

OXFORD PUBLIC LEDGER

PUBLISHED SEMI-WEEKLY—TOWN AND COUNTY OFFER BRILLIANT OPPORTUNITIES—ALL HOME PRINT.

VOLUME XXXIV.

OXFORD, NORTH CAROLINA, TUESDAY, NOVEMBER 11, 1919

NUMBER 90

TWO DOLLARS A YEAR AFTER JANUARY FIRST.

FROM AND AFTER JANUARY 1, the subscription price of the Oxford Public Ledger will be two dollars a year. One dollar for six months. The advances in cost of printing materials, paper and postage make the increased price necessary. The cash in advance system will still continue and all subscriptions will be stopped promptly upon expiration of time paid for. All renewals until January 1 will be taken for one year at the old price.

NEWS IN SHORT FORM SINCE OUR LAST ISSUE

The Prince of Wales and his party arrived in the United States at Rouses Point Monday evening, November 10, and will reach Washington at 12 o'clock, noon Tuesday, November 11.

Extension of the Lever Food and Fuel Control law for six months after the proclamation of peace is necessary to protect the country from high prices. Attorney Palmer told the House Agriculture committee.

"The best place in the world for the negro is the farm," Governor T. W. Bickett told as many negroes as could crowd in hearing disintegration of the band stand at the State Fair Grounds where he delivered his address at the Negro State Fair.

Edward P. Morrow, governor-elect of Kentucky, ran on the Republican ticket on a platform of opposition to the League of Nations, and defeated Governor James D. Black, Democrat.

"The world lives in a fool's paradise, based upon fictitious wealth, rash promises and mad illusions," declared Paul M. Warburg, formerly vice governor of the Federal reserve board, in a statement issued from Europe.

Jack Dempsey, world's heavyweight champion, has signed an agreement to fight Jo. Beckett in New Orleans, La., March 17, 1920. Dempsey will receive \$125,000. The fight is to be scheduled over the 20-round route.

America has declared war on revolutionaries within its borders. Agents of the department of justice in a series of raids last Saturday, extending from coast to coast, seized 632 alleged revolutionaries in fifteen cities and districts. More arrests were expected hourly.

In making a climb Friday, just at sunset, an aviator, accompanied by Ralph D. Irwin, a popular young business man of Goldsboro, reached an altitude of 6,000 feet. While at this height Mr. Irwin says that he encountered a gale of between 80 and 100 miles velocity per hour and a north pole temperature.

Despite disturbed industrial great prosperity obtains generally over the country, according to reports for October received by the federal reserves board from its agents in the several districts. A strong demand for commodities, verging at times upon recklessness in buying was noted in practically all sections.

The State council, Federation of Women's Clubs, closed its session in Gastonia the past week. The following resolution was adopted: "Recognizing the need of a psychological clinic in the State, both as a preventative and corrective measure and realizing that a large number of our delinquents are defective, be it resolved that the council of the federation of clubs asks the State to provide a psychological clinic."

Southern states have 83 of the more than 300 vacancies that remain in the list of candidates for admission to West Point for the term beginning June, 1920, the war department announced. Members of the congress who have unused designations at their disposal have been requested to act at once, in order that the list may be completed in time to make preparations for the entrance examinations to be held February 17, 1920.

Curtailed of passenger train service, discontinuance of bunkering of foreign owned vessels at American ports, restrictions in some places of the use of public utilities and appeal for coal from various cities as the strike of approximately 425,000 bituminous coal miners rounded out its first week gave the nation further indications of the distress in store should there be a protracted suspension of mining operations.

To Daniel C. Roper, as Internal Revenue Commissioner, falls the big job of making the whole of the United States bone dry. As soon as Congress overrode the President's veto he sent out telegraphic instructions to his agents throughout the nation to enforce the war-time prohibition law. Mr. Roper is a native of Marlboro county, South Carolina, and is a graduate of Trinity College at Durham, N. C.

