

Result of Revival.

Dr. H. M. Warton closed his series of meetings at the Baptist last Saturday, and left for Raleigh where he is now holding a series of meetings. Monday a reporter ran up with Dr. A. B. Dunaway and asked the result of the meetings.

"Why, we already received 40 new members and I personally know of 8 or ten others at least who are going to join."

"How large is the church membership, doctor?"

"We have just put on the inactive list 50, 60, or maybe a hundred names of members who have moved away and are out of the church's jurisdiction. This leaves about 400 and the recently joined members and these yet to join will make it about 460."

"How many members here when you came?"

"About 275 members, I think."

"Will the other churches get any new members from the revival?"

"Oh, yes, they will get several."

CURE YOUR KIDNEYS.

Do not Endanger Life When a Oxford Citizen Shows You the Cure.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalids, when a certain cure is offered them?

Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work.

If you have any, even one of the symptoms of kidney diseases, cure yourself now, before diabetes, dropsy or bright's disease sets in. Read this Oxford testimony:

W. E. Diukins, Orphan Asylum, Oxford, N. C., says: "Doan's Kidney Pills proved of such great value to me that I would not be without a supply in the house. I had kidney trouble for a long time, the principal symptom being a constant dull pain through the small of my back. If I sat down for any length of time, my back would become so lame that I could not arise without grasping something for support. It was also difficult for me to stoop on account of the severe twinges that would shoot through my body and if attempting to do so it was just as hard for me to regain an erect position. The kidney secretions passed two frequently. I heard so much about Doan's Kidney Pills, that I decided to try them and procured a box at R. L. Hamilton's drug store. They afforded me the long sought relief and it was not long before every symptom of kidney trouble was driven out of my system."

Oxford needs citizens who will TALK OXFORD.

To Live in Henderson.

Mr. and Mrs. W. E. Massenburg who for a number of years have made Oxford their home have moved to Henderson. Their friends in Oxford regret to lose them. The Henderson Gold Leaf says:

"The people of Henderson welcome Mr. W. E. Massenburg and family as residents of the town. They have just moved here from Oxford and occupy one of Mr. Edwin Stephens' houses. The Oxford correspondent of the News and Observer in noting the removal says this:

"The people of this community exceedingly regret the departure of Mr. and Mrs. William E. Massenburg, who left Monday evening to make their home in Henderson, where they will reside until Mr. Massenburg enters a new field of labor. He has bought tobacco in the interest of the American Tobacco Company in Oxford for more than ten years, and is easily accounted one of the finest buyers on the market."

More Corn Prizes.

In addition to the \$151.00 corn contest prizes announced last week these further contributions will be made:

Progressive Farmer—Year's subscription, value \$1.

These and many other prizes that will be given later are going to be the property of several bright Granville boys.

Write to Supt. Webb boys and enter the contest. It will cost you nothing.

Correction of Mistake.

In some unaccountable way in publishing the obituary of Mrs. James H. Horner last week, the name of the writer, Dr. George T. Winston, was omitted, and the error passed unnoticed until the paper had been printed and was being mailed. This was of course very regrettable but the mistake was detected too late to be corrected.

Dr. Winston, as is well known, is the president of the A. & M. College and is the brother of Judge R. W. Winston, a son-in-law of Mrs. Horner.

Maj. Wm. Landis Returns.

Major William Landis returned last week from his buying trip North. The major told a reporter that there is going to be something doing when Landis & Easton gets in all of the big spring consignments. He was asked if he behaved himself while he was gone but he changed the subject and shied the question.

I hereby announce myself a candidate for the democratic nomination for Mayor of Oxford. Any support that may be given me will be gratefully received and I pledge myself to a faithful and efficient discharge of my duties in the event of my election.

Her son William Gibbs after spending four months in tenderly nursing a loving mother, took his departure Monday the 15th for his home at Grady, New Mexico. It was indeed a trying and sad hour for mother and for all to say goodbye. He went over the Southern by Keyville, Danville, Salisbury, Memphis, Elreno, Amarillo, then to Texico, New Mexico. An Interesting Letter.

The following communication, while signed Citizen, did not come from a "mere man." It shows that the ladies take interest in public matters as well as their lesser halves.

