get your neighbor to be healthy. If you do not take the proper means to ward off the causes of disease, it will be too late when one dear to you-especially some little helpless and much-loved babe-is lying in the last gasp for breath. Then more rigid and there has been a Winston-Salem under the leadership you will realize that you yourself are partly responsible at least for the loss of this valuable life.

Let us all take hold and do what we can to make Raleigh a still better city, and to make every part of our great State more healthy than it is now. This can be done, and we are guilty of neglect of duty if we do not do it.

We want your financial aid, but above all we want your assistance in working on one of the committees of the Raleigh Health League.

Confidently believeing that we can expect you to rally around us, and assist us, in the work we are trying to do for the preservation of the