THE SUGAR SITUATION WILL BE NORMAL

New York, Nov. 9.—The sugar situation will probably be normal by the end of next week, according to Arthur T. Williams, federal food administrator. To achieve this result, however, he warned the people they must economize. Henry F. Costello, of the sugar equalization board, said 168,000,000 pounds are being unloaded from ships in New York and Philadelphia and that about 13,440,000 pounds will be released to consumers this week.

CANCELLING OF ORDER FOR COAL STRIKE DIRECTED BY FEDERAL COURT IN ORDER

Judge Anderson Rules That Strike Is Violation of the War Time Federal Food Act—Government Produced Evidence to Show That Operation of the Railroads Has Been Interfered With—President Wilson's Denunciation a Basis For Argument.

(Associated Press) Cancellation of the strike order which since midnight October 31, has kept 400,000 union bituminous miners out of work, was ordered by Judge A. B. Anderson, in the federal district court at Indianapolis Saturday.

Violation of the war-time federal food and fuel control act, as alleged by the attorney general's department, was affirmed by the court who said that the strike was not only illegal but that under the circumstances rebellious.

Unless the union leaders choose to defy the court they can move on towards ending the big walkout.

The court's order was so worded that failure to cancel the strike call or any affirmative word or action tending to "aid and abet" the continuance of the strike would make them violators of the injunction and in contempt of court.

The union leaders are under orders to draw up a cancellation of the strike order, submit it for Judge Anderson's approval by 10 a. m., Tuesday, and have notice of it on the way to all local and district unions in the afternoon.

MR. J. E. JACKSON IS STRICTLY ON THE JOB

Children Must Attend School, Says the County Welfare Superintendent.

No man has more patience than Mr. J. E. Jackson, superintendent of Welfare Work in Granville county. Some times he is put to his wits as how best to deal with parents who neglect their children and fail to send them to school. In all such cases he prefers to settle out of court and smother as far as possible all publicity, but there have been a few cases wherein it was necessary to read the riot act, so to speak.

A flagrant case of neglect engaged his attention last week. He had previously warned the parents to comply with the law, and failing to do so, called upon them the second time and told them it would be necessary to comply with the law to the fullest extent. On his return to the same home a few days later, Mr. Jackson learned from the children that their parents departed from the home and left them to the mercy of the world.

MR. F. F. LYON WILL MOVE HIS DRUG BUSINESS

To Make Room For the Union Bank and Trust Company.

Mr. F. F. Lyon, the popular druggist who has conducted business on the east side of College street, will move his business to the west side of the street at an early date to make room for the Union Bank & Trust Company.

Mr. Lyon has leased the store on College street now occupied by Fuller Bros., which is somewhat larger than his present store and which will enable him to enlarge his business and display his stock to better advantage.

The business houses on College street are glad that Mr. Lyon will remain on the square bounded on the south end by Hillsboro street, and on the north end by the Methodist and Episcopal churches. They do say that when Upchurch & Currier, C. D. Ray & Son, and the Union Bank get in full swing on that square the other business sections of the town will have to look well to their laurels.

MILLIONS FOR THE MASTER

Col. Ballou At Providence and Dr. White At Enon.

The Methodist brethren are helping their Baptist brethren raise 75 million dollars for the Master. Col. Ballou visited Beulah church at Providence Sunday, and he spoke so well the people down there said that by all means he should have been a Baptist preacher. By virtue of Col. Ballou's talk, Providence is going over the top.

Dr. E. T. White also charmed the congregation at Enon church last Sunday morning.

THE GRANVILLE COUNTY JAIL

The Inspector Gives It a High Rating.

Recently the state inspector of jails visited Oxford and inspected the Granville county jail very closely. When he got through with the job he said that it was far above the average from a sanitary standpoint.

The inspector's report was published in the News and Observer last week, from which we learn that our county jail stands third, just one point below Durham county's handsome new jail.

Deputy Conrad Walters, the jailor, is to be congratulated for making such a good showing.

