Brother-in-law of Messrs. John and James Parrish of Oxford.

Mr. Murchison was a highly honored and esteemed citizen, who had been in business here for a great many years. He continued his work as insurance agent until a few weeks ago. He was an active member of the Methodist Protestant church and a true advocate of temperance and all forms of righteousness. For about thirty years he was secretary of the Lenoir Lodge of Free and Accepted Masons. His life companion preceded him to the better land less than a year ago. Mr. Murchison leaves six children, two sons and four daughters. One of the sons is a resident of Georgia, a married daughter, whose home is in Seattle, Washington, came a few days ago.

## MUST HAVE GOOD LUCK 1907.

### Two of our Excellent Policemen Hunting Rabbits Feet.

Two of our policemen, Samuel M. Wheeler and Lonnie Smith, took an unfair advantage of Ernest Bragg, the night policeman, last Monday morning.

Knowing that Bragg had been up all night and would go to bed in the early morning to get his well earned sleep, Wheeler and Smith decided to provide themselves with a talisman to ward off all bad luck during 1907.

Accordingly they went rabbit hunting in the cemetery. It is easy to find rabbits when there is snow on the ground.

So Wheeler and Smith soon tracked two cotton tails to their beds among the graves, scared them up, ran them down and caught them, keeping as much noise as two badly wind-broken horses.

As sprinters Wheeler and Smith are noted winner of foot races all over the State. A rabbit in the snow has no chance to escape these swift footed minions of the law.

They carefully cut off the left hind foot of each rabbit, Wheeler taking one and Smith the other, vowing that they would wear these feet near their hearts during the balance of 1907.

As Mayor Devin is up against a campaign they should have caught a third rabbit and presented him with a foot as he too is anxious for good luck to come his way this year.

The left hind foot of a graveyard rabbit is undoubtedly lucky so that Wheeler and Smith feel that they will rake in big fees in 1907.

### Going Abroad.

A winter cruise to summer lands. A party of Oxonians is preparing to visit the shores of the Mediteranian. The party will be composed of Mrs. J. H. Horner, Miss Horner, Miss Graham, Miss Kate Horner and Miss Gertrude Winston. They propose to leave New York City in February and go direct to Naples, spending April in Rome—returning to England in time to see Horner Winston take his degree at Oxford in June. They expect to get back home in August.

### DO YOU KNOW

That Dr. Pierce's Favorite Prescription is the only medicine sold through druggists for women's weaknesses and peculiar ailments that does not contain large quantities of alcohol? It is also the only medicine, especially prepared for the cure of the delicate diseases peculiar to women, the maker of which is not afraid to take his patients into his full confidence, by printing upon each bottle a wrapper of the ingredients entering into the medicine. Ask your druggist if this is not true.

"Favorite Prescription," too, is the only medicine for women, all the ingredients of which have the unqualified endorsement of the leading medical writers of several schools of practice, recommending them for the cure of the diseases for which the "Prescription" is advised. Write to Dr. R. V. Pierce, Buffalo, N. Y., for a free booklet, and read the numerous extracts from standard medical authorities praising the several ingredients of which Dr. Pierce's medicines are made, and don't forget that no other medicines put up for sale through druggists for domestic use can show any such professional endorsement. This, of itself, is of far more weight and importance than any amount of so-called "testimonials" so conspicuously flaunted before the public, in favor of the alcoholic compounds.

The "Favorite Prescription" cures all woman's peculiar weaknesses and derangements, thus banishing the periodical headaches, backaches, bearing-down distress, tenderness and dragging-down sensations in lower abdomen, accompanied by weakening and disagreeable catarrhal, pelvic drains and kindred symptoms.

Dr. Pierce and his staff of skilled specialists may be consulted free by addressing as above. All correspondence is treated as sacredly confidential. By consulting in this way the disagreeable questionings and personal "examinations" are avoided.

The People's Common Sense Medical Adviser contains some very interesting and valuable chapters on the diseases peculiar to women. It contains over one thousand pages. It is sent post paid, on receipt of sufficient in one-cent stamps, to pay cost of mailing only, or 21 cents for a copy in flexible paper covers, or 31 cents for a cloth-bound copy. Address Dr. R. V. Pierce as above.

Dr. Pierce's Pellets regulate and invigorate stomach, liver and bowels. One laxative, two or three cathartic.
