

The Best Insurance Against Influenza

Prominent Educator Believes That Vapomentha
Is A Sure Preventive

Dr. R. M. Brame, discover of each nostril. Brame's Vapomentha Brame's Vapomentha Salve, has a Salve penetrates the pores of the letter from C. C. Wright, Superin- skin, relieving congestion, at the tent of the Wilkes County, N. C., same time healing vapors arise and are breathed through the mouth and Public Schools, in which he says: nose, loosening the phlegm and "We have used Brame's Vapomen- causing the patient to breath freely. the Salve for nearly all the ills for Its absolute reliability is evidenced which it is prescribed and have al- by dozens of unsolicited testimon- ways secured satisfactory results. ials. Brame's Vapomentha Salve If used in time it has never failed will relieve pneumonia, influenza, to break up colds, usually the fore- grippe, pleurisy, bronchitis, whoop- runner of Grippe, Influenza and ing cough, catarrh, asthma, tonsili- Pneumonia. I speak from tis, hay fever and inflammation of the personal observation. I believe if this preparation is used in time it will prevent the development of pneumonia in every instance, if used according to directions."

These strong statements are fully justified by the remarkable recov- eries that follow. Brame's Vapo- mentha Salve is applied freely over the chest and throat and inserted in

OBITUARY

IN MEMORY OF MRS.
TAZZIE MORGAN EVANS

On Monday morning, February 2 nd, 1920, the death angel came into the home of Lonnie T. Evans, Ox- ford, N. C. and claimed the sunshine of his home—that in the person of his devoted wife, Tazzie Morgan Evans. She was in her forty-seventh, year, and was the youngest child of the late John G. Morgan and Francis Cutts Morgan of Williamsboro, N. C.

Mrs. Evans had been married three times. Her first marriage was to James W. Perkinson, Dabney, N. C., her second to L. E. Blackwell, Mountain Creek Section, Granville County; and her third to Lonnie T. Evans, Oxford, N. C.

She had been in ill health for several years, but was taken with the dreadful disease, influenza, one week prior to her death, and owing to the condition of her heart never recovered. All that her devoted husband could do was done, but God had a vacant place in Heaven that was to be filled by this good woman and took her to live with Him and to be with her many loved ones free from trouble, woe and pain. We loved her but God loved her best. It was His will that he took her; not our's.

In early childhood she joined Island Creek Baptist Church and was baptized by the late Rev. J. A. Stradley. She loved her dear old Church; loved to mingle there with her many relatives and friends; and held her membership there at the time of her death. She was a kind and loving wife, a most devoted mother and one who lived for her children. Her gentle disposition, together with kind words, and a smiling face, which touched the hearts of all those who knew her, were her greatest characteristics.

Besides her husband, she is survived by two children, Mrs. James O' Neal and Edward T. Blackwell, both of Raleigh, N. C., two sisters, Mrs. B. T. Hicks, Bullock, N. C., Mrs. Emma C. Shotwell, Stovall, N. C. and one brother E. L. Morgan, Burlington, N. C. One brother, Robert Morgan, and one sister, Mrs. S. A. Green preceded her to her grave several years ago. She also leaves a host of sorrowing nieces and nephews.

On account of the influenza epidemic and such a down pour of rain, it was impossible for many of her relatives to attend the last rites of this dear woman. The funeral services were held from the home in Oxford and conducted by Dr. Harte and Rev. Geo. Tunstall of that city, after which she was laid to rest in the cemetery at Island Creek Church to await the resurrection morn.

ONE WHO LOVED HER.

REAL RURAL RYMES RARE—
HAVE YOU ANY HIDDEN AWAY

(From Extension News)
To get down to the vernacular—or up if you will—seems like a State that produced O. Henry ought to have an unknown James W. Riley tucked away somewhere among its mountains, plains, or valleys. Anyhow, here's a county agent who finds a little time—after answering a million phone calls, writing many letters, and looking after all the numerous things that help his neighborhood—to woo the gentle muse by the light of the midnight mazda. County Agent Proffitt sends us this verse from Putherfordton.

It's Mostly Up to You
When your farm's a-growin' poorer,
Or it looks that way to you,
Somehow seems there's a little profit

In 'most anything you do;
When you start out of a springtime,
To prepare your land for seed,
And the tools you have to work with
Are not just the kind you need;
And your soil, though thin and snail-
low,

You will sort o'eratch it through,
Such times, if you want things bet-
ter,
Friend, it's mostly up to you.

Taint hard farming with the showers
But it's during long dry spells,
When our crops are growing yellow,
That the death of blowing tells.
No, you won't have showers allus,
In the soil you're skimming
through;

Still, if you want things better,
Friend, it's mostly up to you.

—A pipe line to carry oil from the Kansas, Oklahoma and Northern Texas fields to Chicago, with a distributing center at St. Louis, will be constructed and in operation in the next 12 months. An organization of independent oil dealers will build the line at a cost of \$25,000,000.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.