TEXT OF THE RESERVATION PREAMBLE ADOPTED BY THE REPUBLICAN MAJORITY

The reservations and understandings adopted by the Senate are to be made a part and condition of the resolution of ratification which ratification is to take effect or bind the United States until the said reservations and understandings adopted by the Senate have been accepted by an exchange of notes as a part and condition of said resolution of ratification by at least three of the four principal allied and associated powers, to-wit: Great Britain, France, Italy, and Japan.

ONE YEAR AGO IN OXFORD.

The People Were Praying and the Bells Were Ringing.

Monday, November 11, 1918, was a memorable day in the history of the world—it marked the signing of the armistice and the liberation of Europe and the rest of the world from the fear of German domination and misrule.

On that glad day the bells of heaven sounded the glad tidings in our midst, and everybody prayed with one accord.

Time passes rapidly, and today there are people among us who are unmindful that there was a world war and that our brave sons were in the conflict.

The churches in our midst are closed as tight as a wedge today; the reverence for the soldier boy has faded away, and the prayers are badly mixed with "grab and gain" all over the universe.

Nov. 11th last year surpassed anything in the memory of man heretofore. Is it all dead? Has the recollection of that day been lost? Does it carry no more significance than the usual anniversary of any other holiday? We trust not.

In accordance with a law passed by the last legislature, Governor Bickett has issued a proclamation setting apart Tuesday, November 11, as a legal holiday. He suggests that the best way to celebrate the day is to make substantial contributions to every movement in the State to the honor of the men living and dead who wrought so well to save American institutions, and civilization and the world.

NINETY MILES AN HOUR ON ONE GALLON OF GAS

A Patent That Threatens to Revolutionize the Automobile Industry

Clyde B. White, youthful inventor of Rome, N. Y., whose device known as the electric spark vaporizer, not only eliminates spark plugs but also the carburetor in automobile gas engines. White is a mechanic in the employ of the Rome Brass works. He recently sold his patent rights to a Buffalo concern, receiving \$35,000 in cash, \$20,000 in stock in another industry controlled by the Buffalo concern, and a royalty said to be \$500 a month. His invention is looked upon as a possible revolutionizer of the automobile industry. In a test with a six-cylinder standard engine 63 miles were obtained from one gallon of gasoline. With a four-cylinder engine 90 miles was the total.

VICTORY FOR LAW AND ORDER

President Wilson Congratulates Republican Governor of Massachusetts.

The re-election of Governor Calvin Coolidge, of Massachusetts, Republican, on Tuesday, in one of the greatest landslides in the history of the state, is of no small national importance.

President Wilson took the unusual step, in a telegram to Governor Coolidge, of congratulating a governor of the opposite party on his re-election. The President's telegram reads:

"I congratulate you upon your election as a victory for law and order. When that is the issue all Americans stand together."

In reply Governor Coolidge said: "I deeply appreciate your telegram of congratulation. I trust the election will aid in the upholding of the laws of America in particular, and strengthen the hand of righteous authority everywhere."

The fact that Governor Coolidge was leader in this victory for law and order in Massachusetts unquestionably makes him a national figure, for the reason that there is every evidence that the question of law and order will be one of the issues of the next Presidential campaign.

ONE OF THE BEST SIGNS OF THE TIMES

Many of the Churches Are Increasing the Pastor's Salary.

The Public Ledger learns that nearly all of the churches in Granville county have increased their pastor's salary during the past year. A farmer, speaking of one of the servants of the Lord whose name we are not permitted to mention at present, says that he was getting only about \$1,200 a year now receives \$2,100.

When the town and country churches pay their pastors a living wage, the community is regarded by the outside world as being progressive.

EVERY SUNDAY IS A DAY OF JOY AT THE OXFORD METHODIST CHURCH

The Large Congregation Is Growing In Spirituality.

The Oxford Methodists look forward to the coming of Sunday with as keen interest as does a child anticipate the advent of Christmas. There is a reason for the spiritual awakening—namely, the pastor loves his people and the people love their pastor, and there is always something doing in the way of a love feast.

