

### An Indigestion Remedy Free

Many people who are otherwise healthy suffer from indigestion, or dyspepsia. When you consider that the stomach and allied digestive organs are the most important organs of the body, it would seem that a disorder there is to be taken very seriously.

Dyspepsia cannot eat the things they like; food sours in the stomach; head chronic constipation begins, or, as is often the case, you have been constipated all along, and the stools are forced and irregular.

But there is no use letting indigestion go until it becomes chronic and undermines your health. It is good advice to suggest to you that you go to your drug-sister and get a bottle of Dr. Caldwell's Syrup Pepsin, the wonderful cure for stomach, liver and bowel troubles. That is what Dr. Powell, of Carson City, Mont. did and he is well today. Others who did the same and are cured are Ida A. Fortine, of Grand Junction, Tenn.; B. F. Thompson, of Shepardsville, Ind.; who usually considers that it saved his life. You can obtain a 50-cent or \$1 bottle of the drugist, and, taken according to directions, it will probably be all you need. It is a liquid, acts gently, never gripes, and besides the laxative effect, contains an exceptional tonic property which tones the stomach, and that is what is especially needed in indigestion.

All sufferers from indigestion who have never used Dr. Caldwell's Syrup Pepsin can obtain a free test bottle by writing the doctor. It will be sent direct to your home without any charge. In this way thousands have proven to their own satisfaction Dr. Caldwell's Syrup Pepsin is the very remedy they needed to cure indigestion. When once you use this grand remedy you will throw violent cathartics, tablets, salts, etc., away.

For Sale by Crenwill Drug Co.

#### Dry Tennessee Sure.

Nashville, Tenn., Jan. 13.—Shortly after 6 o'clock this evening the lower house of the General Assembly, by a vote of 62 to 36, passed the State-wide Prohibition bill and the question now rests with Governor Patterson.

The battle attending the passage of the bill was probably the fiercest ever known in the House of Representatives. Every means in the power of the local-option forces was gallantly exhausted in an effort to save the day. For almost five hours the parliamentary battle waged. Amendment after amendment was voted down. The lines were so closely drawn that amendments, however meritorious and wholesome they might seem to be, were tabled by the State-wide forces. The vote upon these amendments was about the same as the vote on the final passage of the bill, which was Senate bill No. 1, having been substituted for House bill No. 22. Carden, of Hamilton, and Bates, of Shelby, and Worley, of Sullivan, led the fight for the local optionists.

Mr. Carden pleaded with the Assembly not to fasten Chattanooga down to prohibitory laws, while Mr. Bates exclaimed:

"If prohibition is crammed down the throats of my people God only knows what will become of Memphis."

The appeal of Mr. Worley was in behalf of the Democratic platform. Williams, of Wilson, and Webb, a Republican member from Knoxville, made effective appeals for the passage of the bill. The galleries were packed and when the vote was announced the long meter Doxology was sung. Following this demonstration, a crowd marched down Seventh avenue to the spot where ex-Senator E. W. Carmack met his death and, grouped there on the sleet-covered street gave vent to their feelings, singing again the Doxology.

In the House prior to the vote of State-wide Speaker Taylor ruled out of order the resolution calling on Rev. E. B. Chappell and B. F. Hayne to appear at the bar of the House and make specific their charges of corrupt influences being brought to bear on legislators. Regarding the State-wide fight greatest interest centers in the action Governor Patterson will take on the bill which is now before him. Under the Constitution his veto only operates as a suggestion and not as a stay, or the same constitutional majority in the Legislature that passes a bill on original passage may pass a bill over the veto of the Chief Executive. The Governor is allowed to hold the bill for five days and if not returned within that time it becomes a law without his signature.

The "State-wide" maintain that the Governor's action is not material; that his veto will not be sustained, while the local optionists insist that he carry out his pledges to the people and disapprove the measure.—Baltimore Sun.

#### Cuba's Sun Rises Again.

Havana, Jan. 13.—Although the reins of self-government will not be officially turned over to the Cuban authorities until January 28, when the inauguration of President Jose Miguel Gomez and Vice President Alfredo Zayas will take place, the meeting today of the new Cuban Congress in initial session marked the beginning of the end of the second period of American intervention in the island, which began with the breaking out of the revolution in August, 1906.

Little or no public interest was manifested in the gathering of the legislators, the purpose of the meeting today being merely to pass upon the credentials of members. The 24 Senators met shortly after noon and submitted their credentials, and these will be canvassed by a committee before permanent organization of the body is effected. The 82 members of the House gathered in the new House of Representatives building, formerly the Admiralty Palace, which has been entirely reconstructed. The new quarters are quite palatial, although as yet they are scantily furnished. A crowd of two-score persons gathered outside the building as the House met, but only a few of them gained admission to the gallery, owing to the limited space there. A much larger crowd gathered throughout the day to watch the progress of work on the massive plaster triumphal arch that is being erected near Central Park for their augural on January 28.

