

News From County

Gathered by Our Correspondents.

MORIAH ITEMS.

A very nice shower of rain fell this morning.

People are stripping and selling tobacco; also getting the ground ready for sowing wheat.

Misses Annie and Asa Rhew, of Rougemont passed through Moriah Sunday on their way to begin their school Monday.

Mr. Pomp Day, who is making cane molasses, gave a candy stew to the children Monday night. They had a jolly good time.

Mrs. Cordy Vaughan is teaching a private school in the southern part of the Moriah district, and is having good attendance.

Mr. Hunter Cozart met his singing class at Bethany Saturday and Sunday. Will meet next time the fifth Saturday and Sunday.

The Moriah public school is in session being conducted by Miss Ella Cutchin and Miss Annie Duncan. Have not learned much about the attendance there.

There was quite a gathering at Mr. Henry Grays Wednesday evening Oct. 4 of the Moriah pupils, teachers, and others to hear music made by Mr. Joe Veston and Mr. Tepp. They report a pleasant time.

R. F. D. No. 5.

We regret that the condition of Mr. Bob Hicks, is about the same.

Mr. Willie O'Brien is right sick and his friends are uneasy about him.

This writer is "granddaddy" now, has a grandson at Sutherland Springs, Texas, his parents are proud of him.

This writer has been off a few days for a rest. Thanks to the many good people I serve for their kindness to me at all times and also to that of my substitute.

Miss Isabell Fleming begun the Averett school last week on Route 5, and Miss Katie Fleming and Miss Ethel Breedlove will begin the school at Penny Hill next week.

D. N. HUNT.

R. F. D. No. 7.

It was my good leisure on Monday of last week to go with the carrier of Route No. 7. Jos. P. Hunt around his Route. There were things to interest me all the way round. Good, kind and appreciative people can and will make a carrier feel glad almost any time. Among many others, we were glad to meet Mr. McGee at Mr. Caldwell's. He is a kind and courteous gentleman and invited us to come out to see him. We went in at the splendid home of Mr. John S. Eakes near Mountain Creek and took dinner, and "what a splendid dinner we did have." A big dish of squirrel, corn pudding, vegetables, pickles, pies, cakes and, my, my, it was our great leisure to meet Mr. and Mrs. Eakes, Miss Bessie, Mr. Gus, Bernard and several other members of the family. Mr. C. A. D. Eakes and Bernard had both been to the Watts Hospital and Bernard expected to go back in a few days.

We stopped to see Mr. Henry Hart and his family for a minute or two. We saw and met many friends on the way, who are patrons of Route No. 7, and we extend our sincere thanks to them all for their kindness to their faithful mail carrier and appreciation of his service during these years of labor during these years of labor of carrying the mail to them. With best wishes to you all, I am your friend.

D. N. HUNT.

Miss Stark Entertains.

Miss Irvin Stark was the charming hostess to the College Street Embroidery Club Tuesday morning. Delicious ice-cream and cake were served and the occasion was greatly enjoyed by all present, who were Messdams. J. W. Cannady, L. W. Stark, C. D. Bay, E. Lewellyn, W. W. Phelps, H. O. Furman, R. T. Smith, Sterling Boddie, of Louisville.

Mr. Taylor Jackson, of Stovall, was the guest of Mr. J. B. Powell this week.

Mr. B. K. Lassiter, attended the Greensboro Fair this week.

Mr. and Mrs. Lucius Currin, of near Oxford, were visitors Wednesday.

Mrs. J. F. Veazey, of Wilton, spent the first of the week with Mrs. J. G. Hunt.

Mrs. W. A. Devin left Thursday for a trip to New York.

Mr. D. M. Thomasson, of Route 6, came to town Tuesday and called in the Ledger Office.

Mr. and Mrs. J. B. Hobgood, of Berea, were on our streets Thursday.

Mrs. Ella Gooch, of Route 1, visited town Thursday.

Mr. and Mrs. R. L. Hobgood, of Route 4, were in town shopping Thursday.

Mr. Charlie Lawrence, of Creedmoor, came to town Thursday.

Mrs. Tom Hunt, of Route 3, was in the shopping district Thursday.

BEAR AND TURTLE BATTLE.

A Curious Contest in Florida in Which Bruin was Killed.

New York Press. Curious and unequal combats sometimes take place when beast of prey attack creatures out of their own element. The pursuer in such a case is likely to run more risk than the pursued. This was illustrated in a novel encounter in a harbor of Florida.

