WOMEN, SPIT, AND THE 'TUBERCULOSIS MAN.'

The little woman who so far forgets herself to allow herself to appear on the street with a trailing gown, whether through the ethics or inadequate common sense or just plain, ordinary "style," and who is bent upon being just as unsanitary and just as "trailing" as she please while engaged in the pleasant practice of delegating herself as a committee of one to mop up the streets with the hem of a gown, has found a champion, according to Bonnie Burnham of the P. Enciclopedia Journal, in the good-natured "anti-tuberculosis man" who is working around locally and doing things generally for the love of the thing and for sweet humanity's sake.

Nrfoik.—While herding cows near the southern limits of the navyyard Emmet Clifton Bailey 25 years old, branch of the Elizabeth river. He had been subjected to epileptic fits for many years, and was presumably seized with one of the attacks. He was rescued from the stream by persons who ran to his assistance, and was carried to the home of his parents, Mr. and Mrs. William J. Hughes where physicians were called. His condition did not improve, however, and at 9:30 o'clock Monday night he died.

Seaboard Air Line Schedule.

No. 442 arrives Oxford 8:10 p. m. and brings passengers from Raleigh. NOTE. No Sunday trains.

The "Tuberculosis Man" is going to make the men stop spitting. He knows the ways of women, evidently, and feels away down deep in his heart of hearts that, in attempting to bring about a dress reform, he would call down the wrath of the 20th century goddesses upon his tentacles head.

He knows that. So he is going to put it up to the men. It's horrid to spit anyhow. If you are a man, get some pretty little woman to tell you about it. After she tells you how her foolish gowns are spoiled and dragged and placed in perfectly awful condition, by one appearance on Parkfox street you'll probably decide at once that all men—that spit—are indeed deep-dyed villains who ought to be lynched immediately.

But don't do it—don't lynch them, you know. See the "Tuberculosis Man." The "man" has organized an association to be known as the "No Spit" league—dauntly, isn't it?—the motto of which is "Lest We Forget—and Spit," the countersign, "Don't spit," the battle cry, "No Spit, No Consumption," and the platform, "Man Spits Because of Bad Health and Bad Habits." The pledge that each member has to take is as follows:

1. I will try not to spit when it is not necessary.
2. I will try to spit carefully when I do spit.
3. I will try to make each spit the last spit.

(These rules are for the gentlemen—if you think they are crazy, well, you just ought to meet the "Tuberculosis Man.") Swettingham and Klang, a town of 6,000, where malaria affected about 50 per cent of the population and was evidently sapping the life—physical and industrial—out of these places, a vigorous anti-malarial campaign has completely exterminated the disease. Next week's article will be a continuation of the enumeration of great sanitary victories over the forces of disease and death.

Wilson.—Therman who was thrown in a well at Bagley, in Johnson county on July 18th, and supposed to have been murdered and who remained in the water six days and nights, was brought to the Wilson sanitarium this afternoon for treatment. He talks rationally and as yet a thorough examination has not been made by the doctors.

New York.—The Norwegian fruit steamer Rosario Di Gier's came in port today from Port Antonio with her bow stove in. The Rosario was in collision with the United States collier Marcellus early yesterday morning in latitude 36, longitude 74.08. The Collier was struck on the side, but the extent of the damage is not known.

Durham.—Aquilla Powell, son of the Halifax slayer of Chief Dinn and assistant of Paul Kitchin and Senator Travis, died to night as the result of his wounds inflicted with suicidal purpose Friday of last week. The young fellow had never really rallied, but grew steadily worse his liver having been pierced by the bullet. The body will be shipped to Scotland Neck, the boy's old home.

Sample Helps Frail Women

So many women are dragging out weary lives just because their digestive organs are weak. The result is poor circulation, nervousness and the verge of invalidism. It is often very unnecessary and the woman's own fault.

The first thing to do is to look to the welfare of your bowels. There the trouble usually lies. All physicians know that a large percentage of women are habitually constipated, and from this result indigestion, piles, weariness, etc., that women constantly complain of. But there is no use taking "female remedies" and things of that kind until you have started your bowels moving. You will find that when the bowels move regularly once or twice a day all your petty ills will disappear. Take a good, mild laxative tonic like Dr. Caldwell's Syrup Pepsin for awhile and you will find yourself rapidly getting better and stronger, your bowels will regulate themselves and work at stated times, and then your headaches and dizziness will disappear. Don't take strong cathartic pills or salts, but just such a mild and pleasant-tasting remedy as Dr. Caldwell's Syrup Pepsin.

You can obtain a bottle of your druggist for fifty cents or one dollar, and either size may be enough to permanently cure you. Thousands of women keep it regularly in the house and will no longer be without it, as it cured them and can be used with safety by every member of the family, down to the youngest child, but if you have never used it take the advice of Mrs. Earl S. Cox, 409 Twenty-fifth street, Moline, Ill., and Mrs. Ellen Dungan, Muncie, Ind., and send to Dr. Caldwell for a free trial bottle, as they did, and learn for yourself what it will do in your own case. That it will cure you, as it did them, there is no doubt.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 500 Caldwell building, Monticello, Ill.

ADMINISTRATRIX NOTICE.

Having qualified as administratrix upon the estate of John H. Bullock, deceased, before the Clerk of the Superior Court of Granville County notice is hereby given to all persons indebted to his estate to come forward and make payment of the same. Persons holding claims against his estate please present them for payment on or before the 31st day of July, 1911, or this notice will be placed in bar of their recovery. This 23rd day of July, 1910. Sallie May Bullock, Admrx. of J. H. Bullock, deceased. A. A. Hicks, Attorney.

Proprietary Medicine Frauds Should Be Exposed

There have been plenty of them, no doubt, and they have been vigorously condemned—so vigorously, that every sort of medicine, the formula of which is privately owned, is condemned and pronounced "unethical" by the Medical Profession.

Eckman's Alternative deserves attention, not because it is a "proprietary" but because it really has cured many cases of tuberculosis. If it is a fraud it needs exposing badly, because a number of cured consumptives will need to find some other reason for being well.

Henry Clay said he would rather be right than be President. Is it not better for Eckman's Alternative to make cures than to be ethical?

Weldon, Ill., Feb. 3, 1906. In July, 1905, my physician sent me to Texas, from there to Colorado. I became worse and was sent home to die. I heard of Eckman's Alternative, began treatment, and was cured. I earnestly recommend Eckman's wonderful cure for Consumption.

(Signed affidavit) Arthur Webb. Eckman's Alternative is good for all throat and lung troubles, and is on sale J. G. HALL

and other druggists. Ask for booklet of cured cases, or write to Eckman Mfg. Co. Phila., Pa.
