PEOPLE AND THINGS

Welfare Work—
The welfare work of Granville is being most intelligently prosecuted by Mr. J. E. Jackson. Looking after the orphan children is a very important feature of the work.

Mutual Helpfulness—
The right and honest definition of business is mutual helpfulness. Unless you help the local paper you fail to help yourself or the community in which you live.

Exchange of Pulpits—
Rev. Frank Pool, of Wake Forest, will preach at the Oxford Baptist church next Sunday morning, and Dr. J. D. Harte will go to Wake Forest church.

Be Careful—
The losses from the burning of tobacco barns seem to promise to be quite as heavy as they are every season heretofore. Be more careful is the watchword.

Mr. Gentry Makes Good—
A letter from Mr. W. L. Gentry, who now holds an important position in Richmond, says: "Please send the Public Ledger as I cannot get along without it and am always anxious to see the news from down home. I like Richmond fine and am making good here."

Bright Jewels—
The Bright Jewels will have a lawn party on the lawn of the Methodist church Tuesday, July 29th, from 8 to 10 o'clock. The public is cordially invited.

The School Teachers—
School boards that are offering only \$50 or \$60 a month are finding that first-class teachers are not at all interested. Salaries from \$75 to \$100 must be paid or there is nothing doing in these parts.

The Daylight Saving Law—
Many Granville county farmers and quite a number of town folks are interested in the daylight saving law contest in Congress and would be glad to see the act repealed. In many sections of the country the old time is adhered to, farmers finding it far more satisfactory than the new.

Pests On Cabbage—
A remedy to use against worms destroying cabbage is given by County Farm Agent J. A. Goodwin, of Vance county. He says: "This trouble may be eliminated by using one part of lead to four parts of dry dust lime. Put on with tow sick sifter or a dust gun. The latter is the best means of applying the poison. This means is entirely safe and very effective in destroying these pests."

Great Preparations for Tobacco—
The Oxford warehousemen have made great preparations for handling this year's tobacco crop. The warehouse floor space has been increased more than one-third and other equipment for handling tobacco has been installed. The tobacco crop of Granville is generally good and the farmers know that they can get as good prices here as at any other market in the State. In a few more weeks Oxford will be an exceedingly busy place. It is busy now. There are no dull days here.

Important Notice—
Is there any valid reason why the police officers of Oxford should not enforce the dog law? Here it is: "No person shall allow his dog over six months old to run at large in the night-time unaccompanied by the owner or by some member of the owner's family, or some other person by the owner's permission. Any person intentionally, knowingly, and willfully violating this section shall be guilty of a misdemeanor, and upon conviction shall be fined not exceeding fifty dollars or imprisoned not exceeding thirty days, and shall also be liable in damages to any person injured or suffering loss to his property or chattels."

Wheat Spoiled By Rain—
Mr. C. D. Ray, who returned last week from a fifteen hundred mile auto trip with his family, via Lynchburg, Roanoke, Natural Bridge, Staunton, Harrisonburg, Philadelphia and other places en route to Atlantic City and return, says that the roads were badly washed in some places and that he saw many shocks of wheat in the Shenandoah Valley that were ruined by exposure to the rain to such an extent that the wheat had sprouted and the green sprigs covered the top of the sheaves. One remarkable incident was that Mr. Ray traveled fifteen hundred miles and had no auto tire troubles.

No Need to Hoard Sugar—
Declaring there is an abundance of raw sugar in the country, George A. Zabriskie, of the U. S. Sugar Equalization Board, announced yesterday that the war department has sold to the board 37,473,000 pounds of refined sugar. Zabriskie said the price of sugar should not exceed 11 cents a pound and that there is no need of hoarding.

—A great man is one who can get people to change their minds.

YOUR FRIENDS.
Four Big Bargains.
Be sure to read the Rose 5, 10 & 25-cent store advertisement on the fourth page of this paper and find out what the four big bargains are that they are offering.

Plenty of Turnip Seed.
The Hamilton Drug Co. announce on the fourth page of this paper that they have plenty of turnip seed, and also give a list of other seed they have on hand that should be planted at this time of the year.

Anticipated Our Wants.
Mr. Oscar Breedlove, buyer for Perkinson-Green Company, has returned from the northern markets. He said that he anticipated the wants of every man, woman and child in Granville and that he was happy to say that he was able to secure the goods excepting one or two lines which are not to be had at present.

Bargains in Furniture.
If you want to make your wife happy, take her to the furniture store of Hughes-Smaw and let her pick out just exactly the kind of a bed-room suit that she wants. They have a large stock of the best quartered oak, white enamel, mahogany and ivory that you can find anywhere. Their advertisement appears on the third page of this paper.

ATTRACTIONS AT THE ORPHEUM THIS WEEK
Every Night and Matinee Wednesday and Friday.
Tuesday—Ethel Clayton, in "Magie Pepper."
Wednesday—Marguerite Clark, in "Gretna Green."
Thursday—Vivian Martin, in "Little Comrade."

PROMINENT VISITOR AND PROSPECTOR TAKES A LOOK AT OXFORD

Col. John Davis Kerr, one of the most prominent citizens of Abbeville, S. C., and owner of the largest furniture stores, under one roof, in the South, was a visitor to Oxford last week. He was shown over the town by one of our prominent citizens. From information gathered it is understood that Col. Kerr is touring North Carolina and Virginia with a view of buying a farm of 1,000 acres or more and opening up a chain of furniture stores. If he does, it is likely he will locate here. We hope it is true. He will find Oxford a progressive town, and no doubt he can be satisfied on the land question. If he can be he will probably build one of the handsomest homes in the State. He will not solicit local people to take stock in his furniture stores as he is amply able to finance the enter-

prise, but Col. Kerr stated that he had an uncle that had a little money and he would probably be allowed to take a little stock.

Card of Thanks—
Mr. F. W. Daniel and children, of Moriah, take this means of thanking their friends and neighbors for their kind and helpful service rendered during the sickness and death of Mrs. Martha Daniel, wife and mother. May you be repaid for all the kind deeds shown.—Mr. F. W. Daniel and Children.

BIG BRITISH NAVAL GUN.
It No Doubt Sounded Like Thunder.
The British admiralty has revealed that one of the developments of the navy in the war was an 18-inch gun which fired a ton and a half shell, seven feet long, twenty miles with sufficient force to pierce a foot in the memorable attack on Zebruge with excellent effect.

APRON GINGHAMS.