The crew of a New England schooner, while ashore, heard a strange rumbling and pushing round a turn in the beach, they saw a huge loggerhead turtle in deadly battle with a big black bear.

From their position it seemed that the bear had sprung upon the turtle as it was retreating toward the water and had tried to overturn it. In some way it had stepped in front of the turtle, which, thrusting its head out, had quickly seized one of bruin's hind legs and held it.

At this the bear roared loudly, pawed furiously at the turtle's back and tried to force it over on its back. The turtle resisted with all its strength and weight. He settled down close to the ground whenever the bear made an extra effort, and then, as the bear relaxed its effort, he would suddenly start up and endeavor to get nearer the water keeping his firm hold on the bear's leg all the while.

Finally, by a sudden push and a powerful muscular effort of his head and paws, bruin managed to get the turtle half upset, one side being raised a foot or so. Pursuing his advantage, he seized one of the turtle's big flippers in his jaws, and the snap that followed showed that bruin felt things were coming his way.

"Dixie" the National Air.

New York Press. A woman recently back from foreign parts has a grievance against the way in which military bands there play American airs. To begin with, says this woman, two thirds of the bands and orchestras of Europe think "Dixie" is the national air, and this mistake is not difficult to comprehend, as applause generally greets this tune. Next in popularity comes "Columbia, Gem of the Ocean," and strange to say, then comes "Old Dan Tucker."

No amount of exostulation avails to change this notion. "The Star Spangled Banner" is reserved for solemn occasions, and it must be confessed Americans are not widely enthusiastic over it. Not one in a thousand remembers three lines of the verses, not even the school children who shout them day after day. "Maryland" is popular, but the tune is that of the old Presbyterian hymn, "Beulah Land," and may be heard wherever Scotch and English folks gather.

Seed 1,000 Years Old Grows.

Denver Times. Long black ears of corn, grown in La Platta County, from kernels 1,000 or more years old, found in cliff dwellings, will form an imposing exhibit from Colorado at the American Land and Irrigation Exposition, New York City, next month.

The corn grown from this ancient seed is of an especially fine flavor, quite unlike any modern corn known. It has high nutritive value and is believed to have been the chief means of subsistence of the delichcephalic or narrow-headed people who inhabited this territory long ago.

They dwelt in great community houses three or four stories high, built on the brinks of canyons and containing as many as 1,400 rooms. The corn was preserved in sealed jars found in the deserted homes.

Valuable Land for Sale.

Two miles from Creedmoor, good dwelling good out houses, well improved, plenty of good water, fine tobacco farm, 125 acres more or less. For further particulars apply to S. L. Moss, Creedmoor N. C.

The Shark Sucking Fish.

A shark sucking fish about a foot and a half long turned up in Washington market and almost stopped business, for venders had to take looks and guesses and bets on the queer, savage-looking catch of the sea. Not a son of Billingsgate of them all knew what the fish was or its true name. The true name of this shark sucker is "sucking fish," of the species Echenels, genus Remora. The front fin on the back is converted into a large sucking disk on the top of the fish's head; with this it adheres firmly to sharks, letting go at will. Any fish that can work its rear continuation so as to catch its cow-catcher and hold on over the liver of a shark and live on that shark's liver is without parallel or example outside of the hungry depths of howling seas. Sucking fishes have a kind of tiny teeth no only on the jaws but on the palate, and in exceptional cases even on the tongue. They spend much time fastened to the under surface of ships and turtles as well as under sharks. They have no air bladder, and, strange to say, their back, like the belly of other fishes, is light colored, while their belly, like the back of other fishes, is darker colored.

STOP THAT DANDRUFF.

before it kills your hair. You know dandruff is a germ disease and it leads slowly and surely to baldness and there is only one way to cure dandruff and that is to kill the germ that causes the trouble.

Greasy salves will never do this. ZEMO and ZEMO SOAP kills the dandruff, itching scalp and all other germ and are guaranteed to cure germ diseases of the skin and scalp. ZEMO and ZEMO SOAP are the true scientific remedies for these afflictions. To show our faith in ZEMO SOAP we have instructed the druggists selling them to refund your money if you are not satisfied with the results from the very first bottle and the first cake of soap.

We can afford to make this offer because one bottle of Zemo and one cake of soap are sufficient to show their healing qualities, and if used according to directions, they will effect a permanent cure.

Sold by druggists everywhere and in Oxford by J. G. Hall.

