**PANCAKES AND MAPLE SYRUP**

In spite of the advances in the science of dietetics, there has been nothing discovered nicer than the above.

**Nothing More Appetizing. Nothing More Nourishing.**

For breakfast they are perfection--if the flour and the Syrup are perfection, which they can easily be.

It seems too bad (but it's so) that a lot of Maple Syrup isn't all Maple Syrup. The adulteration may be quite harmless, but the flavor isn't there.

We can fix you up right in the Pancake and Maple sugar line. We know where our Syrup comes from and all about it.

In pint bottles at 35c. in quarts at 60c.

**OUR NEIGHBOR'S REMARKS.**

Roxboro Courier Comments Upon the Result of the Appearance of Delegations Before Board of Agriculture.

Our neighbor the Roxboro Courier, says of the appearance of the delegations from Granville, Person, and Caswell, before the Board of Agriculture in reference to a state experiment farm:

"On Thursday morning a delegation consisting of Hon. J. A. Long, Mayor Lunsford, L. M. Carlton, W. H. Harris, W. F. Long, W. D. Merritt, R. E. Holman and J. W. Noell hied themselves away to Raleigh for the purpose of convincing the Board of Agriculture that Person County was the place and the only suitable place in every respect for a tobacco test farm. We had been informed that the Board had decided to establish such a farm, and the delegation was just so sure of that farm, but to our surprise when we reached Raleigh and conferred a little with members of the Board we soon learned that the Board had not even passed on the matter of establishing such a farm.

The Board gave the delegations from the counties represented, Granville, Caswell and Person a hearing at 3 o'clock and suggested--rather a motion introduced by Mr. Scott, a member of the Board, was adopted requesting the various delegations to confine their arguments to reasons why such a farm should be established. Upon the request of Granville, Hon. J. A. Long was requested to address the Board giving the reason why such a farm was needed. Mr. Long spoke about 30 minutes and very clearly set forth the necessity for such a farm. He was followed by W. D. Merritt, Prof. F. P. Hobgood, of Granville came next, followed by Messrs Harrison and Kerr of Caswell, R. B. Holman, who looked up the records closed for this County with a statement showing how much revenue was received from the sale of fertilizer tags and insisted that we were not asking any favors, but simply asking what we were entitled to.

After hearing the delegations the Board decided that it did not have the means to establish this farm at this time, but we are quite sure that it will be done and that very soon. In a private conversation with a member of the Board we learn that they are very deeply interested in the matter and realize fully that the tobacco industry is entitled to their consideration and just as soon as the money is available the farm will be established.

We appreciate the position taken by the Board and only regret that they are cramped for funds, but that they are intelligent and honest in their efforts, doing everything possible for the betterment of the farmer--and how well they are succeeding every one who reads at all knows, and they will give the tobacco farmer all that is due him and more.

That the farm will come to this County when established we firmly believe, for there are reasons so numerous why this is the proper location that our columns would not begin to hold them were they set forth. But in due time the Board will be thoroughly advised of our claim."

If You Have It, Read This Letter.

J. G. Hall Guarantees Mi-o-na.

"I was taken last August with a severe stomach trouble. The doctor said it was nervous dyspepsia. He gave me medicine for that. I took his treatment four weeks, didn't feel any better at the end of four weeks than I did when I commenced taking his medicine. I took everything heard of. The first day of December 1908, I got a box of Mi-o-na tablets. I took them that afternoon and the next day, and haven't had one bit of pain in my stomach since the 2nd day of December. I took five boxes. Feel well now, sleep good--that is something I haven't done in a number of years"--Mrs. M. E. Maxfield, R. F. D. 9, Avoca, N. Y., June 9, 1909

Mi-o-na in the form of a tablet is the best prescription for indigestion ever written. It relieves after dinner distress, belching of gas, foul breath, heartburn, etc., in five minutes. It is guaranteed by J. G. Hall to permanently cure indigestion, acute or chronic, or any disease of the stomach, or money back.

Mi-o-na is sold by leading druggists everywhere, and in Oxford, by J. G. Hall, at 50 cents a large box. Test sample free from Booth's Mi-o-na, Buffalo, N. Y.

**Good Work on the Streets Done.**

Chief Luther Roberts has been doing some very good work on the streets for the past few days. On several important thoroughfares the red soil has become packed to an unusual degree with red dirt. That's where the dust has a good time in dry spells. The chief is looking after these places and little sprinkling hereafter will go right much farther.

While the street committee is in the humor for such work the condition of some of the crossings in the residential parts are respectfully called to its attention.

May the good work continue and down with mud.
