Asbestos—There's the Reason

Johns-Manville Asbestos Roofings are made of asbestos fibre and natural asphalt—Nature's own, resistant to fire, weather and time. That's the secret of this fire-safe, water and weather-proof roof that lasts so long with so little maintenance expense.

We carry this first-cost-last-cost roofing "Ready-to-lay" in easily handled rolls. With it we furnish the Johns-Manville Roofing Clamps that make roofing joints absolutely tight. Simply nail the clamps down securely along the cemented edge—and the roof is wind and waterproof.

Johns-Manville Roofings

We also carry Johns-Manville "rubber-type"—if that's the kind of roofing you want—Regal Roofing, the best of its kind, and Service Roofing, next to Regal, the most satisfactory of the "rubber-type" roofings.

All Johns-Manville building materials in our stock are backed by Johns-Manville Responsibility. We guarantee them because we know you will get satisfactory service. Call, telephone, write—we have the answer to your roofing problem.

For the fall crop—Sow seed of Henderson's succession, Indian summer, flat Dutch, drumhead, or savoy in seed beds June 1 to 15 for plants to put into garden August 1 to 10 for heads in October.

OAK HILL NEWS

People in this section are abuzz through burning plant beds. Mrs. M. Hoyle is right sick. She has to be fed with a spoon. We hope she will soon recover. Mr. Thad Humphries is building a new room on the south side of his residence which improves the looks of the place very much. Though the weather is rough it does not stop Mr. B. M. O'Brian from hauling goods from Virginia for his cute little store west of here. Mr. I. R. Elks has just about completed his large stable. Mrs. Pat Humphries has been right sick but we are glad to say she is on the mend. There is not any cases of flu real close here, though our school has been closed two weeks on account of snailpox.

A NASTY COLD

EASED AT ONCE

"Pape's Cold Compound" Then Breaks Up a Cold in a Few Hours. Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery.
The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.
"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice contains no quinine—Insist upon Pape's!

—For the first time since West 123rd (New York) police station was opened eight years ago, a period of 24 hours passed this week without a single entry being made on the blotter. Ordinarily, the precinct is one of the busiest in New York and is the headquarters of an inspector and staff of detectives.

GET READY FOR "FLU"

Keep Your Liver Active, Your System Purified and Free From Colds by Taking Calotabs, the Nauseless Calomel Tablets, that are Delightful, Safe and Sure.

Physicians and Druggists are advising their friends to keep their systems purified and their organs in perfect working order as a protection against the return of influenza. They know that a clogged up system and a liver favor colds, influenza and serious complications.

To cut short a cold overnight and to prevent serious complications take one Calotab at bedtime with a swallow of water—that's all. No salts, no nausea, no griping, no sickening after effects. Next morning your cold has vanished, your liver is active, your system is purified and refreshed and you are feeling fine with a hearty appetite for breakfast. Eat what you please—no danger. Calotabs are sold only in original sealed packages, price thirty-five cents. Every druggist is authorized to refund your money if you are not perfectly delighted with Calotabs.—(Adv.)

—The use of the governments surplus smoke making material left over from the war is signalling to Mars was suggested by James Crenshaw, associate professor in chemistry at Bryn Mawr College. Smoke screens hundreds of miles wide, he believes, would be seen. He advocated covering the area as big as the State of

Pennsylvania with white or black smoke.

