The House of Kuppenheimer

The style is right and the quality is right; the clothes will wear, and look well while you wear them. There's so much down right good tailoring behind them that they keep their shape indefinitely.

One showing of high grade "Ready" garments for men is a revelation of the wonderful advance in the science of tailoring. The best dressed men everywhere are buying these splendid clothes; there is no reason why you should stick to the slow, expensive small tailor.

Come in and see the new styles. You are as welcome to look as to buy. We can fit you perfectly whether you are of normal or unusual build. Our prices range from \$20.00 down to the point where quality ceases to be a virtue, but we can fit your pocket book as readily as we can your figure.
