out of town Total Enrollment for the year 361. Enrollment St. John's Chapel 42. Grand Total White Envolument 403. Total white school population 570. ., colored , enrollment 328.

If we subtract the enrollment from town from the census we find that 94 children of school age in Oxford were not enrolled in the Graded school. Outt of this 94 we find some have graduated from the Graded School,. some are in other schools, and some are away at Cellege. The number in these three classes is approximately 73. This leaves only 21 boys and girls of school or a percentage of 94 8-13 This is a record to be proud of and one that I do not believe is equaled anywhere else in the state.

While we enrolled 361 in the school on College Street, only 290 remainon in school until the close of the session. Of the 71 that stopped, 23 boys went to work. 14 moved away, 9 left on account of sickness, 2 got married and 23 left without giving any reason. We may say that 25 out fortunate neighbor attends school re 5,000. gularly.
