**Items to Keep Reader Informed of What is Going on in Around Town and Country.**

Just watch the armory building grow.

\*\*\* Come to the convention next Tuesday and count the folks.

\*\*\* If you have any suggestion for the good of the town, drop a line to Box 34, Oxford.

\*\*\* Mr. Jones Fuller, of Durham, spent a day or two in Oxford this week, meeting our good folks.

\*\*\* A big bunch of our boys went over to Durham last week to see what was doing at the convention.

\*\*\* Mrs. C. F. Satterwhite, of Satterwhite, has been visiting her daughter, Mrs. R. M. Currin, on Broad Street.

\*\*\* If your man don't happen to win, turn in and support the other fellow with all your might, as a good democrat should.

\*\*\* There will be 64 delegates at the county convention, and upon a conservative estimate, we predict that there will be 64 speeches.

\*\*\* Mr. Robert W. Lassiter has exchanged some of his country real estate with Mr. Charley Turner for Mr. Turner's town dwelling and lot.

\*\*\* If this miserable, changeable weather continues very long there will not be a decent tempered man in town. Have you noticed how sick and mad everybody is?

\*\*\* Any foreigners who happen to drop in Oxford about the 12th, will find as fine an aggregation of folks as ever assembled in any one place. And, gentlemen of the jury, they will be democrats.

\*\*\* Mr. Frank P. Hobgood, Jr., is in Oxford visiting his kinfolk, and looking over the political field. He is greatly pleased with his prospects, and his candidacy is rapidly gaining ground.

\*\*\* G. C. Shaw, Superintendent of the Mary Potter Memorial School, colored, is a very industrious gardener, having been one of the early birds in the strawberry market. Last Saturday a week ago, he picked a quart of berries, and on the following Wednesday disposed of 14 quarts. He reports that he is now selling about 10 quarts daily.

\*\*\* **CHALLENGE FROM J. G. HALL.** J. G. Hall is seeking the worst case of dyspepsia or constipation in Oxford or vicinity to test Dr. Howard's new specific for the cure of those diseases.

\*\*\* In order to secure the quickest possible introduction J. G. Hall will sell a regular fifty cent package of this medicine at half price, 25 cents. This specific of Dr. Howard's will cure sick headache, dizzy feelings, constipation, dyspepsia and all forms of malaria and liver trouble. It does not simply give relief for a time; it makes permanents and complete cures.

\*\*\* It will regulate the bowels, tone up the whole intestinal tract, give you an appetite, make food taste good and digest well, and increase vigor. Joy and happiness will take the place of that "don't care whether I live or die" feeling.

\*\*\* Take advantage of J. G. Hall's challenge and secure a bottle of Dr. Howard's specific at half price, with his personal guarantee to refund your money if it does not help you.

**Vote for Solicitor.**

The results of the recent conventions in matter of the race for Solicitor shows:

	Hobgood	Gattis	Fuller	Bradsher
Durham	0	3	34	0
Person	1	3	5	10
Orange	0	19	0	0
Alamance	2	30	6	0
Guilford	58	0	0	0
Total	61	52	45	10

These figures do not give the exact vote, not being given in fractions, but it is within 1 vote of stating the situation exactly. Three counties, Durham, Alamance and Person have had their conventions, and Orange, Guilford and Granville will have theirs very shortly. But the forecast for Guilford and Orange is accurate for the reason that an agreement exists between the candidates that will give the results as indicated. The Australian ballot, system is used in Greensboro. This system requires that each candidate deposit \$5, with a letter over his own signature announcing his candidacy, in the event that he runs for any office. If he does not do this 5 days before the convention, his name cannot be put in the ballot, and only the names on the ballot can be voted for. This gives Guilford's sold vote to Hobgood, since the other candidates have agreed not to register their candidacy. Though not under the Australian System, the Durham and Orange vote was likewise agreed up. Fuller received the solid Durham vote, which is 34, and Gattis will receive the united Orange support, which will be 19 votes.

As will be seen, the strength of the various candidates is:

Hobgood 61, Gattis 52, Fuller 45, and Bradsher 10. Granville is yet to be heard from, and the candidates are very anxious to hear what she has to say about her 32 votes. The total vote in the convention is 200 even.