Recently Dr. Craven tied paper sacks on the hands of the members and told them to wear the sacks out shaking hands with each other until they wore them out, and it so happens that a stranger never enters or leaves the church without the laying on of hands.

Last Sunday was a fair example of the church's activities. Four ladies from the Radcliff Lyceum Bureau, who filled an engagement in Oxford Saturday evening, were present and charmed the large congregation with sacred songs. Dr. Craven, who has a splendid delivery and punctuates his remarks so that a child can understand, was at his best, and the skillful touch of Mrs. Street at the organ, also added a charm to the service.

During the Sunday school hour, Miss Lola Long, of Greensboro, who is the guest of her friend, Miss Hettie Lyon, assembled the Baraca-Philathea classes and addressed them at some length on timely topics.

At the evening hour, the service incident to lowering the flag, was inspiring. Major Thad G. Stem was the speaker of the evening. He reminded the young men who were present that the stars on the banner represented them while they were away; that the prayers of the church were with them, and now that the stars are placed in the archives of the church they should be present in person at the services of the church.

Dr. Craven saw his old friend Major Gattis, of Hillsboro, in the audience and called upon him for a few remarks. Learned in law, the District Solicitor charmed the audience.

NINTE DISTRICT TO VOTE ON DECEMBER 16 ON WEBB'S SUCCESSOR

Marvin Ritch, Labor Organizer, Will Seek Judge Webb's Seat.

Immediately upon the receipt Saturday of Congressman Webb's resignation, who was recently appointed Federal Judge in the Western District of North Carolina, Governor Thomas W. Bickett, issued a call for an election to be held in that district on Tuesday, December 16, to elect Mr. Webb's successor in Congress.

Without expressing any preference, the prevailing opinion seems to be that Clyde Money, brother-in-law to Lieutenant Governor, O. Max Gardner, has the better chance for the place.

The Morrison crowd insists that the election of the Shelby man, who probably has the lead at the present time, will hurt the chances of O. Max Gardner in the primary, because of the general feeling that Shelby is pretty well represented in state and national officialdom, and that the Gardner family is likewise well enough represented without giving the governorship to Mr. Gardner.

Martin Ritch, prominent in the organization of labor unions among textile operatives in the two Carolinas, and who is now under bond for appearance in the superior court on the charge of inciting to riot in connection with disturbances at Albemarle, has announced that he is a candidate for Congress to succeed E. Yates Webb.

Gardner adherents believe the congressional election will in no way impair the chance of their man in the democratic primary. If the people of the ninth district want another Shelby man for congress that is their affair, and of no state-wide significance. Page is watching the contest, with calm serenity.

ALL DOUGHBOYS TO BE HOME CHRISTMAS

Paris, Nov. 9.—The last American doughboy in France will be home for Christmas, General Connor announced today. He said all activities of the American army in France will cease December 1. The American base at Brest will be continued until December 15, when the last American soldier is scheduled to be homeward bound.

OXFORD COLLEGE NOTES

Pageant.

In the interest of the seventy-five million dollar campaign the pupils of Oxford College will give the "Victory Pageant" next Sunday afternoon at 3 o'clock at Island creek church and at Bullock at 7:30 o'clock. The Pageant will be directed by Mrs. Woodall, assisted by Mrs. Jones and Rev. Geo. T. Tunstall.

Recital.

Next Friday evening at the College a recital will be given by Miss Fannie Brenser, director of piano, and Mrs. Anne M. Woodall, director of expression. By special request Mrs. Woodall will give the drama Herod, by Stephen Phillips. The public is cordially invited.

WILL NAME GERMANS ACCUSED OF THE WAR AND FIX THE TRIAL

Paris, Nov. 9.—The Supreme Council has decided to appoint a commission to draft final lists of individuals charged with violations of the laws and whom Germany must surrender for trial. The commission will compare the lists furnished by the various Allies, formulate a method of procedure for the trials and designate the places where the various tribunals will sit.

