A GRANVILLE BOY. Mr. S. R. Winters, of Stem, N. C., who was one time in the employment of the Ledger, has gone to Lexington to become editor-in-chief of the Dispatch, one of the State's best weeklies. He went to the University where he took a course in journalism and acquired a good deal of experience on the Chapel Hill News. We believe he will make good on his new position. He is bright and full of energy and will no doubt keep the Dispatch up to its standard.

The ins lost out, and the outs won out. This District will never again go Republican.

The Democrats of Granville will never split a ticket.

This old County must do herself pride as she usually does.

Some call "the back" in shape to fight even if Jeffries couldn't.

Oh no! Morehead doesn't care for politics. He is just playing.

We understand why the News was against Mr. Morehead so strong.

This old talk about what Republican are going to do, is all tommy rot.

The Republicans took a backward step when they took in Marion Butler.

The Republicans say they are going to build up a respectable Party in this State. Isn't this a joke?

Read the article entitled, "Shall we make Butlerism the issue" by the Editor of Greensboro News.

Wonder how Mr. Morehead will distribute the Pie, and wonder to whom he will give the Post office here.

Didn't the Commission and Daily News have a bloody fight and we be lieve it was a case of dog eat dog.

Did you see what Daily News, of Greensboro, the leading organ of the Republican Party had to say about Butler. It sizes him up right.

The Republicans in the fifth district will either have to swallow Butlerism or vote Democratic tickets this fall. Says the Franklin Times.

If we had our way about it, we would rather swallow a large dose of aloe, butalism is a synonym for perfidy, rascality, and political trickery. His name shouldn't be spoken in a crowd, and think of it: he is Morehead's chief advisor.

Eye Troubles. Does your head and eyes ever feel like a dull aching pain at the temples and at top of the head, or perhaps, at the base of the brain, with eyes smarting, burning when confronting a bright light suddenly? Or is newspaper type clear before your eye sight? Likely you need glasses. Dr. N. Rosenstein will be at Oxford Tuesday Aug. 23rd at the Exchange Hotel, also Wednesday Aug. 24 at Creedmore, with his ten years practical experience and superbly equipped with all the latest styles of Fluor-On eye glasses, Forts and Kryptok Invisible Bifocal lenses. Don't fail to see him, he makes no charges for consultation, though holding the French profession.

They have a Definite Purpose. Foley kidney pills give quick relief in cases of kidney and bladder ailments. Mrs. Rose Glaser Terre Haute, Ind., tells the result in her case. Sold by all Druggists.

A Person County man called in Oxford to see Callis, the Buggy Doctor, and after a skillful examination, an operation and application he went home rejoicing.

Lynchburg.—In the past six months there have been two or three deaths from pellagra here, and it is now learned that four white women are suffering from serious cases of the disease.

Raleigh.—A Seaboard Air Line yard engine derailed out in front of the state penitentiary yesterday delayed No. 33 northbound passenger train for over half an hour, but didn't cause any serious damage to property.

Winston-Salem, 9th.—Mr. and Mrs. Leake, of this city, are greatly distressed over the disappearance of their little daughter Lillie. The little girl disappeared after breakfast yesterday morning, and a diligent search so far has failed to locate her.

Nassau, the Bahamas.—Twenty four men and two women were drowned according to information received here today when the schooner Euna was wrecked yesterday near Castle Island. All the victims were negroes. Five survived reaching Ragged Island after a terrible fight with the seas.

Norfolk, Va.—Bernard Truer, a traveling salesman, arrested aboard an Old Dominion steamer on the charge of the larceny of samples from a New York employer, expresses the desire to return at once and face his accusers. The samples which are of leather goods valued at about \$800 he says are in two trunks in Petersburg, where he was compelled to leave them as security for a board bill. With him on the boat, which was about to sail for New York, when arrested, was his young wife. She did not get off.

Newport News, Va.—A remarkable tale of cruel treatment was related by Edward Strange, of Lynchburg, Va who arrived here yesterday from Buenos Ayers aboard the transport Summer. Strange claims to have been shanghaied on a vessel sailing out of this port for Buenos about a year ago. He says he was put ashore at Buenos Ayers without funds, and after a short time was thrown into prison, where he remained several months, being maltreated and half starved. In vain, Strange says he appealed to the American consuls.

San Rafael, Ga.—Twelve men are dead and a score are suffering from painful injuries as a result of the collision on the Northwestern Pacific Railroad at Ignacio Station last night. One death, that of W. B. Burton, of Berkeley, occurred today and the condition of several of those in the hospitals in San Francisco is precarious. The cause of the accident is ascribed by railroad officials to the failure of Conductor Geo. Flaherty, of the work train, to obey an order to hold his train but he yam at Ignacio until the passenger train from the south had passed.
