the essence of corn Monday night and in consequence caused right much excitement. He became hilarious after he went to his room, and yanked out his pistol and commenced to pump lead, alarming the household and neighborhood. It occurred about 10 o'clock and a policeman was sent for, and he found no damage done, but it is a wonder Wallace did not shoot himself.

Letter to R. B. Hines, Oxford, N. C.

Dear Sir: Here's a tale with three or four tails to it.

Professor Irvine has an Academy, Mercersburg, Penn. He paints the floors in summer vacation. It used to take 90 gallons of paint. There were two paint stores there, and he used to buy (one year of one, next year of the other) 90 gallons year after year.

Now he paints Devco; 60 gallons; and the difference is a saving of \$150 a year.

H. C. Fallon was one of those dealers, good man; but he wouldn't take-up Devco; so we turned to the other, J. A. Boyd. But Fallon has found it necessary to get a good paint to compete with Devco. He got one of the eight honest paints. He has a big hardware store and is doing an excellent hardware business; but Boyd, of course, has the run on paint—he's a little hardware man.

We don't care how little or big a man is, if he wants good paint and is active and sound.

Yours truly,
F. W. DEVCO & CO.