"The series of very fruitful services conducted by Dr. Wharton at the Baptist church were concluded Sunday. The large auditorium of the Baptist church, with the Sunday School room thrown in, were not sufficient to hold the crowds of all ages, conditions and denominations that daily thronged to hear this remarkable divine. The children, the cynic, the theologian, were alike attracted by his eloquence.

A little girl who went to hear him exclaimed, "Oh! mama, I like to hear him! He preached so plain that children can understand him." The cynic said, "I like him; he makes a wonderful appeal for the Christ life." Of him it may be said:

"Truth from his lips prevailed with double sway, And those who came to scoff, remained to pray."

It is but one step from the sublime to the ridiculous was said of old.

Did the editor inquire why the macadamizing machine lies idle, rusting, neglected—the fury of the elements descending unobstructed upon its defenseless head—material sufficient to pave a considerable portion of Oxford lying useless beside it? Surely he remembers the lever that moved the macadamizing machine has been transferred to Clarksville, where it is still doing active service, it not in paving streets, in paving pockets. There is nothing left to do now but turn the machinery over to the Improvement Society.

And, by the way, the candidate for mayor who wishes to be elected should lose no time in joining the Improvement Society. Women can't vote it is true, but their power behind the throne is great.

Considering Pastorium.

Dr. Wharton during his services said that he wants the Baptist church to build a home for its minister. He said that the Methodists had their Parsonage, the Episcopalians their Rectory, and the Presbyterians their Manse, and that the Baptists ought to have a "Pastorium," which name was coined by Dr. M. B. Wharton, brother of the evangelist. The Baptists seemed to think the idea a very good one for they have appointed a committee to investigate the matter and report next Sunday, when definite action is to be taken. The committee is composed of these members: Messrs. S. W. Parker, Chairman, S. H. Smith, J. D. Brooks, L. Thomas, Mrs. John Webb, Mrs. F. P. Hobgood, Mrs. C. D. Ray, and Mrs. Nannie B. Yancey. It has secured an option on the property belonging to Miss Maria Landis and has recommended that the church buy it. The property is within a few yards of the church which would be very convenient.

All the other churches are well housing their ministers, but up to the present the Baptist have not given the matter much thought. However, the church does not like to be behind her sisters, the other denominations, and no doubt will take the desired step. We hope that the plan will be carried out. It would really be a good investment for the church which is stated to be entirely out of debt and has money in its treasury.

Keeper For Cemetery.

A citizen stopped the bald head editor the other day and said:

"I want you to roast the town commissioners."

"Roast 'em. What for? What they been doing?"

"Nothing, but I want to get them to do something," the citizen replied "and it won't cost the town much either."

"Fire a loose and state your case."

"Why," said the citizen, "I want em to hire a keeper for the cemetery."

It stays in bad condition in spite of the money that is spent on it every year.

"How much?"

"A hundred and fifty or two hundred dollars a year. If the town would put up a small house out there and let the keeper stay in it and give him the \$150 or \$200 that is practically thrown away each year, he could keep the cemetery in fine condition and still have a little time to make a little extra money. Jump on 'em about it."

The citizen's remarks are herewith respectfully submitted to the city fathers. We hope they will take the matter up and do what is right about it. The citizens of the town want to see that the resting place of their dead is properly kept.

Big Reunion of Horner Boys.

Tuesday night upon the initiative of Mr. A. H. Powell a number of old Horner Boys met in the office of the Registrar of Deeds and resolved themselves into a Horner School Alumni Association preliminary to having a big reunion of those who have been students of the famous educational institution.

These were the officers elected and the members present:

Messrs.—
N. M. Ferebee President
S. W. Parker First V.-Pres.
A. H. Powell Sec. V.-Pres.
F. M. Pinix Secretary
W. A. Devin R. W. Lassiter
A. S. Hall B. K. Lassiter
W. C. Conghenour, Jr. J. G. Hall
James W. Horner Henry Hunt
John Webb A. H. Powell
C. H. Landis T. Lanier
F. H. Gregory Wm. Landis
C. L. Wright B. K. Hays
H. G. Cooper C. W. Bryan
W. T. Yancey W. H. Britt

By request, Mr. J. C. Horner, principal of Horner School, was present and joined in the discussions when his views were asked. He was of the opinion that the old boys who lived in other places would be glad to come to Oxford and have a re-union and therefore approved of the suggestion.