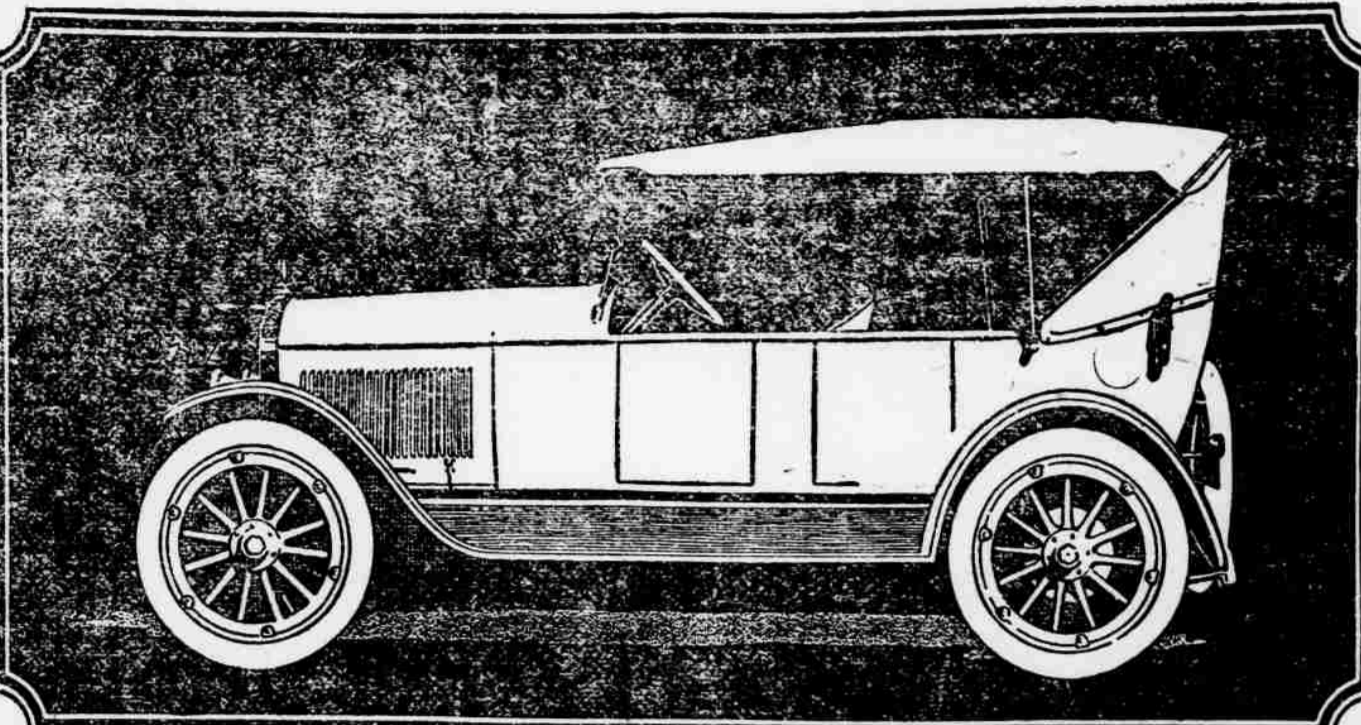

—Sam Brinson, 3rd district Congressman, is not willing for a joint debate to go after Charlie Abernethy, but has already given out a very hot statement directed at his opponent.

WHY DID WE SELECT THE CROW - ELKHART AND WHY DO WE OFFER IT TO YOU WITH CONFIDENCE?

We wanted, first of all Reliability, Power, Durability, Beauty and Riding comfort.

CROW-ELKHART Multi-Powered

THE CROW ELKHART.

car has all these and economy of running expense, giving 20 miles to gallon of gas. The car that gives satisfaction as evidenced by the following letter:

Mr. D. T. Perkins, Charlotte, N. C., Jan. 27, 1920.
Oxford, N. C. 205 N. Tryon St.

Dear Sir:—

I am now driving my third Crow-Elkhart and have found these cars well worth the money expended for same.

I bought my first car while living in Canada and, as you know, the roads in Canada are covered with snow and ice all winter, but the Crow went on just the same.

Before moving south I sold this car and bought a new machine in Atlanta, Ga., driving the last mentioned a year and then turning same in at a very good price on a new car.

I have driven my present car eight thousand miles and have not experienced one bit of trouble.

This car is very easy on gasoline, I can average twenty miles to the gallon. I certainly think the Crow-Elkhart the best buy for the money on the market.

Yours very truly, J. B. BURCHALL.

COME IN AND LET US SHOW YOU ONE OF THESE NEW CARS. PRICE FOR 4 CYLINDER CAR DELIVERED \$1425; 6 CYLINDER CAR DELIVERED \$1685. For Cash or on Easy Terms. Sold by

D. T. PERKINS, Oxford, N. C.

WILLARD