In both the Senate and the House the presiding officer, who was the eldest member of each body, sits at the end of a quadrangular hall, the legislators sitting in long rows facing each other in typical Cuban fashion, their sides to the presiding officer's desk.

Several of the Senators in attendance upon the session today were hold-over members from the Congress dissolved in 1906, when the American Government assumed direction of affairs following the revolution against the Government of the late President Tomas Estrada Palma. The members of the House are all new, having been chosen in the recent election. The Senators and Representatives are a substantial looking body of men, and all of them today were attired with the strictest formality in frock coats and silk hats.

The sessions opened with the tinkling of a bell three times as a preliminary signal and then once five minutes later. There was no formality of prayer, as in the American Congress, but an immediate commencement of business. The decree issued by Provisional Governor Magoon convokeing the Congress makes a very strict requirement for the attendance of members. Neither Senators nor Representatives will receive pay when absent from rollcalls without leave, and neither house will be permitted to grant leaves of absence to more than one sixth of their memberships at one time. These rules have been the subject of much discussion among the members and will undoubtedly be amended as soon as the Americans can quit the island.

Bills establishing cockfighting and a national lottery will be among the first to be introduced. The liberal party, which has an overwhelming majority in the Senate and the House, is said to favor lottery, and its members are openly announcing that a bill providing for cockfighting will be one of the first measures to be introduced. The party also favors a liberal educational program, a law providing for the arbitration of disputes between capital and labor and the appointment of a commission to revise the tariff. The Conservative membership of each house is only sufficient to cover the constitutional requirement that there be a minority party. There is little difference, however, in the principles of the two parties.

Governor Magoon is being fairly surfeited with invitations to banquets, and the closing days of his administration are filled with official and social duties. He is preparing a farewell decree for promulgation January 28, declaring re-established the ordinary agencies and methods of Government and turning over the Government to President Gomez and the Congress.—Baltimore Sun.

#### Roosevelt Rides 90 Miles in a Day.

Washington, D. C., Jan. 23.—President Roosevelt rode 90 miles on horse back today, and when he dismounted tonight at the White House door more than 17 hours after having departed therefrom, he did not show any marked signs of weariness.

The object of his long day in the saddle, he explained to a representative of the Associated Press after his return, was to "prove to the critics who have found fault with the recent order requiring all army and navy officers to take a physical test, that if a President, who is not in training, can ride ninety miles plus in a day without being laid up in bed thereby, it should not be too much to ask the men who are supposed to be in the best of physical training all the time to ride 90 miles in three days.

Mounting his faithful rider and jumper "Roswell" in front of the White House door at 3:30 o'clock this morning, he dismounted at the same place at 8:40 o'clock tonight. The journey was to Warrenton, Va., and back.

"And Virginia roads in the winter time," said the President, "are not usually in the best condition."

With the President were Dr. Rixey, surgeon general of the navy; Dr. Cary Grayson and Captain Archibald Butt, one of the President's aides. On the return trip the last thirty miles of the journey were made in sleet and rain, while the last fifteen miles were in almost pitch darkness.

Arriving at the Aqueduct bridge, across the Potomac, the President refused to take the carriage which was waiting there for him. When he dismounted his coat and hat were frozen stiff with sleet and ice.

There were four relays of horses, the first stage of the journey out and the last in being by the President on "Roswell," the second out and the third in being on "Georgia," while the other two were on army horses which the President had never before mounted.—News & Observer.

#### FOR AGED PEOPLE

##### Old Folks Should be Careful in Their Selection of Regulative Medicine.

With advanced age comes inactive bowel movement and sluggish liver. Nature is unable to perform her proper function and requires assistance. Otherwise, there is constant suffering from constipation and its attendant evils. Old folks should never use physic that is harsh and irritating.

We have a safe, dependable and altogether ideal remedy that is particularly adapted to the requirements of aged people and persons of weak constitutions who suffer from constipation or other bowel disorder. We are so certain that it will cure these complaints and give absolute satisfaction in every particular that we offer them with our personal guarantee that they shall cost the user nothing if they fail to substantiate our claims. This remedy is called Rexall Orderlies.

Rexall Orderlies have a soothing, healing, strengthening, tonic and regulative action upon the dry, relaxed muscular coat of the bowel. They produce a natural, successive contraction and relaxation of the muscular fibres of the bowel walls, generating a wave-like motion which forces their contents onward and outward; thus stimulating nature in perfect bowel movement. They also remove all irritation, dryness, soreness and weakness. They tone up and strengthen the nerves and muscles and restore the bowels and associate organs to more vigorous and healthy activity. They may be taken at any time without inconvenience, do not cause any griping, nausea, diarrhea, excessive looseness, flatulence or other disagreeable effect. Try Rexall Orderlies on our guarantee. 36 tablets 25c, and 12 tablets 10c. J. G. Hall, Main St.