BLOODHOUNDS TRACK COLORED BOY TO THE BED IN WHICH HE WAS SLEEPING

Some One Entered Henry Hand's Store and the Blood Hounds Tracked Ward Gregory To His Den.

Sunday night some one robbed Henry Hand's store and residence near the corner of Sycamore and Granville streets. Blood hounds brought from Raleigh were put upon the track of the robber.

After winding around the streets in the vicinity of the store, the dogs passed through a house and on to the house in which Ward Gregory, the son of Peter Gregory, colored, was sleeping, and strange to relate, the dogs crawled into the bed with him.

While the officers believe that bloodhounds never tell a lie, they made no arrest. They are inclined to believe that two persons committed the robbery and they are awaiting further developments.

HOG MARKET QUOTATIONS

Reports From Baltimore, Richmond and Wilmington.

The following hog market quotations are given as reported unofficially to the North Carolina Division of Markets. The Richmond and Baltimore quotations were furnished by live stock commission merchants at these markets. The Wilmington quotations were given by one of the packing plants at that place.

Richmond, Va.

Market about 1 3-4c lower than week ago, but some higher than latter part of week. Heavies and mediums, 150 to 225 lbs., \$12.25 cwt. Lights 125 to 140 lbs., \$12.50 to \$12.75 cwt. Shoats, 100 to 125 lbs., \$12.00 to \$12.50 cwt. Soft hogs, 2 to 3c less than above prices.

Baltimore, Md.

Market 1c lower than week ago but higher than latter part last week. Heavies and mediums 160 to 275 lbs., \$13.60 cwt. Lights, 130 to 150 lbs., \$13.00 cwt. Pigs, 80 to 115 lbs., \$11.00 to \$12.75 cwt. Roughs, \$11.00; Stags, \$9.50. Soft and oily hogs, \$11.75.

Wilmington, N. C.

Best hogs, 165 to 300 lbs., \$12.00 to \$14.00 cwt. Best hogs, 135 to 165 lbs., \$11 to \$13 cwt. Best hogs, 110 to 135 lbs., \$10 to \$11 cwt. Rough hogs, sows, stags, etc., 1c less than above quotations. Soft hogs 1c pound less than above quotations.

There are now two packing plants operating at Wilmington, N. C., viz., the Carolina Packing Company and the Cape Fear Packing Company. Within the next few weeks another packing plant will start operations at Richmond, making two at that point. All four plants will slaughter all classes of live stock.

PERSON'S NEW COURT HOUSE

What Has Become Of Our Court House Committee.

One month ago the county board of commissioners appointed a committee to investigate and devise some plan for the enlargement of the Granville court house. It is interesting to note that while the committee is pondering the question, Person county has decided to erect a modern court house. The Roxboro Courier says:

"For something like two years the Board of County Commissioners have been considering the question of building a county court house in keeping with this good county, and on yesterday plans were submitted by the architect, Mr. Harry Borton of Greensboro, and adopted. The building will cost approximately \$150,000, and will be modern in every respect, in fact the building will compare most favorably with the best. The Commissioners wisely decided to locate the new building on Main street, but consider it farther back than the present building, and it will contain rooms every one connected with county affairs, with a court room seating about 400, and the jail on the top floor—after the order of the court house in Durham. If our present Board, consisting of Messrs. H. J. Whitt, chairman, R. D. Bailey and Daniel Long do nothing else they will have built for themselves a monument which the good people of this county will always approve. They have shown a progressive spirit which is in keeping with the march of progress noted all over this county."

Valuable Public Servant.

Hon. W. A. Devin closed a two weeks' term of court at Wilson and reached home Saturday evening; delivered an address at Grassy Creek Sunday in the interest of "Millions for the Master," and left for Tarboro Sunday afternoon, where he is holding court this week.

EVERYBODY REMEMBERS THE THREE LANGHORN SISTERS

Born In Virginia, One of Them Is Running For Parliament.