[From Last Week.]

We are glad to state at the present we don't know of any sickness in our section.

Some of us are undecided about prohibition in this section and don't know what to do about it.

We are glad to say that most all the public roads are in good fix now as they have been worked all over the whole country.

We are sorry to see the money panic closing in on us and think this will be a dull year for trade all over the whole country as it is election year.

We are sorry to say it has been about 25 days since we have had rain enough to wet the land, and it is getting so hard that we can't plow it. Wheat and oat crops are looking well at this time. We don't think we will have but very little frost in this section owing to the early blooming.

Some few farmers have finished planting corn in this section and some are about half done planting, but others have not planted any up to this date. The rumor is that most of the farmers have nice plant beds and a full supply of them so far. Some few have plants large enough to set out.

Corn is 50 cents per bushel higher at this season than it was last year at the same time and we think it will soon go to five dollars per barrel. Meat sides and shoulders, home cured are worth 10 to 12c per pound, hams, 13 to 15c. It seems that chickens are very scarce in our neck of the back woods. Eggs are coming in very scarce at present.

**Death of an Infant.**

The death Angel visited the home of Mr. and Mrs. Robt. Stem, Thursday morning, April the 30th, and took from their midst their little babe who was only seven months old.

The little baby had been a sufferer all its life and the Lord saw fit to take it to its Heavenly Home where it could rest on his gentle breast. Many days had its mother watched over it with anxious desire for its improvement, but the Lord had been watching with more tenderness and he desired to have it be with him in Heaven, so he sent the Angel who bore it away to its Father in Heaven.

A mother, father, two sisters and two brothers, were left to weep over the empty cradle.

The burial services were conducted Friday afternoon by their pastor Rev. Mr. Roberson and many relatives and friends went to pay their last respects and lay it to rest in the family burying ground at Mr. J. R. Stem's.

**R. F. D. No. 2 Still Leads!**

Dear Mr. Editor:—Allow me to broaden myself just a little. I wish to thank my patrons for the interest they have taken in working the roads this year. I can honestly say that my road is in better condition on an average than I have ever had it before, with the exception of one portion of it. The road from Blackwell's Iron Bridge to J. W. Floyd's needs attention.

Crops are looking well owing to the cool spell we have had. I think there will be about a 3/4 crop of fruit. Wheat is looking fine. Farmers seem to be taking more interest in their work than ever before; there has been more hedges cleaned up and new grounds, and more ditching done this season than ever before. The farmers are more forward with their work than they have been in a number of years. If the old saying be a true one, meat is very scarce on No. 2 as I never before have seen so many collards planted. Gardens are looking well. The Carrier has received several nice messes of onions and wishes to thank the giver for same. I am expecting my first garden peas from my friend Mr. A. A. Crews, as he is yet in the lead. While Mr. Robt. T. Crews has him beat on a tobacco crop as on the 4th day of May Mr. Crews wed out a portion of his crop; another bird looks for the worm. Mr. William Allen Moss finished planting tobacco on the first day of May and also replanted. While our friend Mr. Tom W. Hunt, the champion watermelon raiser, has worked his vines the second time. If the present cold spell lets them escape he will furnish you melons the 24th of June.

There is some talk of one of the Carriers from this office buying him an automobile to carry mail with. So patrons, I want to say this much to you when you are ploughing near the road side be sure and have good lines on your oxen or else they will get scared and go to the bushes.

With best wishes to all, as ever,  
Your friend,  
W. H. MOORE, Carrier No. 2

**Lovely Home Marriage.**

Miss Cora Renn and Mr. Vernon Duke were quietly married at home, Sunday morning, May the 3rd, at ten o'clock. The bride was dressed in lovely white silk. There were two couples of waiters, Miss Lottie, sister of the bride, and Mr. W. T. Greenway waited together, and Miss Rosa Tillotson and Mr. H. F. Sanders. The parlor was decorated in white and green and as soon as the marriage was over the happy pair left for their future home in Henderson where a sumptuous dinner was given them. We wish them a long and happy life.