STATE OF OHIO, CITY OF TOLEDO, ss

 Address, F. J. CHENEY & CO., Toledo, O.  
 Sold by Druggists, etc.  
 Take Halle Family Pills for constipation.

#### A Woman's Back

Has many aches and pains caused by weaknesses and falling, or other displacement, of the pelvic organs. Other symptoms of female weakness are frequent headache, dizziness, imaginary specks or dark spots floating before the eyes, gnawing sensation in stomach, dragging or bearing down in lower abdominal or pelvic region, disagreeable drains from pelvic organs, faint spells with general weakness.

If any considerable number of the above symptoms are present there is no remedy that will give quicker relief or a more permanent cure than Dr. Pierce's Favorite Prescription. It has a record of over forty years of cures. It is the most potent invigorating tonic and strengthening medicine known to medical science. It is made of the glyceric extracts of native medicinal roots found in our forests and contains not a drop of alcohol or harmful, or habit-forming drugs. Its ingredients are all printed on the bottle-wrappers and attested under oath as correct.

Every ingredient entering into "Favorite Prescription" has the written endorsement of the most eminent medical writers of all the several schools of practice—more valuable than any amount of non-professional testimonials—though the latter are not lacking, having been contributed voluntarily by grateful patients in numbers to exceed the endorsements given to any other medicine extant for the cure of woman's ills.

You cannot afford to accept any medicine of unknown composition as a substitute for this well proven remedy of known composition, even though the dealer may make a little more profit thereby. Your interest in regaining health is paramount to any selfish intelligence of his and it is an insult to your intelligence for him to try to palm off upon you a substitute. You know what you want and it is his business to supply the article called for.

Dr. Pierce's Pleasant Pellets are the original "Little Liver Pills" first put up by Dr. Pierce over forty years ago, much imitated but never equaled. Little sugar-coated granules—easy to take as candy.

#### Japanese Papers Aroused.

Tokio, Jan. 12.—Following the receipt of special cable dispatches from San Francisco, relating to bills now pending before the California Legislature, Japanese newspapers to-day elaborated on the strained relations that may arise through the passage of bills and the enactment of laws forbidding the ownership of land and the attendance of public schools by Japanese residents of California. A majority of the papers assume the passage of the bills as a probability and protest against them as an injustice to the Japanese now living in California.

The Asahi, The Jiji and The Nichi express surprise at what is termed an evidence of unfriendliness after the sincere effort on Japan's part to prove her friendship toward the people of the United States.

The extreme opposition papers assail the Japanese government for "falling into the arms which at the first opportunity not only shows its unfriendly spirit, but even denies equal opportunity to the Japanese."

#### A BAPTIST ELDER

##### Restored to Health by Vinol.

"I was run down and weak from indigestion and general debility, also suffering from vertigo. I saw a cod liver preparation called Vinol advertised and decided to give it a trial, and the results were most gratifying. After taking two bottles I regained my strength and am now feeling unusually well." Henry Cunningham, Elder Baptist Church, Kingston, N. C.

Vinol is not a patent medicine—but a preparation composed of the medicinal elements of cods' livers, combined with a tonic iron and wine. Vinol creates a hearty appetite, tones up the organs of digestion and makes rich, red blood. In this natural manner, Vinol creates strength for the run-down, overworked and debilitated, and for delicate children and old people. For chronic coughs, colds and bronchitis Vinol is unexcelled.

All such persons in this vicinity are asked to try Vinol on our offer to refund their money if it fails to give satisfaction. Hamilton Drug Company, Oxford.

Advice to Mothers: Don't let your children waste away. Keep them strong and healthy during the winter with Hollister's Rocky Mountain Tea. It is the greatest tonic for children. Pure and harmless, does the greatest good. 35c. Tea or Tablets. J. G. Hall.

WANTED.—Old Fashioned Hand Loom. Apply to Box 218. It, pd.

It fills the arteries with rich, red blood, makes new flesh, and healthy men, women and children. Nothing can take its place; no remedy has done so much good as Hollister's Rocky Mountain Tea. 35c. Tea or Tablets. J. G. Hall.

#### Why Should You Hesitate?

If you think you can lose anything in the following proposition, cut out this article and show me for I can't see it.

If you have any kind of a chill or fever—Bilious Fever, Dengue Fever, Hemorrhagic Fever, Typhoid Fever, Swamp Fever, Measles, Neuralgia, or La Grippe, Johnson's Tonic will cure it, and the price is only 50 cents a bottle. This I will positively guarantee, the agreement being that your money will be handed back without a question if you are not cured. Simply say, "Mr. Hall, give my money back, I am not cured," and I will hand you half a dollar without batting an eye.

Mr. Hall, Druggist & Seedsman.

John—"What kind of tea do you like best?" Priscilla—"Go-tees, some, but Hollister's Rocky Mountain Tea best?"

John—"It speaks for itself, John." [Makes lovely complexion.] J. G. Hall.

New corn sheller at Parham's old mill. dec.25.5t.pd