It was our luck several years ago while walking along Franklin St., Richmond, to see a very handsome young lady strolling along with a couple of young men. She was so very pretty we asked our companion, a newspaper man, who she was.

"That's one of the three famous Langhorn sisters," replied the newspaper man.

That was the first and the last time we saw the Virginia beauty, but we are willing to admit that she still haunts our dreams. Some years after she "crossed our path," she married Jack Astor, of New York, who denounced America and moved to England and was created a lord, and died a few weeks ago.

The city of Plymouth, England, and the country generally is greatly interested and amused by the campaign for election to Parliament on the Lloyd-George ticket, now being waged by Lady Astor. She is a great favorite in the town of Plymouth owing to her many benefactions and her welfare work during her ten years' residence there, and is going about making street speeches and asking people for votes for her whenever she meets them. The other day she met her opponent, the liberal candidate, Isaac Foot, and stopped him to say: "You are far too progressive a man to be identified with the Ancient Mariner Asquith party. You are a good man, but you are going in the wrong direction." We never thought that our Virginia beauty would ever say a thing like that!

When a heckler cried out: "Cinema come from your country" Lady Astor promptly replied, "But not from where I was born—Virginia." When another heckler mentioned her possession of many millions Lady Astor said: "I have probably far more money than I ought to have but I'll say this: If some of my Socialist opponents had what I have they would not be here asking for your votes."

NORTH CAROLINA BOYS IN THE STATE HALL OF HISTORY

The War Department has sent silver bands for the flagstaffs of the 321st regiment of infantry, United States Army. The great majority of the personnel of this regiment, which was in the 81st or "Wild Cat" Division in the A. E. F., was from North Carolina and the flags are in the State Hall of History at Raleigh.

Upon the heavy bands are engraved the names of the battles in which this regiment participated. Attached to the regimental flags are the recreation ribbons which were placed upon it by the bands of Gen. Pershing at Chatillon-sur-Seine, France, at the same time the flag of the 322nd Regiment was being decorated. These were the only two North Carolina regiments whose flags were personally decorated by General Pershing, the ribbons having been placed on the others by Gen. Sampson L. Faison of the 30th Division.

Silver bands for all the other organizations being the 105th Engineers, 113th Field Artillery, 115th Machine Gun Battalion, 119th Regiment, 120th Regiment, 316th Field Artillery, and 317th Field Artillery. Of the regiments four were in the 30th or "Old Hickory" Division and four in the 81st or "Wild Cat" Division, the machine gun battalion being in the Thirtieth Division and largely composed of the old First Regiment, North Carolina National Guard.

GRANVILLE SUPERIOR COURT CONVENED MONDAY MORNING

Hon. W. P. Stacy, of Wilmington, Presiding.

The two weeks November term of Granville Superior court convened Monday morning, Hon. W. P. Stacy presiding, with Hon. S. M. Gattis, the able solicitor, present to prosecute criminals.

This is Judge Stacy's second visit to the bench in Granville. Broad, quick and impartial, he made many friends here on his previous visit.

The docket is quite lengthy and it would seem that it will be impossible to exhaust it in two weeks.

EAT FRUIT, LIVE TO BE 105

Great Physician Says Salad Diet Will Even Restore Youth

Dr. Josiah Oldfield, known internationally as a physician and a writer, has published a prescription for keeping old age at bay.

According to him it is not a question of an operation, but a daily diet, which includes dandelion leaves, fowl's eggs, grapes, lettuce, cow's milk, watercress, honey and salad (uncooked).

"Old age," he says, "is largely caused by deposit in the blood vessels and cells of the body of waste matter. So by adopting a part fruitarian diet a man, however, old, may become young again because every cell in the body will be replaced by new young cells."

Doctor Oldfield considers that a normal person rightly fed should live from 90 to 105 years.

You will save this week by visiting Cohn & Son's Bargain center. See the announcement of Cohn & Son on the last page of this paper.