HINTS ON HAIR HEALTH.

Scalp and Hair Troubles Generally Caused by Carelessness.

Dandruff is a contagious disease caused by a microbe which also produces baldness. Never use a comb or brush belonging to some one else. No matter how cleanly the owner may be, these articles may be infected with microbes, which will infect your scalp. It is far easier to catch hair microbes than it is to get rid of them, and a single stroke of an infected comb or brush may well lead to baldness. Never try on anybody else's hat. Many a hatband is a resting place for microbes.

If you happen to be troubled with dandruff, itching scalp, falling hair or baldness, we have a remedy which we believe will completely relieve these troubles. We are so sure of this that we offer it to you with the understanding that it will cost you nothing for the trial if it does not produce the results we claim. This remedy is called Rexall "93" Hair Tonic. We honestly believe it to be the most scientific remedy for scalp and hair troubles, and we know of nothing else that equals it for effectiveness, because of the results it has produced in thousands of cases.

Rexall "93" Hair Tonic is devised to banish dandruff, restore natural color when its loss has been brought about by disease, and make the hair naturally silky, soft and glossy. It does this because it stimulates the hair follicles, destroys the germ matter, and brings about a free, healthy circulation of blood, which nourishes the hair roots, causing them to tighten and grow new hair. We want everybody who has any trouble with hair or scalp to know that we think that Rexall "93" Hair Tonic is the best hair tonic and restorative in existence, and no one should scoff at or doubt this statement until they have put our claims to a fair test, with the understanding that they pay us nothing for the remedy if it does not give full and complete satisfaction in every particular. Two sizes, 50 cents and \$1.00. Remember, you can obtain Rexall Remedies in Oxford only at our store—The Rexall Store. J. G. Hall's.

Attention, Schools.

Wherever there is one or more cases of small pox in any school districts all school children in the district are required by law to be vaccinated. Every teacher is required to see that each scholar presents a certificate from a registered physician, that the scholar has been successfully vaccinated within the last five years. Any person who violates this law will be guilty of a misdemeanor and will be punished by fine for each offense.

S. D. Booth, Supt. Health Granville County.

To Secure A Pair Of Good FITTING GLASSES

Does not cost much money, and but little of your time and gives lasting satisfaction. When in Durham call and have your eyes examined. Consultation Free.

We have the suits in all colors and styles all wool, guaranteed, at prices from \$10 to \$30. Every one of these are man tailored and such as cannot be surpassed anywhere. They fit, they wear well, and they are handsome. The LONG COATS are of black Chiffon Broad Cloth and Plush. The prices run up to \$30.

Shoes for Everybody,

papa, mamma, and the whole family. Our line embraces the celebrated Queen quality, and Selby make for ladies, and for children, the Lennox. These brands have been giving Granville County people satisfaction for ten years, and there are no better to be found. We have paid especial attention to footwear for a number of years, and we know exactly what we are offering. We can fit the most fastidious and at prices that will meet competition anywhere. Now more attention is paid to footwear. To be well dressed you must be well shod.

Dress and Waist Silks.

We also have these in all shades, both plain and fancy, suitable for a street or church dress, with all the trimmings to match. Woolen Goods. If we haven't just the thing you want in a tailored garment, we have the piece goods for you. We are exceedingly strong on black goods.

WE take great pleasure in announcing to our good friends, the Public, that our buyers have returned from the Northern Markets and that our stock has arrived filling our two big stores to overflowing. We have never been able to buy a better, prettier, cheaper line than we have secured this season, and we are in a position to give our patrons such bargains as they have never received before. All we ask is that they come and find out this for themselves.

Rugs, Druggets, Matings, Table Linens, etc.

These are here in an endless variety, and likewise an enormous stock of comforts and blankets, from a \$1 cotton blanket to a \$12.50 woolen. The store is loaded with these and the prices are just right for you. Our one aim is to give the very best goods for the least money. And as for Trunks, the second floor is literally covered. Big trunks, little trunks, and trunks galore. They are all good values and we guarantee that they will suit. Come and let us show you, we will be pleased to have you whether you buy or not.

It is simply impossible to give but a faint conception of what our new stock consists, but we want to call the ladies especial attention the greatest corset on earth, La Resista, and to our line of hand bags, neck wear, and hosiery. We are agents for the renowned Buster Brown's stockings for ladies and children, every pair of which is guaranteed. We have anything you want.

CALL AND LET US PROVE IT.

THE LONG COMPANY.