After finding that the re-union was entirely agreeable to Mr. Horner, a committee consisting of Messrs. R. W. Lassiter, W. A. Devin, S. W. Parker, A. H. Powell, and Wm. Landis, with Dr. Ferebee as ex-officio chairman, was appointed to bring before the Association next Monday night such detailed plans as it deems necessary for success of the occasion.

The meeting having been very hastily brought about, there were a great many old Horner boys who did not know of the movement. The association wants the name of every Horner boy in Oxford and Granville county, and his hearty co-operation in bringing about the re-union.

A full meeting of old boys is hoped for Monday night.

A Painful Burn.

Monday morning while in front of a stove in which the fire had just been made, the door was blown open by the heat and little Miss Georgia Winston was painfully burned in face and head. Her hair was singed a little and her face considerably scorched. However, the burns were more painful than serious and in a few days the young lady will have recovered from ill effects.

Toes and Fingers to Spare.

A bouncing boy was born to Mr. and Mrs. Sut Hendrix, of Elk, last week. The new arrival has, we learn, six toes upon each foot and a thumb and six fingers upon each hand. This makes a total of twenty six fingers and toes, whereas the usual apportionment is only twenty.—Wilkes Patriot.

Rowan County's Chicken Law.

Many inquiries have been made of The Post as to the provisions of the law enacted by the Legislature with reference to depredations by domestic fowls in Rowan county. For the information of the public it may be stated that the law provides that when the fowls of one person depredate upon the premises of another, the latter shall give notice to the owner of such fowls. If after this notice the depredations continue the injured party may kill the depredating fowls. For third offenses the owner of the fowls becomes guilty of a misdemeanor.—Salisbury Post.

The Woman's Literary Club.

The Woman's Literary Club meeting for February ninth was postponed till February twenty-third.

An enthusiastic meeting of an unusual nature was held on that date with Mrs. Furman as hostess to grace the occasion and give great pleasure by her generous hospitality.

The business in hand was the annual election of officers who will enter upon duty next September, 1909, after the usual summer vacation of the Club.

The usual balloting resulted as follows:

Mesdames:—
President A. A. Hicks
Vice-Pres. J. B. Roller
Secretary B. K. Hays
Treasurer S. H. Smith
Reporter R. L. Brown

After the announcement of the election, the following program was rendered:

1. Paper "The Ballad" with particular reference to the Scotch Ballad—Mrs. Hicks.

2. Chorus. Annie Laurie—The club members.

3. Reading Poem, Scotch Bagpipes—Mrs. Brown.

Quartette (a). Flow Gently Sweet Aton—The Mrs. Ray, Smith.

(b). Blue Bells of Scotland—The Mrs. Shaw and Hicks.

5. Solo. North Country—Miss Tauman, accompanied by Miss Lacy.

6. Duet. Scotch Lassie Jean—Mrs. Shaw and Mrs. Cannady.

These ever charming ballads engendered a true and general feeling of mutual comradeship and warm pleasure according to the historical influence of the Scotch ballad, the finest and purest ever written.

Punch was then served just in time to sing Auld Lang Syne with cups in hand, each one present responding to the over flowing kindness of all others on this happy occasion.

Delicious yellow cream, cake, almonds and mints followed.

The decorations were jonquils and potted greens. Yellow, the sunshine color, suggestive of riches and intellectual life is the club color.

The meeting was a delightful, and Mrs. Furman must feel happy indeed that her occasion of hostess gave such pleasure.

J. G. Halls Unusual Offer.

"It isn't often that I have faith enough in the medicine put up by other people to be willing to offer to refund the money if it does not cure," said J. G. Hall to a Public Ledger man who dropped into his store, "but I am glad to sell Dr. Howard's specific for the cure of constipation and dyspepsia on that basis."

"The Dr. Howard Company, in order to get a quick introductory sale, authorizes me to sell their regular fifty cent bottles at half price, 25 cents, and although I have sold a lot of it, and have guaranteed every package, not one has been brought back as unsatisfactory."

There are sixty doses in a vial that can be carried in the vest pocket or purse, and every one has more medicinal power than a big pill or tablet or a tumbler of mineral water.

I am still selling the specific at half price, although I cannot tell how long I shall be able to do so, and anyone who is subject to constipation, sick headache, dizziness, liver trouble, indigestion or a general played out condition, ought to take advantage of this chance.
